Alexander Rutherford,2019-09-30 If the Word of God is our anchor in the chaos of this world if it is our assurance that we can know the world and God its creator we need confidence that we can understand this Word Reading and applying the Bible is essential to every facet of Christian life and ministry yet our ability to do so is under attack from a myriad of directions In Postmodern philosophy the possibility of communication is dismissed let alone communication from God In Biblical studies the amount of knowledge required to come to firm conclusions concerning the meaning and application of the Bible grows every day However the Bible is not so pessimistic about its accessibility Instead it presents itself as a clear word sufficient to guide and encourage Christians in every area of life Beginning with the Bible's own claims to clarity and sufficiency *The Gift of Reading Part 1* outlines the practice of reading the Bible in order to understand and apply it *The Gift of Reading Part 2* will go further into the theory that lies beneath the methodology unpacked in Part 1 Greek for Life Benjamin L. Quarles, 2025-05-20 A guide to New Testament textual criticism that introduces students to the methods currently used by the most respected specialists in the field While there are many introductions to twentieth century New Testament textual criticism scholars and students need a twenty first century introduction to the praxis of New Testament textual criticism that refines and replaces some elements of the traditional approach in keeping with recent advancements in the discipline Methodologies known to be deficient are still being taught and even New Testament commentators apply outdated and problematic methods in their evaluation of textual variants This new introduction guides readers in the practice of a more refined reasoned eclecticism to identify the original reading of the New Testament text Readers will learn to identify variant readings and the witnesses in support of them from the apparatuses in the major editions of the Greek New Testament *New Testament Textual Criticism for the 21st Century* includes several examples and exercises that guide students in applying critical thinking skills to specific variant units The goal throughout is to move from abstract discussion to concrete examples to offer students the picture worth a thousand words Most importantly the book demonstrates how new tools and findings generally discussed only in scholarly literature are changing the text of the most respected editions of the Greek New Testament and can aid researchers in their study of manuscripts *Reading John through Johannine Lenses* Stan

Harstine,2022-02-04 Reading John through Johannine Lenses demonstrates that the model an interpreter chooses for examining the Gospel of John significantly impacts the resulting interpretation The Fourth Evangelist uses key words in the prologue in order to guide the reader toward key moments in the gospel Stan Harstine shows how four words life word receive and believe converge at transition points in John 5 12 and 17 Their close relationship is not random rather it guides the reader to recall what the Gospel has presented in the preceding section providing a road map for understanding the narrative By using interpretive models from both diachronic and synchronic methodologies Harstine s comparison of traditional historical methods with more recent narrative and rhetorical methods demonstrates the wide disparity of results from prior approaches thus accentuating the importance of reading the Fourth Gospel through the lenses it provides its readers Exegesis and History of Reception Régis Burnet,2021-01-26 Why should we take into account the history of reception in biblical methods It is because as exegetes we have no choice Recognizing our dependence on interpretations of the past is not a new method but it is the very way we understand texts R gis Burnet shows how this allows us to put our current interpretations into perspective but also to dialogue with those of the past
