the Greeks thought about their gods they tell us just as much about the preoccupations the preconceptions and the assumptions of ancient Greek religion and culture In doing so it explores the deities who were prone to epiphany and the contexts in which they manifested themselves as well as the functions narratives and situational they served addressing the cultural specificity of divine morphology and mortal immortal interaction Divine Epiphany in Greek Literature and Culture re establishes epiphany as a crucial mode in Greek religious thought and practice underlines its centrality in Greek cultural production and foregrounds its impact on both the political and the societal organization of the ancient Greeks Plautus: Trinummus Seth A. Jeppesen, 2023-01-12 In this first introduction to Plautus Trinummus students and non specialists alike are guided through the themes context and enduring humor of this Roman comedy The play portrays the story of an elaborate game of keep away involving a hidden treasure a hot blooded spendthrift youth his pious sister her would be fiancée a con artist and the most unlikely of comic schemers a group of overly pious old men The conflict of the plot focuses on whether a pair of old men can help their absent friend Charmides by getting a dowry to his daughter without Charmides wastrel son Lesbonicus first spending the money on the usual comic debauchery The money is taken from a treasure hidden by Charmides when he left and a sycophant is hired to pretend to bring letters from Charmides along with the cash for the dowry Comic confusion ensues when Charmides returns from abroad just in time to intercept the con artist and overturn the scheming of his friends Long neglected Trinummus is one of many Plautine plays that is experiencing a resurgence This volume elucidates the humor of the play which is largely based on parody and clever inversions of typical characters and situations from Roman comedy This discussion is accompanied by an examination of the religious social and historical context of the play as well as its modern reception The genuine humor of Trinummus has something to say to modern readers as it showcases how parody can skewer those engaged in pompous moral posturing and presents readers with a playwright who astutely views issues of imperialism and moral justification through a comic lens **A Companion to Late Antique Literature** Scott McGill, Edward J. Griffiths, 2020-02-20 Astyanax is thrown from the walls of Troy Medea kills her children as an act of vengeance against her husband Aias reflects with sorrow on his son's inheritance yet kills himself and leaves Eurysakes vulnerable to his enemies The pathos created by threats to children is a notable feature of Greek tragedy but does not in itself explain the broad range of situations in which the ancient playwrights chose to employ such threats Rather than casting children in tragedy as simple figures of pathos this volume proposes a new paradigm to understand their roles emphasizing their dangerous potential as the future adults of myth Although they are largely silent passive figures on stage children exert a dramatic force that transcends their limited physical presence and are in fact theatrically complex creations who pose a danger to the major characters Their multiple projected lives create dramatic palimpsests which are paradoxically more significant than their immediate emotional effects children are never killed because of their immediate weakness but because of their potential strength This re-evaluation of the significance of child characters in Greek tragedy draws on a fresh examination of the evidence for child actors in fifth century Athens which concludes that the physical presence of children was a significant factor in their presentation However child roles can only be fully appreciated as theatrical phenomena utilizing the inherent ambiguities of drama as such case studies of particular plays and playwrights are underpinned by detailed analysis of staging considerations opening up new avenues for interpretation and challenging traditional models of children in tragedy **Pilgrimage and Economy in the Ancient Mediterranean** Anna Collar, Troels Myrup
