Matt Edge,2015-07-24 In this work Matt Edge offers an innovative approach to political philosophy He invites the reader to consider the question of political justice from an empathic perspective if you were asked to construct a theory of justice acceptable to members of a community you were not yourself a part of how would you succeed in making your proposal acceptable What tools would you rely on to construct such a theory and why Equally what would make anyone qualified to write such a theory Using empathy this remarkable natural tool human beings possess for making moral and ethical decisions and thereby placing yourself as someone on the receiving end of the very theory of justice you yourself are constructing what would you come up with What set of alterable human structures and systems would you deem acceptable were you to find yourself in the position of a citizen living under such structures Political Philosophy Empathy and Political Justice offers a unique and compelling account of the type of free system required to pass an empathic examination at the heart of these and related questions matters which define all human eras in the constant search for political and social justice on our diverse planet *One Breath* Emma Farrell,2006 *El cuerpo perfecto en 4 horas / The 4-Hour Body*
