Green Petroleum How Oil And Gas Can Be Environmentally Sustainable:

Green Petroleum M. R. Islam, A. B. Chhetri, M. M. Khan, 2012-09-25 Can green petroleum reverse global warming and bring down high gasoline prices Written in non technical language for the layperson this book investigates and details how the oil and gas industry can go green with new processes and technologies thus bringing the world's most important industry closer to environmental and economic sustainability This book unravels the mysteries of the current energy crisis and argues that solutions to global warming will come only from the development of new technologies Discussed here are the reasons why petroleum operations as they are now are not sustainable how each practice treads an inherently implosive path and how each spells irreversible damage to the planet's ecosystem Fossil fuel consumption is not the culprit rather the practices involved from exploration to refining and processing are responsible for the current damage to the environment **The**

Metamorphosis of the Amazon Maximilian Fritz Feichtner, 2023-12-21 The Metamorphosis of the Amazon sheds new light on the complex history of the Ecuadorian rainforest revealing how oil development and its social and ecological repercussions triggered its metamorphosis When international oil giants such as Shell and Texaco started to dig for oil in remote rainforest locations a process was born that eventually altered the fabric of the Amazon forever Oil infrastructure paved way for a disastrous industrial and agricultural landscape polluted by the hazardous waste management of the oil industry Adopting a unique approach Maximilian Feichtner does not recount the established narrative of oil companies vs suffering local communities he instead centers the rainforest ecosystem itself its rivers animals and climate conditions and the often neglected actors of this history the oilmen and their experiences as people affected by a pollution they perpetrated and witnessed This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details **Biogas** Abd El-Fatah Abomohra, Mahdy Elsayed, Zuzeng Qin, Hongbing Ji, Zili Liu, 2021-04-28
