2018: Carpathian Logistics Congress , *Theses on the Metaphors of Digital-Textual History* Martin Paul Eve, 2024-07-16 Digital spaces are saturated with metaphor we have pages sites mice and windows Yet in the world of digital textuality these metaphors no longer function as we might expect Martin Paul Eve calls attention to the digital textual metaphors that condition our experience of digital space and traces their history as they interact with physical cultures Eve

posits that digital textual metaphors move through three life phases Initially they are descriptive Then they encounter a moment of fracture or rupture Finally they go on to have a prescriptive life of their own that conditions future possibilities for our text environments even when the metaphors have become untethered from their original intent Why is whitespace white Was the digital page always a foregone conclusion Over a series of theses Eve addresses these and other questions in order to understand the moments when digital textual metaphors break and to show us how it is that our textual softwares become locked into paradigms that no longer make sense Contributing to book history literary studies new media studies and material textual studies Theses on the Metaphors of Digital Textual History provides generative insights into the metaphors that define our digital worlds *Wish You Were Here - Professional Edition* Terry Stevens, 2020-04-20 Written by Terry Stevens The Stories Behind 50 of the World's Great Destinations This book will give tourists and travelers a description of each of the 50 destinations with a personal explanation giving an insight as to why and how these destinations consistently deliver high quality visitor experiences It aims to show the visitor how good management and an understanding of the importance of hospitality underpins the success of each destination Tourists are now very interested in knowing more about how the places they visit are organized and how they get things right For the tourism professional and future destination managers and marketers the Professional Edition will have the same core content as the Consumer Edition exploring the destinations plus a detailed analysis of international best practice in destination management written with deep insight and research supported by extensive bibliography It will be a major reference book on successful destination management based on my 40 years working in the industry in over 55 countries This is not a typical language driven promotional bucket list guidebook Stevens gives these destinations real world context He tells us its personality its mood and not just the reason for being but its reason for resilience perseverance and ultimate success Peter Greenberg Travel Editor CBS News
