Green Beginnings Green Beginnings:

The Kaiserchronik Alastair Matthews, 2012-07-26 This book presents a narratological analysis of the *Kaiserchronik* or chronicle of the emperors the first verse chronicle to have been written in any European vernacular language which provides an account of the Roman and Holy Roman emperors from the foundation of Rome to the eve of the Second Crusade Previous research has concentrated on the structure and sources of the work and emphasized its role as a Christian narrative of history but this study shows that the *Kaiserchronik* does not simply illustrate a didactic religious message it also provides an example of how story telling techniques in the vernacular were developed and explored in twelfth century Germany Four aspects of narrative are described time and space motivation perspective and narrative strands each of which is examined with reference to the story of a particular emperor Constantine the Great Charlemagne Otto the Great and Henry IV Rather than imposing a single analytical framework on the *Kaiserchronik* the book takes account of the fact that modern theory cannot always be applied directly to works from premodern periods it draws critically on a variety of approaches including those of Gérard Genette Boris Uspensky and Eberhard Lämmert Throughout the book the narrative techniques described are contextualized by means of comparisons with other texts in both Middle High German and Latin making clear the place of the *Kaiserchronik* as a literary narrative in the twelfth century

History of Laclede, Camden, Dallas, Webster, Wright, Texas, Pulaski, Phelps and Dent Counties, Missouri, 1889 **Nobody's Nation** Paul Breslin, 2009-02-15 *Nobody's Nation* offers an illuminating look at the St Lucian Nobel Prize winning writer Derek Walcott and grounds his work firmly in the context of West Indian history Paul Breslin argues that Walcott's poems and plays are bound up with an effort to re-imagine West Indian society since its emergence from colonial rule its ill-fated attempt at political unity and its subsequent dispersal into tiny nation states According to Breslin Walcott's work is centrally concerned with the West Indies imputed absence from history and lack of cohesive national identity or cultural tradition Walcott sees this lack not as impoverishment but as an open space for creation In his poems and plays West Indian history becomes a realm of necessity something to be confronted contested and remade through literature What is most vexed and inspired in Walcott's work can be traced to this quixotic struggle Linking extensive archival research and new interviews with Walcott himself to detailed critical readings of major works *Nobody's Nation* will take its place as the definitive study of the poet
