The Finger and the Moon Alejandro Jodorowsky, 2016-10-10 Jodo's interpretations of the stories and koans of Zen master Ejo Takata Offers more than 60 Zen teaching tales initiatory stories koans and haikus for self realization and spiritual awakening Each story or koan is accompanied by the author's lucid and penetrating commentary blending the same burlesque slapstick and sublime insight that characterize his films Explains how one must see beyond the words of the story to grasp the spiritual insights they contain Before he became the film maker and graphic novel author known throughout the world today Alejandro Jodorowsky studied with Zen master Ejo Takata in Mexico City In *The Finger and the Moon* Jodorowsky recounts how he became Takata's student and offers his interpretations of the teaching tales initiatory stories koans and enigmatic haikus he learned at the feet of his great and humble teacher Blending the same burlesque slapstick and sublime insight that characterize his films such as *El Topo* and *The Holy Mountain* each story is accompanied by the author's lucid and penetrating commentary as well as insights from ancient Zen teachers Yet their most significant gift to the reader is the sudden shock of realization they impart that can lead to spiritual awakening Jodorowsky notes that most people are incapable of self realization because of their fear of the void within an emptiness they seek to fill with noise and chatter He shows that Zen teachings can be compared to a finger pointing at the moon directing you to awaken to your true nature the Buddha within The danger lies in mistaking the pointing finger for the moon mistaking the words for the essential enlightenment which can only be grasped once words have been surpassed Unlike most tales these stories are intended to evoke silent illumination as true awakening and self realization cannot occur until the mind has been stilled

Manuel de psychomagie Alexandro Jodorowsky, 2017-09-20 Je propose des actes de psychomagie mes consultants de tarot. Ils ont tracé sur mesure et tiennent compte du caractère et de l'histoire de chacun. J'ai raconté certaines de ces expériences dans *Le Théâtre de la guérison* et *La Danse de la réalité*. Elles ont eu une immense répercussion. Les demandes d'aide ont afflué tel point qu'il m'a été impossible de répondre toutes. Mais j'ai demandé ceux qui j'ai eu le temps de conseiller des actes après les avoir réalisés de m'envoyer une lettre décrivant les résultats. Me fondant sur ceux qui avaient eu un effet bénéfique j'ai alors commencé à laborer des conseils de psychomagie susceptibles d'être utilisés par un grand nombre de personnes. Ce livre guidera chaque lecteur dans ce concept unique qui a fait ses preuves auprès de milliers de personnes.

Soulfulness David England, 2018-05-08 This book brings the wisdom of the ancient healing practice of shamanism together with the insights of contemporary psychology to provide an integrated approach to the treatment of traumatic symptoms. Soulfulness has two historic shamanic roots: Mayan and Native American psychology, a psychology of Self as expressed in the many aspects of the Medicine Wheel, the wheel of health and wholeness, and the Shamanic Journey and Soul Retrieval as practiced in traditional societies throughout the world, notably the Tungus tribes of Siberia. This book presents the ancient wisdom of shamanic theory and practice in a form which is fit for use within the mainstream of twenty-first century psychotherapeutic endeavour, including an extensive explanation of Shamanic Psychology and a practical description of the ceremonies of the Shamanic Journey and Soul Retrieval.

Neo-shamanism and Mental Health Karel James Bouse, 2019 This book explores the contemporary practice of Neo-shamanism and its relationship to mental health. Chapters cover the practice of Neo-shamanism, how it differs from traditional shamanism, the technology of the shamanic journey, the lifeworlds of some of its practitioners as well as its benefits and pitfalls. The author's analysis draws on an in-depth study of existing literature, original qualitative phenomenological research into the lifeworlds of practitioners, and nearly three decades of observation and experience as a student teacher and practitioner of Neo-shamanism. She discusses the potential role of Neo-shamanic journey technology as an approach for psychology-based studies of consciousness and anomalous phenomena, its value as a tool for self-exploration as part of a supervised curriculum, as well as the possible therapeutic applications of the journey and shamanic healing protocols for use by mental health professionals.
