Green Ridge Images Of America:

Maryland's Forests and Parks Robert F. Bailey, 2006 For 100 years the Maryland State Forests and Parks Services have maintained and provided public access to Maryland's most beautiful and historic places. These include Assateague, Elk Neck, the first completed Washington Monument, Fort Frederick, Green Ridge, and Swallow Falls. Maryland's Forests and Parks: A Century of Progress captures the development of the state's forests and parks from their inception in 1906 to the present day. Take a journey with first state forester Fred W. Besley, witness his pioneering efforts to protect Maryland's forests, promote outdoor recreation, and establish the state's earliest public lands along the Patapsco River and throughout Western Maryland. Experience subsequent endeavors of the Civilian Conservation Corps and the Department of Forests and Parks to build on Besley's examples to create one of the finest state park and forest systems in the nation. Finally, explore the efforts of the Maryland Department of Natural Resources to fulfill the mission envisioned by Besley a century ago to protect, enhance, and restore Maryland's natural resources for the wise use and enjoyment of all citizens. Green Ridge Margo L.

Azzarelli, 2012 The honorable George Sanderson founded and developed Green Ridge, appropriately named for a green forested ridge in the middle of the Lackawanna Valley. The small village was incorporated into Scranton in 1866 and became home to many of the city's prominent doctors, lawyers, entrepreneurs, and politicians such as Edward Baker Sturges, the organizer of the first electric street railway, and US vice president Joseph Biden. Many large and beautiful mansions were built in Green Ridge, and some remain today as reminders of times gone by. Once only forest and farmland, Green Ridge has grown into one of the finest residential sections of Scranton. **A History of Green Ridge State Forest** Champ

Zumbrun, 2010-05-31 Join former forest manager Champ Zumbrun as he traverses hidden trails to tell the remarkable story of Green Ridge State Forest. Green Ridge State Forest is a haven of calm and natural beauty among the Appalachians of western Maryland. This land was once the frontier of the nation, and trailblazers such as Thomas Cresap and George Washington were among the first Europeans to discover its wonders: the swift Potomac, the flowering dogwood, and pine in the mountain reaches, and the nighttime calls of the bobcat and the barred owl. The vision and stewardship of people like forester Fred W. Besley preserved the forest for future generations of hikers, explorers, and families. Join former forest manager Champ Zumbrun as he traverses hidden trails to tell the remarkable story of Green Ridge State Forest.

Deschutes National Forest Les Joslin, 2017 From the crest of the High Cascades eastward to the High Desert, the Deschutes National Forest is one of America's great national treasures. Timber, water, and forage were plentiful in Central Oregon and provided the building blocks for the region. Today, the national forest's scenery and year-round outdoor recreational resources play major roles in sustaining a vibrant and diverse modern economy and a unique way of life. Since 1905, these resources have been administered by the US Forest Service, fulfilling its mission to pursue the greatest good of the greatest number in the long run, as decreed by forester Gifford Pinchot when he led the fledgling agency. **Downstate**
