Spanish Poetry of the Twentieth Century Andrew Debicki, 2021-12-14 Twentieth century Spanish poetry has received comparatively little attention from critics writing in English Andrew Debicki now presents the first English language history published in the United States to examine the sweep of modern Spanish verse More important he is the first to situate Spanish poetry in the context of European modernity to trace its trajectory from the symbolists to the postmodernists Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject He demonstrates

that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of complex experiences. He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern especially the poetics of text as process rather than as product. By centering his study on major periods and examining within each the work of poets of different ages, Debicki develops novel perspectives. The late 1960s and early 1970s for example were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound intertextual and often self-referential lyricism. This book will be essential reading for specialists in modern Spanish letters for advanced students and for readers interested in comparative literature. *A Comparative History of Literatures in the Iberian Peninsula* César Domínguez, Anxo Abuín González, Ellen Sapega, 2016-10-20. Volume 2 of *A Comparative History of Literatures in the Iberian Peninsula* brings to an end this collective work that aims at surveying the network of interliterary relations in the Iberian Peninsula. No attempt at such a comparative history of literatures in the Iberian Peninsula has been made until now. In this volume the focus is placed on images. Section 1 genres. Section 2 forms of mediation. Section 3 and cultural studies and literary repertoires. Section 4. To these four sections an epilogue is added in which specialists in literatures in the Iberian Peninsula as well as in the sub-disciplines of comparative history and comparative literary history search for links between Volumes 1 and 2 from the point of view of general contributions to the field of Iberian comparative studies and assess the entire project that now reaches completion with contributions from almost one hundred scholars. **Angelsong Spanish Version** Gelend Talahuron, 2024-01-29. Muertes misteriosas aterrorizan una ciudad costera tropical en una noche sin nubes. Cae veres carbonizados y desmoronados apariciones espectrales truenos y relámpagos que parecen venir de la nada y el cuerpo ensangrentado de una mujer han llevado a la policía a creer que el criminal no es humano. Incluso los Cielos se ven sacudidos por estos eventos y nuevos problemas se están gestando en los pasillos de Dios la gran ciudadela del infierno. En medio de estos acontecimientos tres individuos son arrojados a un conflicto celestial que involucra a ángeles, caídos demonios y humanos. Elenei una Principado de los Cielos enviado a la Tierra para perseguir a un asesino del infierno. Adrian un gamberro del equipo de baloncesto cuya muerte de su amante lo hace cuestionar su propósito y Nate un estudiante universitario que no duda en pelear para proteger a sus amigos. Pero cuando un error divino amenaza la salvación de las almas humanas cómo manejarán estos tres una alianza incómoda y enfrentar una amenaza infernal inminente que podrá derrotar a los ángeles de una vez por todas. **Borges the Unacknowledged Medievalist** M. Toswell, 2014-11-07. The Argentinian writer and poet Jorge Luis Borges 1899-1986 was many things during his life but what has gone largely unnoticed is that he was a medievalist and his interest in Germanic medievalism was pervasive throughout his work. This study will consider the medieval elements in Borges' creative work and shed new light on his poetry. *The Pan American Book Shelf*, 1940. *Spanish* Rose Lovenhart Friedman, Doris King Arjona, Esther Pérez Carvajal, 1936.

Spanish Reader of South American History Edward Watson Supple, 1917 **Confessional Cinema** Jorge

Perez, 2017-06-16 In *Confessional Cinema* Jorge Perez analyzes how cinema engaged the shifting role of religion during the last fifteen years of Francisco Franco's dictatorship. Perez interrogates the assumption that after 1957 when the Franco regime recast itself in a secular and modernizing fashion religion vanished from the cultural field. Instead Spanish cinema addressed the transformation within Spanish Catholicism following Vatican II and Spain's modernization processes. *Confessional Cinema* offers the first analysis of a neglected body of Spanish films: nun films which focus on the active role of religious women in the transformation of Spanish Catholicism. Perez argues that commercial films, despite being less aesthetically accomplished, delved more than oppositional art house films into the fluctuating zeitgeist of the development years regarding the transformations within Spanish Catholicism. *Confessional Cinema* offers a provocative and original analysis of the significance of religion not from a theological point of view but rather as a socio-political force and cultural determinant in the Spanish public sphere of this period, known as *desarrollismo* (development years from 1960-1975).
