level of the GMAT but is in a single sentence format that makes the practice easier than GMAT style questions The materials then progress to GMAT style skills practice exercises that are at the level of the actual test but cover only the material from that particular lesson Thorough explanations follow each skills practice exercise and each GMAT style practice exercise After all the individual lessons have been mastered GMAT style tests are presented These GMAT style tests contain questions that cover points from each of the lessons These questions are at the difficulty level of the GMAT and contain the same selection of skills as the GMAT Thorough explanations follow each skills practice exercise and each GMAT style test
