Calling the Spirits Lisa Morton, 2022-10-10 From Halloween expert Morton a level headed and entertaining history of our desire and attempts to hold conversations with the dead Calling the Spirits investigates the eerie history of our conversations with the dead from necromancy in Homer s Odyssey to the emergence of Spiritualism when Victorians were entranced by mediums and the seance was born Among our cast are the Fox sisters teenagers surrounded by spirit rappings Daniel Dunglas Home the greatest medium of all time Houdini and Sir Arthur Conan Doyle whose unlikely friendship was forged then riven by the afterlife and Helen Duncan the medium whose trial in 1944 for witchcraft proved more popular to the public than news about the war The book also considers Ouija boards modern psychics and paranormal investigations and is illustrated with engravings fine art from beyond and photographs Hugely entertaining it begs the question is anybody there

Oracles, Curses, and Risk Among the Ancient Greeks Esther Eidinow, 2007-10-05 How did ancient Greek men and women deal with the uncertainty and risk of everyday life What did they fear most and how did they manage their anxieties Esther Eidinow sets side by side two collections of material usually studied in isolation binding curse tablets from across the ancient world and the collection of published private questions from the oracle at Dodona in north west Greece Eidinow uses these texts to explore perceptions of risk and uncertainty in ancient society challenging previous explanations In these records we hear voices that are rarely if ever heard in literary texts and history books The questions and curses in these tablets comprise fervent sometimes ferocious appeals to the gods The stories they tell offer tantalizing glimpses of everyday life carrying the reader through the teeming ancient city both its physical setting and its social dynamics Among these tablets we find prostitutes and publicans doctors and soldiers netmakers and silver workers actors and seamstresses Anxious litigants ask the gods to silence their opponents Men inquire about the paternity of their children Women beg the gods to help them keep their men Business rivals try to corner the market Slaves plead to escape their masters This material takes us beyond the headlines of ancient history offering new insights into institutions activities and relationships Above all individually and together these texts help us to understand some of the ways in which ancient Greek men and women understood the world In turn the beliefs and activities of an ancient culture may shed light on modern attitudes to risk

Round Trip to Hades in the Eastern Mediterranean Tradition, 2018-08-13 Round Trip to Hades in the Eastern Mediterranean Tradition explores how the theme of visiting the Underworld and returning alive has been treated transmitted and transformed in the ancient Greek and Byzantine traditions The journey was usually a descent katabasis into a dark and dull place where forgetfulness and punishment reigned but since everyone was there it was also a place that offered opportunities to meet people and socialize Famous Classical round trips to Hades include those undertaken by Odysseus and Aeneas but this pagan topic also caught the interest of Christian writers The contributions of the present volume allow the reader to follow the passage from pagan to Christian representations of Hades a passage that may seem surprisingly effortless

Lightfoot, 2023 The corpus of astrological material ascribed to the Egyptian priest Manetho consists of six books of poetry This book serves as the companion to the one published by OUP in 2020 which was the first commentary in any language on the earliest three books of Manetho's poetry two three and six as they appear in the manuscript This volume supplies the remainder books four one and five Manetho was credited with a series of didactic poems which list outcomes for planetary set ups in a birth chart The books covered in this volume are not as easily dated as those in the first volume but the most recent is probably no later than the fourth century and they are still Egyptian As in the first volume their descriptions of the kinds of person who are born under happy and unhappy configurations of stars speak to the lived realities aspirations and fears of the astrologer's clientele Unlike in the first volume however the individual books treated here have different authors and there is more emphasis on profiling individual poets in terms of style metre and mannerisms As in the first volume there

is a Greek text with English translation and an apparatus with parallel material to enable comparison with related works But this volume pays more attention to the transmission of traditional material from one author to another and to the special approach required of an editor of material which being in practical use circulated in unstable and minutely varying textual forms *The Citizen* Andrew Brown, 2017-02-01 Across the globe citizens are flexing their muscles but they are also battling oppression and discrimination What can history tell us about the state's duty to its citizens As always a good deal This bold and timely new book brings political theorists and historians together to examine the role of and need for a critical global and active civil society The Oxford Handbook of Monsters in Classical Myth Debbie Felton, 2024-10-10 The Oxford Handbook of Monsters in Classical Myth presents forty chapters about the unique and terrifying creatures from myths of the long ago Near East and Mediterranean world featuring authoritative contributions by many of the top international experts on ancient monsters and the monstrous The first part provides original studies of individual monsters such as the Chimaera Cerberus the Hydra and the Minotaur and of monster groups such as dragons centaurs sirens and Cyclopes This section also explores their encounters with the major heroes of classical myth including Perseus Jason Heracles and Odysseus The second part examines monsters of ancient folklore and ethnography encompassing the restless dead blood drinking lamiae exotic hybrid animals the so called dog headed men and many other unexpected creatures and peoples The third part covers various interpretations of these creatures from multiple perspectives including psychoanalysis colonialism and disability studies with monster theory itself evident across the entire volume The final part discusses reception of these ancient monsters across time and space from the Middle Ages to the Renaissance to modern times from Persia to Scandinavia the Caribbean and Latin America and concludes with chapters considering the use and adaptation of ancient monsters in children's literature science fiction fantasy and modern scientific disciplines This Handbook is the first large scale inclusive guide to monsters in antiquity their places in literature and art across the millennia and their influence on later literature and thought **„Lieber mit Homer irren“? Scheinbar unmögliche Autopsien in den Totenbegegnungen frühkaiserzeitlicher Epik** Andreas Heil, 2022-03-21 This monograph examines the literary representation of encounters between the living and the dead in Homer and the Roman epic poets of the early imperial period The focus is on one particular situation a witness to the afterlife e g Odysseus or the Sibyl who narrates encounters with the dead that he or she cannot it would appear actually have seen This insufficiently studied and intriguing motif namely seemingly impossible eye witness testimony can already be traced in Homer and then with variations in Vergil the Culex poet Lucan Silius Italicus and Statius Die vorliegende Monographie untersucht die literarische Gestaltung von Begegnungen zwischen Lebenden und Toten bei Homer und den römischen Epikern der frühen Kaiserzeit Im Mittelpunkt steht dabei eine besondere Situation Ein Jenseitszeuge z B Odysseus oder die Sibylle berichtet von Begegnungen mit Toten die er oder sie scheinbar nicht gesehen haben kann Dieses unzureichend erforschte und faszinierende Motiv nämlich die scheinbar unmögliche Autopsie lässt sich bereits bei Homer und dann in

Penner, Caroline Vander Stichele, 2007 A collection of essays on early Christian Jewish and Greco Roman religious discourses in antiquity focusing on the construction of gender in relationship to broader cultural and religious themes argumentation and identity formation in the early centuries of the common era **Maidens, Magic and Martyrs in Early Christianity** Jan N. Bremmer, 2017-07-13 In this work Jan N Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock Contextualising the life and literature of the early Christians in their Greco Roman environment he focusses on four areas A first section looks at more general aspects of early Christianity the name of the Christians their religious and social capital prophecy and the place of widows and upper class women in the Christian movement Second the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel Third an investigation into the theme of the tours of hell suggests a new chronological order shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage The fourth and final section concentrates on the most famous and intriguing report of an ancient martyrdom the Passion of Perpetua It pays special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived both Christian and pagan It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities Publisher s description **Baptism on Account of the Dead (1 Cor 15:29)** Michael F. Magical Practice in the Latin West Francisco Marco Simón, Richard Gordon, 2009-12-14 How different was the practice of magic in the Latin West from that of the eastern Mediterranean basin Was it just derivative from Greek practice or did it have its own originality The recent discovery of important new curse tablets in Mainz and in the Fountain of Anna Perenna at Rome has made the question newly topical This volume contains the first commented editions in English of most of these new texts as well as major surveys of new prayers for justice Other sections are devoted to the discourse of magic in the West to the linguistics and aims of cursing and to the major field of protective and eudaemonic magic up to and including the Visigothic slates and the Celtic loricae The essays are by well known scholars in the field as well as by established and younger Spanish scholars

The Empty Tomb Robert M. Price, 2009-09-25 Did Jesus rise from the dead Although 19th and early 20th century biblical scholarship dismissed the resurrection narratives as late legendary accounts Christian apologists in the late 20th century revived historical apologetics for the resurrection of Jesus with increasingly sophisticated arguments A few critics have directly addressed some of the new arguments but their response has been largely muted The Empty Tomb scrutinizes the claims of leading Christian apologists and critiques their view of the resurrection as the best historical explanation The contributors include New Testament scholars philosophers historians and leading nontheists They focus on the key questions relevant to assessing the historicity of the resurrection What did the authors of the New Testament mean when they said Jesus rose from the dead What historical evidence is needed to establish the resurrection If there is a God why would He resurrect Jesus Was there an empty tomb What should we make of the appearance stories Apart from historical evidence is belief in the resurrection justified The Empty Tomb provides a sober objective response to arguments offered in defense of Christianity s central claim
