Finding Ultimate Reality David W. Gooding, John C. Lennox, 2018-11-16 We need a coherent picture of our world Life's realities won't let us ignore its fundamental questions but with so many opposing views how will we choose answers that are reliable In this series of books David Gooding and John Lennox offer a fair analysis of religious and philosophical attempts to find the truth about the world and our place in it By listening to the Bible alongside other leading voices they show that it is not only answering life's biggest questions it is asking better questions than we ever thought to ask In Book 2 Finding Ultimate Reality they remind us that the authority behind ethics cannot be separated from the truth about ultimate reality Is there a Creator who stands behind his moral law Are we the product of amoral forces left to create moral consensus Gooding and Lennox compare ultimate reality as understood in Indian Pantheistic Monism Greek Philosophy and Mysticism Naturalism and Atheism and Christian Theism

Forthcoming Books Rose Army,1998 **The British National Bibliography** Arthur James Wells,1998 **The Inspiration of God** Dr. Allen K. Hand Sr.,2022-05-04 Firstly the objective of that research was to assess the actions of the Civil Rights and the Progressive National Baptist Convention Inc PNBC movements Based on 37 returns to a questionnaire of 39 reduced to 24 identified key criteria e mailed to 158 persons across the country with forwarding permission 92% of the respondents indicated that they either agreed or strongly agreed that the actions of the Civil Rights and PNBC movements were inspired of by God Additionally this research identified some serious concerns and issues that each movement mainly PNBC has to address if each will continue to exist survive Secondly the objective of that research was to document our

history through our struggles through our pains and gains through our good times and bad times through the ups and the downs in other words good bad or indifferent it is what it is our story his story not their story Rev Dr Herbert D Daughtry Sr constantly admonished us to make history to interpret history and to record history or something to that effect and not necessarily in that order When we do not do it ourselves in an accurate precise truthful etc manner then others will tell their story which nine out of ten times usually is not accurate precise truthful etc The old prophet acclaimed And the LORD answered me and said Write the vision and make it plain upon tables that he may run that readeth it Habakkuk 2 2 Thirdly and lastly the objective of that research was to share information that we do not want to be locked in our minds only to take it to the so called grave Many persons who were super knowledgeable as I define it about so many things that could have blessed the world took that super valuable information to the grave what a tremendous lost As an aside the lost is on multiple levels Level one we lost them Level two we lost what they did not share with us while they were alive Level three we lost the value of that buried information That is someone could have taken that information and transformed it to new information For example Dr Gabriel A Oyibo solved the Unified Field Theorem that Albert Einstein did not live long enough to solve So many things evolved from solving that equation Just think what would have happened to those many things that evolved from solving that equation if Dr Oyibo would not have solved that theorem All those many things that evolved from solving that equation would not be in existence Level four those persons who took from those many things that evolved from solving that equation and incorporated that value into what they were doing Etc etc etc The number of these levels conceivably and theoretically approaches infinity That is there is no end to the theoretical lost when just one person does not bless the world with their knowledge wisdom and understanding Women, Sex, and Addiction Charlotte S. Kasl, 1990-07-05 In our society sex can easily become the price many women pay for love and the illusion of security A woman who seeks a sense of personal power and an escape from pain may use sex and romance as a way to feel in control just as an alcoholic uses alcohol but sex never satisfies her longing for love and self worth In this wise and compassionate book Charlotte Kasl shows women how they can learn to experience their sexuality as a source for love and positive power and sex as an expression that honors the soul as well as the body *God* ,
