Two Years in Outer Galaxy By Tegegne Wassie Destiny is not what you can make or change there are natural conditions beyond your challenge A man unintentionally stepped on a wrong spot to find himself in a new city in a new land in a new world called Biqat in an outer galaxy Fortunately the world he ended up in was very civilized and had advanced technology He was welcomed treated well and cured of his terminal illnesses that he could not find a cure for on Earth He continued to travel the rest of Biqat a nation of five big planets From there the man explored beyond Biqat Let us share his exciting experiences Knowledge is a collection of experiences Naturally we have acquired knowledge from collected experiences over time We find knowledge conditioned and kept in human cages while raw knowledge is in the open free in the wild outside human cages It has been said that you are what you feed Books are one of the enhancers of experiences and we read them to enhance our experiences and we write books to share our experiences Different experiences give spaces for evaluation and judgments to experiences we

accumulate The more we are exposed to different experiences the more critical we are We don't take things as they are at face value This book touches almost every individual's life in our society **The Ecclesiastical Chronicles, Volume Two**
Raymond Gordon, 2011-11-23 Continuing the epic story of the struggle between poor and rich as told in the first volume of The Ecclesiastical Chronicles Raymond Gordon's new novel The Society returns to the polished pews of St Patrick's Church in the village of Aberstwhaithe on the small island of Ischalton Following the scandalous inability of the Board of Advisers to the Vestry to honor their financial commitment to build a new improved church in nearby Brewster's Village the Bishop has made the group defunct Even so the members who formed the board along with their newly recruited henchmen continue their surreptitious plan to eradicate the stench of serfdom from St Patrick's Church Personal conflicts the quest for acceptance concupiscence the struggle for control and civil war among the peasants once again cast their dark sinister shadows over the church thus proving that although pious humans may have a greater proclivity to moral rectitude they nevertheless possess an innate and ironic propensity to degeneracy The Ecclesiastical Chronicles offers a profound and sobering look at how hypocrisy and self-righteousness can destroy the foundation of Christ's work resulting in misery for all **Introduction to the devout life, from the Fr., ed. by W.H. Hutchings** François de Sales (st.), 1882
