God Bless The Nhs By Taylor Roger 2013:

God Bless the NHS Roger Taylor, 2013-03-15 The National Health Service described by Nigel Lawson as Britain's only national religion has never been more popular. So why is the government so desperate to reform it? Last year the Office of National Statistics reported higher public satisfaction with the NHS than at any time since its foundation. In a 2012 survey of developed countries the UK showed the highest public support of its health system. Politicians can hardly be surprised then when their plans to reform are met with public dismay and professional fury. This year has seen one of the most bruising political battles ever fought over the future of the NHS. The twenty-two month fight to push the NHS and Social Care Act through parliament prompted the most widespread political campaign by doctors since Aneurin Bevan established the NHS in 1948. It cost the coalition government dearly and shredded the reputation of the Secretary of State for Health. So why did they do it? *God Bless the NHS* looks at the ideology behind the current reforms and the reasons why the government decided to take on the nation's most treasured institution. Roger Taylor looks equivocally at those who support and oppose the new system and at the patchy history of attempts to reform the NHS and the likelihood of the success this time round. Finally it addresses the political failure at the heart of the problem and the inevitable conflict when politics and medicine mix.

The Affordable Care Act and Medicare in Comparative Context Eleanor D. Kinney, 2015-07-20 Burdened with perennially rising costs and responsible for providing health insurance to more than one sixth of all Americans, Medicare in its original form is fiscally and demographically unsustainable. In light of dramatic reforms under the Affordable Care Act (ACA), this book provides a comprehensive overview of the current state of Medicare. Eleanor D. Kinney explains how the ACA addresses systemic problems of cost and volume inflation, quality assurance, and fraud. Recognizing the potential for more radical change in the future, Kinney also explores the potential of Medicare to become a single payer system. Comparisons are made with national health systems in Canada and the United Kingdom from which the United States can draw valuable lessons. An approachable yet comprehensive account of Medicare and the ACA, this book will be invaluable for health care professionals and informed citizens.

Hubris: The Road to Donald Trump David Owen, 2020-04-16 In *Hubris: The Road to Donald Trump*, David Owen analyses and describes the mental and physical condition of US Presidents and UK Prime Ministers with a particular view that what went before paved the way to President Trump. Of recent leaders there have been alcoholics, depressives, narcissists, populists, and those affected by hubris syndrome and driven by their religious beliefs.

Our NHS Andrew Seaton, 2023-08-22 An engaging inclusive history of the NHS exploring its surprising survival and the people who have kept it running. In recent decades a wave of appreciation for the NHS has swept across the UK. Britons have clapped for frontline workers and championed the service as a distinctive national achievement. All this has happened in the face of ideological opposition, marketization, and workforce crises. But how did the NHS become what it is today? In this wide-ranging history, Andrew Seaton examines the full story of the NHS. He traces how the service has changed and adapted, bringing

together the experiences of patients staff from Britain and abroad and the service's wider supporters and opponents He explains not only why it survived the neoliberalism of the late twentieth century but also how it became a key marker of national identity Seaton emphasizes the resilience of the NHS perpetually in crisis and yet perennially enduring as well as the political values it embodies and the work of those who have tirelessly kept it afloat

Working Women on Screen

Ellie Tomsett, Nathalie Weidhase, Poppy Wilde, 2024-02-19 Working Women on Screen Paid Labour and Fourth Wave Feminism critically examines screen media representations of women's participation in the contemporary labour market The edited collection brings together contributions on Aesthetic Labour Power Politics and Neoliberal Industries and Sex Sexuality and Relationships Within the context of fourth wave feminism there has been a new proliferation in the global media landscape of representations of women's paid labour This has coincided with the development of critical and ideological issues surrounding intersectionality and culture wars as well as the impacts of recessions political upheavals and pandemics Workplace dynamics and post MeToo politics have led to the complexification of structures oppressions and relationships that impact what women can do for money As a result the working woman is now a constant presence on our screens though articulated in widely divergent ways The chapters within this collection critique issues that are deeply embedded in neoliberal conceptions of contemporary feminism such as aspects of lean in culture structural oppression and women's experiences of the glass ceiling and glass cliff The volume as a whole will analyse representations related to the intersecting dynamics of gender race class sexuality and disability in television film social media and video games It will be key reading for students and scholars in media gender and cultural studies

Corpora and the Changing Society

Paula Rautionaho, Arja Nurmi, Juhani Klemola, 2020-04-15 This book showcases eleven studies dealing with corpora and the changing society The theme of the volume reflects the fact that changes in society lead to changes in language and vice versa Focusing on the English language be it from Old English to the present or a shorter time span in the immediate past the contributors in this volume use a variety of corpus methods to address the two patterns of change The cross fertilization of cultural studies and corpus linguistics we hope is beneficial for both parties as corpus linguistics offers a vast array of materials and methods to investigate cultural and societal change while cultural studies provide the theoretical background on which to build our research The studies included in the present volume illustrate the potential avenues and the merits of combining changing language and changing societies

Surviving Work in Healthcare

Elizabeth Cotton, 2017-03-08 The book takes as its starting point the crisis of healthcare in the UK impossible health targets managed through command and control management and a stomach churning rise in racism whistleblowing and victimisation in the NHS The use of nationally set productivity targets combined with austerity cuts have increasingly put clinical best practice into direct conflict with funding Health targets have become politically controlled and performance has become a cynical exercise in ticking boxes cascaded within trusts and bulldozed through frontline services This has led directly to a precarious system of

employment relations subject to the continual restructuring of services rather than the goal of creating functioning interdisciplinary teams that stand a chance of capturing clinical excellence This book is written for workers and managers who are on the frontline of the battle for decent healthcare The content of this book is based on the ordinary expertise of the people who are actually surviving it and helpful ideas about making the best out of a bad lot *Surviving Work in Healthcare* will be of interest to healthcare professionals and anyone working on the frontline of healthcare as well as students of management human resources and psychology

The Biopolitics of Lifestyle Christopher Mayes,2015-12-22 A growing sense of urgency over obesity at the national and international level has led to a proliferation of medical and non medical interventions into the daily lives of individuals and populations This work focuses on the biopolitical use of lifestyle to govern individual choice and secure population health from the threat of obesity The characterization of obesity as a threat to society caused by the cumulative effect of individual lifestyles has led to the politicization of daily choices habits and practices as potential threats This book critically examines these unquestioned assumptions about obesity and lifestyle and their relation to wider debates surrounding neoliberal governmentality biopolitical regulation of populations discipline of bodies and the possibility of community resistance The rationale for this book follows Michel Foucault s approach of problematization addressing the way lifestyle is problematized as a biopolitical domain in neoliberal societies Mayes argues that in response to the threat of obesity lifestyle has emerged as a network of disparate knowledges relations and practices through which individuals are governed toward the security of the population s health Although a central focus is government health campaigns this volume demonstrates that the network of lifestyle emanates from a variety of overlapping domains and disciplines including public health clinical medicine media entertainment school programs advertising sociology and ethics This book offers a timely critique of the continued interventions into the lives of individuals and communities by government agencies private industries medical and non medical experts in the name of health and population security and will be of interests to students and scholars of critical international relations theory health and bioethics and governmentality studies

Natália Lages Lobo, Bianca Reis, Camila Mota Cavalcante, Camila Vasconcelos, Carla Carvalho, Cintia Tanure, Clara Gustin, Cynthia Pereira de Araújo, Diana Gomes da Silva Siqueira, Dora Porto, Érica Regina Ribeiro Sady, Fernanda Vieira de Oliveira, Inessa Beraldo de Andrade Bonomi, Irapuã Santana, Isabela de Andrade Pena Miranda Corby, Kalline Carvalho, Letice Galvão, Livia Abigail Callegari, Luciana Dadalto, Luiz Filipe Gomes Castro Salomão, Marcelo Sarsur, Marcos Paulo de Oliveira Corrêa, Marianna Assunção Figueiredo Holanda, Marlene Braz, Pollyana Gontijo, Rafaela Nogaroli, Sabrina Corrêa da Costa Ribeiro, Santuzza Alves de Souza, Sarah Abdon Lacerda Fernandes, Sarah Carvalho Santos, Sarah Stephanie Silva, Santos Thiago Rocha da Cunha, Wellington Wesley Paiva, Willian Pimentel, 2021-01-13 A primeira edição da obra *Bioética e Covid 19* foi um sucesso absoluto e a rapidez com que as questões bioéticas foram sendo alteradas nos últimos meses tornou imprescindível uma nova edição dessa obra com novos artigos e atualizações dos artigos anteriores. Hoje a Bioética não está mais negligenciada na pandemia da Covid 19. Comitê Internacional de Bioética e a Comissão Mundial sobre Bioética do Conhecimento e da Tecnologia ambos da UNESCO já reconheceram o papel de destaque da bioética no contexto da Covid 19. Institutos bioéticos de renome internacional como o Berman Institute e o Nuffield Council on Bioethics assumiram um papel central na discussão dos dilemas pandêmicos e no Brasil a Sociedade Brasileira de Bioética firmou-se como um ator importante na defesa da dignidade humana. Assim reafirmo com orgulho o que eu escrevi na apresentação da primeira edição dessa obra: o uso de dizer que desde seu surgimento a Bioética nunca foi tão essencial para a Humanidade. Os dilemas enfrentados com a pandemia são completamente permeados por questões bioéticas e ainda que a nós bioeticistas não caiba o papel de protagonistas do enfrentamento da SARS COVID 19 cabe a nós o importante papel de ajudar a Humanidade a encontrar caminhos éticos diante de tantas possibilidades atrativas de buscarmos os caminhos mais curtos, mais fáceis e menos equívocos. Aos artigos da primeira edição somam-se artigos sobre questões de Estado e Governo, população de rua, população idosa e o impacto da pandemia nos médicos residentes. O livro não está pronto pois as questões bioéticas são intermináveis. Mas essa nova edição mostra o amadurecimento das questões bioéticas na pandemia da Covid 19 e amplia o debate com temas absolutamente necessários.
