Colonialism and Postcolonial Development James Mahoney, 2010-02-15 In this comparative historical analysis of Spanish America Mahoney offers a new theory of colonialism and postcolonial development He explores why certain kinds of societies are subject to certain kinds of colonialism and why these forms of colonialism give rise to countries with differing levels of economic prosperity and social well being Mahoney contends that differences in the extent of colonialism are best explained by the potentially evolving fit between the institutions of the colonizing nation and those of the colonized society Moreover he shows how institutions forged under colonialism bring countries to relative levels of development that may prove remarkably enduring in the postcolonial period The argument is sure to stir discussion and debate both among experts on Spanish America who believe that development is not tightly bound by the colonial past and among scholars of colonialism who suggest that the institutional identity of the colonizing nation is of little consequence

Encyclopedia of Ephemera Maurice Rickards, 2018-10-24 The joy of finding an old box in the attic filled with postcards invitations theater programs laundry lists and pay stubs is discovering the stories hidden within them The paper trails of our lives or ephemera may hold sentimental value reminding us of great grandparents They chronicle social history They can be valuable as collectibles or antiques But the greatest pleasure is that these ordinary documents can reconstruct with uncanny immediacy the drama of day to day life The Encyclopedia of Ephemera is the first work of its kind providing an unparalleled sourcebook with over 400 entries that cover all aspects of everyday documents and artifacts from bookmarks to birth certificates to lighthouse dues papers Continuing a tradition that started in the Victorian era when disposable paper items such as trade cards die cuts and greeting cards were accumulated to paste into scrap books expert Maurice Rickards has compiled an enormous range of paper collectibles from the obscure to the commonplace His artifacts come from around the world and include such throw away items as cigarette packs and crate labels as well as the ubiquitous faxes parking tickets and phone cards of daily life As this major new reference shows simple slips of paper can speak volumes about status taste customs and taboos revealing the very roots of popular culture

The 1931-1940: American Film Institute Catalog of Motion Pictures Produced in the United States American Film Institute, 1993 The entire field of film historians awaits the AFI volumes with eagerness Eileen Bowser Museum of Modern Art Film Department Comments on previous volumes The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog Thomas Cripps Endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr **The Family in America** Joseph M. Hawes, Elizabeth F. Shores, 2002-05-22 An incisive multidisciplinary look at the American family over the past 200 years written by respected scholars and researchers Family in America offers two powerful antidotes to popular misconceptions about American family life historical perspective and scientific objectivity When we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends Working mothers we learn are not a 20th century invention most families throughout American history have needed more than one breadwinner In the exciting new scholarship described here readers will learn precisely what is new in American family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change *Trauma and Documentary Photography of the FSA* Sara Blair, Eric Rosenberg, 2012-05-01 Coauthored by the literary scholar Sara Blair and the art historian Eric Rosenberg this volume of the Defining Moments in American Photography series offers new ways to understand the work of the famous Farm Security Administration photographers by exploring an expanded and much more variable idea of the documentary than what New Dealers proposed The coauthors follow in the line of scholars who have on the one hand looked critically at the FSA photography project and identified its goals biases contradictions and ambivalences and on the other hand discerned strikingly independent directions among its photographers But what distinguishes their work from that of others is their wrestling with a specific term often applied to the Depression era trauma If it was the case

that documentary as a genre and FSA photographs as an umbrella project came to prominence during a time of trauma and in the hands of socially minded photographers was meant to address and publicize trauma the coauthors of this volume seek to understand how trauma and photography mixed and how in the volatility of that mixture the competing ideas for documentary took shape Among the key figures they study are some of the most beloved in American photography including Walker Evans Ben Shahn and Aaron Siskind Provided by publisher **America's Changing Icons** Annessa Ann Babic, 2018-02-23 America's Changing Icons is a discursive examination of the female patriotic icon in the United States This creative and entertaining work examines her use and decline particularly in the 20th century with a particular focus on popular culture icons like Lady Columbia Rosie the Riveter and Wonder Woman These fictional creations used with advertisements letters and literature of the eras work together to craft a multi layered and dynamic portrait of cultural politics tides and perceptions about American women life and place **Official Gazette of the United States Patent and Trademark Office**, 2002 *Meredith Willson - America's Music Man* Bill Oates, 2005-08-15 Meredith Willson America's Music Man is a loving thorough and accurate examination of one of Broadway's great composers It tells the story before during and after The Music Man opened in 1957 The story of Willson's family his life in Mason City Iowa and his eventual rise to the top of the music world forms the platform that led to four musicals and dozens of awards Also included are Willson's activities scoring movies directing orchestras on Old Time Radio and even becoming a character on radio and television shows This is the first in depth look at the career of a real music man from north central Iowa *Bulletin - U.S. Coast Guard Academy Alumni Association* United States Coast Guard Academy. Alumni Association, 1999 **Picturing Faith** Colleen McDannell, 2004-01-01 Henri Peyre 1901 1988 a giant figure in French studies did more to introduce Americans to the modern literature and culture of French than any other person Sterling Professor and chair of the French Department of Yale University for more than four decades Peyre was also the author of forty four books a brilliant speaker and a mentor to two generations of students He left enormous legacies as both teacher and scholar Peyre also left a large and fascinating body of correspondence This collection of his letters documents the era in which he lived His lively letters also bear witness to the vast network of his friends and colleagues including such major post war literary figures as Robert Penn Warren Andre Gide and Andre Malraux *Congressional Record* United States.
