Natalia Harefa, 2024-06-13 Problems of patriarchy and colonialism that have left traces in the history of evangelism and Christian missions have contributed to perpetuating marginalization and discrimination against women in church life in Asia. This book offers a reconstruction of evangelism that acknowledges and respects women's roles and thoughts. For this purpose, the author uses a postcolonial missiological feminist perspective that pays attention to the processes, models, roles, and understanding of evangelism and mission and encourages women's voices in witnessing the trinitarian God in the world. This study confronts evangelism with discourses of power, leadership, gender, and understanding of evangelism and mission. This book uses the historical narrative constructive missiological method by combining several theories to show the complexity of missionary women's narratives, the marginalization of their narratives, and constructive missiological efforts to reclaim their narratives as a model of embodied evangelism. These theories are the social women mission theory, postcolonial feminist mission theory, martyrdom theology, the biblical reconstructive approach to Matthew, and narrative theology. The author offers the idea of evangelism as storytelling, namely witnessing the trinitarian God through embodied storytelling of the gospel, which encourages the rediscovery of witness narratives in the form of testimonials that contain the voices, roles, experiences, and understandings of women in witnessing the gospel.

What's So Spiritual about Your Gifts? Henry Blackaby, Mel

Blackaby, 2009-01-16 The Old Testament is our kindergarten for understanding the pattern of the Holy Spirit's gifting and work. That pattern is this: God gives an assignment to a person, then the Holy Spirit is given to equip him or her for the assignment. The proof of the Spirit's presence is that the person is able to complete the assignment effectively through the supernatural enabling of the Holy Spirit. Truly understood and embraced, the Holy Spirit's gifts allow the Church to be Christ-centered, to maintain unity and oneness of heart, and to practice genuine, powerful love. WHAT EXACTLY HAVE YOU BEEN GIVEN? Surprises are in store when we explore biblically what spiritual gifts really are, how they fit with our natural strengths and talents, and how they match our calling and assignments from God. This book will help restore the Holy Spirit to the center of your understanding and practice of spiritual gifts and set you free to serve God as never before. God and Grace in Philo and Paul Orrey

McFarland, 2015-11-09 In *God and Grace in Philo and Paul*, Orrey McFarland examines how Philo of Alexandria and the Apostle Paul understood divine grace. While scholars have occasionally observed that Philo and Paul both speak about God's generosity, such work has often placed the two theologians in either strong continuity or stark discontinuity without probing into the theological logic that animates the particularities of their thought. By contrast, McFarland sets Philo and Paul in

conversation and argues that both could speak of divine gifts emphatically and in formally similar ways while making materially different theological judgments in the context of their concrete historical settings and larger theological frameworks That is McFarland demonstrates how their theologies of grace are neither identical nor antithetical Your Spiritual Gifts Can Help Your Church Grow C. Lahey, 2003-03-13 John Wyclif was the fourteenth century English thinker responsible for the first English Bible and for the Lollard movement which was persecuted widely for its attempts to reform the Church through empowerment of the laity Wyclif had also been an Oxford philosopher and was in the service of John of Gaunt the powerful duke of Lancaster In several of Wyclif's formal Latin works he proposed that the king ought to take control of all Church property and power in the kingdom a vision close to what Henry VIII was to realize 150 years later This book argues that Wyclif's political programme was based on a coherent philosophical vision ultimately consistent with his other reformative ideas identifying a consistency between his realist metaphysics and his political and ecclesiological theory **The Embracing Life, Spirit, Faith, and Adversity (Gifts of Freedom, Book 1)** Greg Rice, 2011-07-28 Our society is blindly chasing after freedom financial freedom freedom from sadness we're on a quest for spiritual truth yet these pursuits leave most of us on an endless treadmill The truth is life changing freedom is available to all who have the answers to life's most important questions What is the purpose for which I was created How do I get to know my Creator How do I live in wholehearted freedom God did not design His creation to survive but never really live The aim of this book is to set people free through Biblical truth offering clear succinct answers The Gifts of Freedom will bring its readers hope encouragement joy and their purpose in life Will you choose to learn about receive unwrap and use these wonderful gifts **Eerdmans Commentary on the Bible: Leviticus** Walter J.
