Grandmotherhood Revisited:

Grandmotherhood Sandra Gales Shapard, 2014-10-28 The original *Grandmotherhood* 2008 warmed your heart and tickled your funny bone This continuation *Grandmotherhood Revisited* will make you tear up and laugh out loud at the same time The author's poetic eye cuts through the veneer of stratification and exposes both unique and universal observations *Grandmotherhood Revisited* celebrates all of the author's grandchildren especially the youngest three who were not born when the original *Grandmotherhood* was written This newest book is a must read and an ideal gift for every grandparent and parent you know

Grandmotherhood Eckart Voland, Athanasios Chasiotis, Wulf Schiefenhövel, 2005 Darwinian theory holds that a successful life is measured in terms of reproduction Bringing together work in anthropology psychology ethnography and the social sciences this study explores the evolutionary purpose and possibilities of female post generative life

Bernard Malamud Revisited Edward A. Abramson, 1993 Despite the fact that Bernard Malamud 1914 1986 wrote about selflessness and love as they applied to all human beings he has long been referred to first and foremost as a Jewish American writer a term he disliked Malamud's most significant works including *The Assistant* 1957 *The Magic Barrel* 1958 *The Fixer* 1966 and *The Tenants* 1971 dealt with aspects of Jewish experience in both the Old World and the New He felt however that his characters should be understood not for their Jewishness but rather as symbolic of the human condition as sufferers Furthermore such well known novels as *The Natural* 1952 and *A New Life* 1961 are about men who either are not Jewish or do not practice their Judaism *Bernard Malamud Revisited* is the first comprehensive study of the author and all of his works including the posthumous 1989 publication of *The People and Uncollected Stories* Edward A. Abramson follows the development of Malamud's themes and techniques through a chronological study of his eight novels and a thematic discussion of his short stories Abramson's analysis of the writer's impact proves that Malamud deserves a place in the American tradition alongside Hawthorne Melville Faulkner and Hemingway writers whose fiction is moralistic and frequently uses a particular type of allegory Malamud is not simply a chronicler of Jewish life but a universal artist whose characters grow to a moral maturity that many other American fictional protagonists never reach

Grandmotherhood Sandra Gales Shapard, 2015-07-07 Shapard's fresh and upbeat poetic style will enhance readers thoughts about their grandchildren and children The author's poet's eye cuts through the veneer of categorization and opens up deep and light observations that are both unique and universal *Grandmotherhood* is a celebration of Shapard's newest loves her grandchildren and an ideal read for every grandparent or parent you know

Revisiting Family Leisure Research Dawn Trussell, Ruth Jeanes, Elizabeth Such, 2018-12-07 There have been a number of social political and economic shifts that have played a major role in constraining enriching mediating and altering everyday family interactions and family practices These include globalization economic instability neoliberal government paradigms a culture of consumerism technological advancements shifting

demographics and changing parenting ideologies This book considers what advancements have been made in family leisure research over the past two decades within the context of a rapidly shifting society and examines potential new directions for scholarship The book begins with an emphasis on the need for scholarship that explores diverse constructions of family and provides a call to action for family centered scholars to engage with broader social issues A collection of authors argue the importance of expanding the understanding of family to include older adults highlight the missing perspectives of recreation and leisure agencies in family scholarship and examine the ways in which information communication technology may alter family leisure Authors also consider the dominance of particular theoretical perspectives and the limitations and consequences of such perspectives to understand the complexity diversity and richness of the lived family experience The chapters in this book were originally published in a special issue of Leisure Sciences and an invited commentary in the Annals of Leisure Research

Revisiting Waterbirth Dianne Garland, 2017-05-04 The use of warm water immersion throughout the birthing process is renowned for its physical and psychological benefits yet waterbirth is still vastly underrepresented as a birthing method across the globe Now going into its second edition Dianne Garland's popular and authoritative text guides the reader through the clinical practical and organisational considerations for delivery in water Drawing on the author's own extensive experience the book explores The history and evolution of hydrotherapeutic theory The specific skills and specialist care required for attending births in this setting Key research and debates surrounding the many aspects of waterbirth Practical guidance on engaging with parents when promoting waterbirth as an option From an internationally renowned and respected midwife this new edition retains the personal and engaging style that made the first edition so popular The book is enhanced with photos taken from the author's own travels around the world and features a wealth of interactive material including an expansion of the Birth Story feature whereby first hand accounts of waterbirth from both mothers and practitioners worldwide provide an often moving conclusion to each chapter With a strong focus on developing practitioners knowledge and skills in this area enabling them to confidently offer waterbirth as a safe and viable option this classic text is an invaluable one stop resource for anyone with academic professional or personal interests in waterbirth

Social Behaviour Tamás Székely, Allen J. Moore, Jan Komdeur, 2010-11-18 Humans live in large and extensive societies and spend much of their time interacting socially Likewise most other animals also interact socially Social behaviour is of constant fascination to biologists and psychologists of many disciplines from behavioural ecology to comparative biology and sociobiology The two major approaches used to study social behaviour involve either the mechanism of behaviour where it has come from and how it has evolved or the function of the behaviour studied With guest articles from leaders in the field theoretical foundations along with recent advances are presented to give a truly multidisciplinary overview of social behaviour for advanced undergraduate and graduate students Topics include aggression communication group living sexual behaviour and co operative breeding With examples ranging from bacteria to social mammals and humans a variety of

research tools are used including candidate gene approaches quantitative genetics neuro endocrine studies cost benefit and phylogenetic analyses and evolutionary game theory Substitute Parents Gillian Bentley,Ruth Mace,2012 From a comparative perspective human life histories are unique and raising offspring is unusually costly humans have relatively short birth intervals compared to other apes childhood is long mothers care simultaneously for many dependent children other apes raise one offspring at a time infant mortality is high in natural fertility mortality populations and human females have a long post reproductive lifespan These features conspire to make child raising very burdensome Mothers frequently defray these costs with paternal help not usual in other ape species although this contribution is not always enough Grandmothers elder siblings paid allocarers or society as a whole help to defray the costs of childcare both in our evolutionary past and now Studying offspring care in a various human societies and other mammalian species a wide range of specialists such as anthropologists psychologists animal behaviorists evolutionary ecologists economists and sociologists have contributed to this volume offering new insights into and a better understanding of one of the key areas of human society Homo Novus - A Human Without Illusions Ulrich J. Frey,Charlotte Störmer,Kai P. Willführ,2010-08-24 Converging evidence from disciplines including sociobiology evolutionary psychology and human biology forces us to adopt a new idea of what it means to be a human As cherished concepts such as free will na ve realism humans as creation s crowning glory fall and our moral roots in ape group dynamics become clearer we have to take leave of many concepts that have been central to defining our humanness What emerges is a new human the homo novus a human being without illusions Leading authors from many different fields explore these issues by addressing a range of illusions and providing evidence for the need despite considerable reluctance to relinquish some of our most cherished ideas about ourselves *Ancient Bodies, Modern Lives* Wenda Trevathan, Ph.D.,2010-05-26 Winner of the 2011 W W Howells Book Award of the American Anthropological Association How has bipedalism impacted human childbirth Do PMS and postpartum depression have specific maybe even beneficial functions These are only two of the many questions that specialists in evolutionary medicine seek to answer and that anthropologist Wenda Trevathan addresses in *Ancient Bodies Modern Lives* Exploring a range of women s health issues that may be viewed through an evolutionary lens specifically focusing on reproduction Trevathan delves into issues such as the medical consequences of early puberty in girls the impact of migration culture change and poverty on reproductive health and how fetal growth retardation affects health in later life Hypothesizing that many of the health challenges faced by women today result from a mismatch between how their bodies have evolved and the contemporary environments in which modern humans live Trevathan sheds light on the power and potential of examining the human life cycle from an evolutionary perspective and how this could improve our understanding of women s health and our ability to confront health challenges in more creative effective ways The Slow Moon Climbs Susan Mattern,2021-03-02 Are the ways we look at menopause all wrong Historian Susan Mattern says yes and *The Slow Moon Climbs* reveals just how wrong we have been Taking readers

from the rainforests of Paraguay to the streets of Tokyo Mattern draws on historical scientific and cultural research to reveal how our perceptions of menopause developed from prehistory to today WorldCat

The Grandmothers' Movement May Chazan,2015-04-01 At the height of the African AIDS crisis older women mobilized across two continents and an ocean of difference to change the lives of innumerable African women confronting insecurity violence grief and illness In 2006 the Stephen Lewis Foundation launched its Grandmothers to Grandmothers Campaign seeking to organize Canadians in solidarity with Africa s grandmothers older caregivers who had lost their children to AIDS and were left to raise their grandchildren Four years later some 10 000 Canadians had joined the campaign May Chazan s The Grandmothers Movement explores the encounters ideas and circumstances that shaped this remarkable story of solidarity and struggle Based on interviews family trees personal journals and archival materials Chazan provides the first analysis of the movement Through personal reflections and powerful vignettes from nearly a decade of participation in grandmothers lives in South Africa and Canada she presents untold narratives and brings new humanity to the AIDS crisis in Africa The Grandmothers Movement tells a story of hope while challenging conventional understandings of the global AIDS response solidarity and old age It is about the power of older women to alter their own lives through collective action and about the influence of transnational cooperation to effect positive global change

Wildflowers and Weeds Maxine Landis,2010-12-27 In *Wildflowers and Weeds* a flowing and evocative collection of poems spanning thirty years Maxine Landis explores both the sweetness and sweet sadness of life Whether dwelling on a landscape A grandchild or the spirit of a fellow poet Landis is that ideal witness with an evolved and generous heart This is a wonderful book

Biblical Grandparenting (Grandparenting Matters) Dr. Josh Mulvihill,2018-12-04 Many powerful voices are influencing our grandchildren from those at home and in their schools to those in the world of entertainment and media What can you as a grandparent do to speak wisdom and godliness into their lives Biblical Grandparenting is a full length leadership book that places grandparenting ministry on a firm scriptural foundation It is ideal for pastors and church leaders as well as for use in the classroom at seminaries

The International Journal of Aging & Human Development ,1999

Mothers and Others Sarah Blaffer Hrdy,2011-04-15 Sarah Hrdy argues that if human babies were to survive in a world of scarce resources they would need to be cared for not only by their mothers but also by siblings aunts fathers friends and with any luck grandmothers Out of this complicated and contingent form of childrearing says Hrdy came the human capacity for understanding others

Grandmothers and Grandmothering: Creative and Critical Contemplations in Honour of our Women Elders Kathy Mantas,2021-10-13 Today more and more grandmothers around the world are taking on varied responsibilities and many roles sometimes concurrently Consequently grandmothers continue to play as in the past an influential role not only in the lives of their grandchildren but also in our communities and in society more broadly Grandmothers and Grandmothering Creative and Critical Contemplations in Honour of our Women Elders as the title suggests seeks to pay homage to our grandmothers and their contributions to

society As well it aims to explore the textured and complex phenomena of grandmothering from a range of disciplines and cultural perspectives Our hope is that this collection challenges preconceived notions of what it means to be a grandmother and provides insight into the multifaceted nature of grandmothering

The ^AWoman Who Married the Bear Barbara Alice Mann,Kaarina Kailo,2023-11-10 Stories of the primordial woman who married a bear appear across the global North from Indigenous North America and Scandinavia to Russia and Korea In The Woman Who Married the Bear authors Barbara Alice Mann a scholar of Indigenous American culture and Kaarina Kailo who specializes in the cultures of Northern Europe join forces to examine the Bear Husband stories on their respective continents their common elements and their meanings in the context of matriarchal culture

The Gerontological Prism Jeffrey Michael Clair,Richard Allman,2018-10-26 The Gerontological Prism promotes disciplinary cooperation in aging research and practice To some extent each chapter explores a unified objective that of generating a disciplinary blind gerontology The fundamental assumption throughout this book is that the aging individual and society can be enhanced by an understanding of the correlates of basic social behavioral demographic economic political ethical and biomedical processes involving aging Each author touches on issues that have both social psychological and practical policy significance They aim toward sensitizing the reader to the possibilities of a properly informed interdisciplinary approach to gerontology

The Archaeology of Childhood Güner Coşkun,2015-11-16 Children existed in ancient times as active participants in the societies in which they lived and the cultures they belonged to Despite their various roles and in spite of the demographic composition of ancient societies where children comprised a large percentage of the population children are almost completely missing in many current archaeological discourses To remedy this The Archaeology of Childhood aims to instigate interdisciplinary dialogues between archaeologists and other disciplines on the notion of childhood and children and to develop theoretical and methodological approaches to analyze the archaeological record in order to explore and understand children and their role in the formation of past cultures Contributors consider how the notion of childhood can be expressed in artifacts and material records and examine how childhood is described in literary and historical sources of people from different regions and cultures While we may never be able to reconstruct every last aspect of what childhood was like in the past this volume argues that we can certainly bring children back into archaeological thinking and research and correct many erroneous and gender biased interpretations
