How to Experience God Without Religion Denis Poisson, 2011-08-06 Curious about how you can experience God without having to leave sanity behind In this short no nonsense book World Religions specialist Denis Poisson gets straight to the point giving you simple techniques by which anyone can encounter the Divine without taboos or leaps of faith The methods shown here are the same methods that have been used by religions for millennia only they have been stripped of their obscure symbolic language and mystique while their simple beautiful biological and psychological origins are exposed in a way that anyone can understand Now you too can have a religious experience without the religion in seven simple accessible steps that anyone can follow regardless of what you believe or don't [God Without Religion](#) Michael Arnheim, 2016-07-29 Which is right atheism or organised religion Answer Neither What's wrong with atheism The intolerant radical New Atheists of today champion the theory of evolution by natural selection which may help to explain small changes and variations in living things but can't explain the origin of the universe or the origin of life because natural selection needs life to kick start it into action No life no natural selection Does organised religion do any better Not at all It simply has too much baggage Why does evil exist in the world And why are the good not rewarded and the wicked punished Organised religion has no answer except to kick these problems upstairs into the afterlife of which there is no evidence whatsoever What then of the claims of religious truth Most of the claims made for Jesus are demonstrably false Creed religions like Christianity and Islam believe that they alone hold the key to truth and salvation But communal religions like Hinduism Japanese Shinto and the religions of the ancient world tend to be more tolerant Orthodox Judaism starting out as a communal religion has now adopted certain features of a creed religion and become more intolerant But more tolerant than either radical atheism or any organised religion is deism Unlike conventional religions which are based on belief in a personal god deism believes in an impersonal God who does not get involved in the day to day affairs of the world **God Without Religion** Sankara Saranam, 2016-01-05 Since Sankara Saranam's groundbreaking book God Without Religion was released 10 years ago thousands have been enlightened by his teachings and revelations Now in this special 10 year anniversary edition Sankara returns with new insights and a renewed message of spiritual guidance and inspiration Disillusioned with organized religion millions of people turn to secular humanism neo atheism New Age thinking Eastern religious practices and mysticism while others retreat from spirituality altogether A more satisfying and transformative option is to embark on a quest to discover what is real to you Using time tested tools of investigation into your own sense of self you can examine your present beliefs explore the nature of reality and ultimately expand your identity and awareness God Without Religion introduces this age old approach to self inquiry for today's readers Step by step it offers a bridge between organized religion and self realization for anyone questioning traditional dogma or its legacy of divisiveness It also assists in overcoming limitations and notions of exclusivity promoted by modern day movements Included are 17 universal techniques for

God Without the Supernatural Peter

Forrest,1996 Peter Forrest expounds a program of best explanation apologetics He contends that since the existence of God would provide the best possible explanation of various facts those facts support theism Among the facts cited are the suitability of the universe for life the regularity of the universe the human capacity for intellectual progress the experience of a moral order and various forms of beauty The beauty that interests Forrest as evidence for the existence of God includes sensuous beauty the beauty of the natural order as revealed by the sciences and the beauty of necessity discovered by mathematicians In addressing the need for an adequate motive for creation Forrest conjectures that God created the universe for embodied persons not for their life on earth alone but also for an afterlife Forrest acknowledges the speculative

nature of such an account He suggests that philosophical speculation is also required to defend theism against the charge that it is too extravagant a hypothesis to be warranted Providing a speculative defense against the argument from evil he explains how such speculations can be used to support best explanation arguments without the conclusions themselves being rendered purely speculative

Vigilant Faith Daniel Boscaljon, 2013-10-10 In *Vigilant Faith* Passionate Agnosticism in a Secular World Daniel Boscaljon takes up the contemporary challenges to faith by skepticism and secularism He proposes a model of faith for believers and unbelievers alike a passionate agnosticism that is rooted in a skeptical consciousness Skepticism and faith are structurally similar he writes in that they share an unknowing quality The author argues that vigilance the act of keeping watch a spiritual practice in its own right is as necessary a precondition for the structure of faith as it is for the structure of skepticism A suspension in uncertainty and an openness to possibility require vigilance he attests if faith and skepticism are to avoid the often dogmatic tendencies of both theism and atheism to cling to their own brands of certainty and knowledge Boscaljon has three aims to expand the current post theistic definitions of God for greater relevance to human beings on an individual and existential level to integrate skepticism into faith so that it will restore the importance of faith to current theology and recover it from anti intellectual bias and to conceptualize the vigilance of faith in such a way that can provide a vocabulary for distinguishing good faith from bad faith He offers a variety of cultural examples ranging from film to poetry to represent a life of faith and to show how its components come together in practice As an alternative to the prevailing fundamentalisms in today s world his book proposes a paradigmatic understanding of faith in which theism atheism and agnosticism refuse to differ

Gooch, 2015-12-05 Jesus was born into a religious heritage in the midst of a religious society However he deemphasized religious practices putting them in their proper place perspective and priority Alternatively he emphasized and demonstrated a deep spiritual connection to others and a life of obedience and conforming to the will of The Almighty God Jesus did not start a religion The apostle wrote They were first called Christians at Antioch and If any of you suffer as a Christian he should not be ashamed but instead glory in that name This is not reference to a religion called Christianity but religious people called them Christ like Christian because they Jesus followers were foolish enough to love the unlovable to prefer the well being of others above themselves to bring words of hope in hopeless situations and to love God in the same way Jesus demonstrated love towards God with all of his heart soul and life The qualifications for calling oneself Christ like or Christian pale in the true light of what it means to be like Jesus full of the spirit of God full of compassion and dedicated to doing God s will Without theological opinions and religious gymnastics what did Jesus and his followers reportedly say think teach and live Is it Christ like to rejoice over the death of another person any person to hate any group of people because of their practices lifestyle occupation or disposition towards others or ourselves Is it Christ like to be prejudice racist hateful murderous vengeful indifferent unthankful self centered or religious Read for yourself
