Gregory Great Reflections Cistercian Studies:

The "Lost" Dialogue of Gregory the Great Carmel Posa, 2024-07-15 Imagine the enduring legacy and ancient hagiographical method used to recover the missing life and voice of St Scholastica of Nursia In The Lost Dialogue of Gregory the Great Carmel Posa SGS applies a disciplined imagination and the ancient hagiographical method to recover the missing life and voice of St Scholastica of Nursia Drawing on a wide range of scholarship including Gregory the Great's four famous dialogues biblical models and the Rule of Benedict Posa follows a technique similarly used by Saint Gregory himself to create an engaging and credible account of Scholastica's life In The Lost Dialogue of Gregory the Great Posa's use of the hagiographical method as a disciplined imagination serves as a tool for the repositioning of women's lives in history By presenting a lost life of Scholastica into the hagiographic record of Christianity she gifts the Church for today with the story of a beloved saint that will not only inspire readers but encourage them to ponder more searchingly the sources of the wisdom contained in Benedict's remarkable Rule Carmel's careful methodology also offers readers an image of Scholastica that has a spiritual standing apart from her famous and holy brother She retrieves the enduring legacy of Scholastica from the margins and places her into the center of monastic history in particular and church history in general Oblates

Benedictines and those interested in monastic spirituality will also be challenged to reconsider those women whose voices have been erased devalued or ignored over the centuries and inspired to listen carefully to the whispered words and wisdom of women as we mark our journey together into a future full of hope with Christ and his Gospel for our guide **Writings**

on the Apocalypse ,2022-04-15 The Apocalypse or Book of Revelation is one of the most frequently discussed books of the biblical canon and arguably one of the most difficult to interpret This volume contains three texts as examples of late ancient Christian interpretation of its intriguing visions It also includes a comprehensive introduction to each text by its respective translator Brief Explanations of the Apocalypse by Cassiodorus c 580 translated by Francis X Gumerlock from Latin and published in English for the first time in this volume served as an introduction to the Book of Revelation for Cassiodorus's students at the Vivarium a monastery in southern Italy Cassiodorus divided the Apocalypse into 33 sections corresponding to the age of Jesus at his Passion and expressed his belief that John's visions were revelations of the end of the world including the Second Coming of Christ for judgment the defeat of the Antichrist the general resurrection and the arrival of the heavenly Kingdom Testimonies of Gregory the Great on the Apocalypse translated from Latin by Mark DelCogliano and also published here for the first time in English is a collection of 55 excerpts on the Apocalypse from the writings of St Gregory the Great d 604 compiled by an anonymous author Drawn mainly from Gregory's Moralia but also from his Book on Pastoral Care and homilies the excerpts which are arranged from Revelation 1:4 to 22:17 illustrate Gregory's grammatical exegesis of the Apocalypse his interpretation of various figures in the Apocalypse and his attempt to reconcile certain passages in the Apocalypse with seemingly contradictory texts from other parts of Scripture The anonymous Greek Scholia on the Apocalypse

contains 39 exegetical notes on chapters 1-14 of the Apocalypse which reveal influences of Origen and Didymus the Blind among others. The notes provide spiritual interpretations of the various passages and give attention to the interpretation of certain words that appear in the Book of Revelation. This new translation from the Greek by T. C. Schmidt utilizes all the Greek editions. Furthermore, its introductory matter contains updates on the Scholia from the latest scholarship and compares each scholion with interpretations found in various patristic authors, mainly of Alexandrian heritage. **The Unity of the**

Proslogion John Bayer, 2021-09-20. Interpretations of Anselm's Proslogion range between the extremes of rationalism and fideism because of the challenge of unifying its philosophical and devotional aspects. In this book, Bayer argues that a monastic interpretation or an interpretation that takes seriously the intellectual significance of our existential commitments offers a powerful compromise. Through an extensive study of Anselm's spirituality, especially as it is manifested in his letters and homiletic works, coupled with a profound study of Anselm's philosophy of language in the *De grammatico* and *Monologion*, Bayer aims to reveal the Anselmian unity of life and thought and thereby also the harmony between faith and reason. In this way, he defends the Proslogion as a unified and probative argument. **Gregory the Great** Pope Gregory I, 2014.

The North Transept of Reims Cathedral Jennifer M. Feltman, 2016-07-15. This interdisciplinary volume in the AVISTA series is the first book to focus solely on the north transept of Reims Cathedral, the portion of the gothic building that served as the canons' primary entrance to the cathedral from their adjoining cloister in the thirteenth century. Despite the importance of its sculpture and stained glass, as well as its ritual use by the canons, the north transept remains one of the least understood portions of the cathedral in part because its sequence of construction is so complex, even improvised. Until recently, important archaeological evidence of the transept's substructures was unavailable. This is, however, no longer the case. The current volume presents this new subterranean evidence alongside careful studies of the stones above ground, analysis of the geometry used in the transept's design, iconographic and stylistic studies of its sculpture and glass, and extant medieval documents which record events bearing upon its construction. Essays by international specialists of the cathedral's archaeology, architecture, sculpture, and stained glass address issues of the north transept's evolving design and visual programs, thereby significantly clarifying and revising the building's chronology. Essays also consider the meaning of its visual programs in light of architectural adaptation and contemporary socio-historical events, whether royal coronations or the infamous revolts of the local burghers. In addition to presenting a readily accessible state of the research on the north transept, the volume also provides a model for interdisciplinary and international collaboration in the study of medieval buildings. *Cistercian Studies* Cistercians, 1975.

The Shadow of Christ in the Book of Job C. J. Williams, 2017-03-10. suffering leading to glory was meant to portray the work of Christ and provide assurance and comfort to all who bear affliction in faith

Meditation as Spiritual Therapy Matthew McWhorter, Matthew R. McWhorter, 2024 Christian persons today might seek

spiritual development and ponder the benefit of mindfulness exercises but also maintain concerns if they perceive such exercises to originate from other religious traditions Such persons may not be aware of a long tradition of meditation practice in Christianity that promotes personal growth This spiritual tradition receives a careful formulation by Christian monastic authors in the twelfth century One such teaching on meditation is found in the treatise *De consideratione* written by St Bernard of Clairvaux d 1153 to Pope Eugene III d 1153 In textual passages where St Bernard exhibits a clear concern for the mental health of the Pope due to numerous ongoing ecclesial political and military problems St Bernard reminds Eugene III of his original monastic vocation and the meditation exercises associated with that vocation The advice that St Bernard gives to Eugene III can be received today in a way that provides a structure for Christian meditation practice which is relevant for personal development spiritual direction and civil psychotherapy that integrates a client's spirituality into the course of treatment St Bernard thus might be interpreted as a teacher of a kind of Christian mindfulness that can benefit both a person's mental health as well as a person's relationship with God Meditation as Spiritual Therapy examines the historical context of Bernard's work his purpose for writing it as well as the numerous Christian sources he drew upon to formulate his teaching Bernard's teaching on the course of meditation itself is explored in depth and in dialogue with his other treatises letters and sermons Lastly a contemporary summary of Bernard's teaching is provided with reflections concerning the relationship of this teaching to contemporary spiritual direction and spiritually integrated civil psychotherapy
