Go Get That Grant A Practical Guide For Libraries And Nonprofit Organizations:

Go Get That Grant! Gail M. Staines, 2016-07-08 This book is a practical how to guide for those interested in writing procuring and implementing grants The second edition has also been expanded to include a new chapter on how to become a grant writer From gathering basic information about an organization through accepting and implementing the grant award expert advice is provided then illustrated through step by step guides along with numerous examples This publication is designed to be used by those writing grants on behalf of libraries as well as nonprofit organizations Information about types of grants available through government agencies and foundations as well as how to locate funding opportunities has all been updated in this second edition The process of identifying a fundable project and how to carefully select potential sources of funding are explained Proven writing strategies show how to make your grant application stand out from the rest Making sure that program implementation is as smooth as possible is shared in order to eliminate any potential obstacles that may arise Several appendices show samples of strategic plans narratives budgets needs assessments evaluations and much more Examples are tailored to libraries and nonprofit organizations The author has shared her 20 years experience successfully procuring and implementing foundation and government grants It is the most current and practical publication of its kind available today and will prove to be enormously useful in these tough economic times when decreased available funding opportunities are resulting in increase competitiveness n b This book is not intended for those seeking funding for science based or social science based projects that involve experiments and may involve human and or animal subjects *Library Management 101* Lisa K. Hussey, Diane L. Velasquez, 2019-04-09 In addition to providing students with a solid foundation in library management with its structured practical knowledge this impressive volume will also benefit experienced managers

Public Health Research Methods for Partnerships and Practice Melody S. Goodman, Vetta Sanders

Thompson, 2017-11-01 Translating research into practice involves creating interventions that are relevant to improving the lives of a target population Community engaged research has emerged as an evidence based approach to better address the complex issues that affect the health of marginalized populations Written by leading community engaged researchers across disciplines each chapter covers a different topic with comprehensive guides for start to finish planning and execution The book provides a training curriculum that supports a common vision among stakeholders as well as a survey of methods based on core MPH curriculum Practical appendices and homework samples can be found online Public Health Research Methods for Partnerships and Practice will appeal to researchers and practitioners in community or government sectors interested in conducting community engaged work **Proposal Planning & Writing** Jeremy T. Miner, Kelly C. Ball-Stahl, 2019-08-02 No matter whether you are approaching public or private sponsors this thorough and detailed step by step guide will enable you to plan and write winning proposals Grantseeking is always a competitive process As organizational needs outstrip resources groups turn to grants as a means of strengthening their financial footing while pursuing their missions This book draws on

the authors three decades of grantseeking experiences in writing successful proposals conducting grant workshops nationwide reviewing government and foundation proposals and critiquing application guidelines for grantmakers to lead readers through the process of planning and writing successful proposals The authors first provide practical strategies for project planning including identifying sponsors matching grantseeker needs to sponsor priorities and qualifying prospects through pre proposal contacts The authors then guide users systematically through proposal writing including introducing a template for letter proposals to private foundations and corporations describing the primary elements of government proposals and providing tips for constructing a realistic budget This advice as well as the key questions to answer before you begin writing actual proposals that were declined with rejection reasons and complete sample letter proposals comprised in this volume will help both beginning and experienced grantseekers to better plan and develop fundable projects

Research Methods in Library and Information Science Lynn Silipigni Connaway, Marie L. Radford, 2021-05-24 The seventh edition of this frequently adopted textbook features new or expanded sections on social justice research data analysis software scholarly identity research social networking data science and data visualization among other topics It continues to include discipline experts voices The revised seventh edition of this popular text provides instruction and guidance for professionals and students in library and information science who want to conduct research and publish findings as well as for practicing professionals who want a broad overview of the current literature Providing a broad introduction to research design the authors include principles data collection techniques and analyses of quantitative and qualitative methods as well as advantages and limitations of each method and updated bibliographies Chapters cover the scientific method sampling validity reliability and ethical concerns along with quantitative and qualitative methods LIS students and professionals will consult this text not only for instruction on conducting research but also for guidance in critically reading and evaluating research publications proposals and reports As in the previous edition discipline experts provide advice tips and strategies for completing research projects dissertations and theses writing grants overcoming writer s block collaborating with colleagues and working with outside consultants Journal and book editors discuss how to publish and identify best practices and understudied topics as well as what they look for in submissions

Knowledge into Action Danny P. Wallace, Connie J. Van Fleet, 2012-06-12 The only book currently available that comprehensively integrates research and evaluation for evidence based library and information science practice Numerous books cover research and evaluation in general but not within the context of library and information science Many others cover the field of library and information science overall but with little focus on research Knowledge into Action Research and Evaluation in Library and Information Science offers in a single volume an expert introduction to these two distinct yet deeply interrelated phases of information gathering as they are practiced in the information sciences Knowledge into Action takes readers through the core principles working processes and practical tools for conducting and evaluating research in library and information science enhancing the presentation with

examples informational graphics study questions and exercises directly relevant to this field It is a welcomed resource for students and scholars who want to use appropriate techniques for gathering and assessing research as well as information professionals looking to improve services at their libraries or information centers The book is also designed to educate practitioners as consumers of the research and evaluation literature and as active participants in professional conferences meetings and workshops *Small Business and the Public Library* Luise Weiss,Elizabeth Malafi,Sophia

Serlis-McPhillips,2011-07-26 Aligning with current difficult economic times this book helps libraries assist users entering or already involved in the small business community **Universal Design** Gail Staines,2012-07-05 Universal Design provides

practitioners graduate students and other professionals interested in obtaining practical advice on how to effectively create and re create interiors of academic libraries for teaching learning and research The academic library as place continues to evolve around the idea that the existing environment can have multiple uses Partnerships with other college and university agencies such as centers for teaching excellence and writing centers have compatible missions with those of academic libraries Established within the building proper these facilities will better serve students and faculty The book fills the need for current information about how to effectively design and re design academic library spaces to meet the ever changing needs for today s and tomorrow s students faculty and researchers Provides practical advice that can be applied immediately Includes brief and to the point explanations and information for the time crunched reader Easy to locate references are provided if the reader seeks additional information *Fundamentals of Collection Development and Management* Peggy

Johnson,2018-01-16 As a comprehensive introduction for LIS students a primer for experienced librarians with new collection development and management responsibilities and a handy reference resource for practitioners as they go about their day to day work the value and usefulness of this book remain unequaled **Fundamentals of Collection Development and**

Management, Fourth Edition Peggy Johnson,2018-07-23 Technical Services Quarterly declared that the third edition must now be considered the essential textbook for collection development and management the first place to go for reliable and informative advice For the fourth edition expert instructor and librarian Johnson has revised and freshened this resource to ensure its timeliness and continued excellence Each chapter offers complete coverage of one aspect of collection development and management including numerous suggestions for further reading and narrative case studies exploring the issues Thorough consideration is given to traditional management topics such as organization of the collection weeding staffing and policymaking cooperative collection development and management licenses negotiation contracts maintaining productive relationships with vendors and publishers and other important purchasing and budgeting topics important issues such as the ways that changes in information delivery and access technologies continue to reshape the discipline the evolving needs and expectations of library users and new roles for subject specialists all illustrated using updated examples and data andmarketing liaison activities and outreach As a comprehensive introduction for LIS students a primer for experienced

librarians with new collection development and management responsibilities and a handy reference resource for practitioners as they go about their day to day work the value and usefulness of this book remain unequaled Public Library Administration Transformed Karen Starr, Patrick Ragains, 2018-09-18 Public libraries have historically faced challenges as viable units in local government As society struggles with issues related to the scope and effectiveness of government librarians must ask How and why will communities support public libraries in the 21st century Public Library Administration Transformed covers public library administration in a comprehensive and detailed manner Chapters cover administrative functions of the library public finance administrative law library governance human resources leadership strategic planning program management and evaluation marketing and public relations intergovernmental relations cooperative government The discipline of public administration develops skills that are vital to successful libraries Grounded in the context of public administration this book provides a framework for future library services focusing on effective public sector skills organizational and service innovation information technology readers and the full range of library constituents Suitable for use in public library classes exam copies are available to qualified instructors of such courses upon request

Collaborative Grant-Seeking Bess G. de Farber, 2016-05-08 A collaborative approach to grant seeking can stimulate and reshape the culture of your library organization The exciting and rewarding activities of developing a successful grants program can yield enormous dividends for the benefit of your staff patrons and community Collaborative Grant Seeking A Practical Guide for Librarians will share new insights for those who want to access grant funding without reinventing the wheel Based on years of practical grant writing and collaboration development experience this resource provides a complete guide for setting up a library grant seeking program and for combining forces with community partners to increase grant funding to libraries Venturing into the grants world can be scary and unpredictable This book offers detailed strategies and practical steps to establish a supportive and collaborative environment that creates the capacity to consistently develop fundable proposals and gives readers the confidence needed to make grant seeking activities commonplace within libraries Collaborative Grant Seeking will share featured topics unavailable in other grant writing publications such as interpreting sponsor guidelines identifying appropriate funding programs determining the feasibility of project ideas asset based vs need based proposal development strategies actual examples of successful and unusual library projects initiating and sustaining collaborative relationships *Resources in Education* , 2001-04 **Makerspaces** John J. Burke, 2018-01-23 Makerspaces A Practical Guide for Librarians Second Edition is an A Z guidebook jam packed with resources advice and information to help you develop and fund your own makerspace from the ground up Learn what other libraries are making building and doing in their makerspaces and how you can too Readers are introduced to makerspace equipment new technologies models for planning and assessing projects and useful case studies that will equip them with the knowledge to implement their own library makerspaces This expanded second edition features eighteen brand new library makerspace profiles providing advice

and inspiration for how to create your own library makerspace over twenty new images and figures illustrating maker tools and trends as well as library makerspaces in action and new lists of actual grant and funding sources for library makerspaces
