God Dreams 12 Vision Templates For Finding And Focusing Your Church's Future:

God Dreams Will Mancini, Warren Bird, 2016 *God Dreams* provides church leaders with a practical tool to identify and build on your church's strengths for greater Kingdom impact

ReClaimed Church Bill Henard, 2018-06-01 It's no secret churches are dying Tragically thousands of churches in the United States are shrinking some closing their doors forever The key to reversing these trends argues Bill Henard is for a local church to recognize where it is in the church life cycle Unless churches intentionally do something about it many of them will follow the same pattern from birth to plateau and eventually to death But if a church learns to identify its place within the life cycle and embraces the necessary processes it can return to growth In a day when church membership has decreased evangelistic zeal has cooled and budgets are disappearing *ReClaimed Church* is the tool that struggling churches need Having previously written and taught seminary courses on church revitalization Bill Henard uses his expertise to provide all the practical insights and instructions needed to reclaim your church

Planting Missional Churches Ed Stetzer, Daniel Im, 2016-05-01 In this second edition of *Planting Missional Churches* not only will you find a completely redesigned book with new content in every single chapter but you will also find several new chapters on topics such as church multiplication residencies multi ethnic ministry multisite denominations and networks and spiritual leadership

Better Together Jim Tomberlin, Warren Bird, 2020-08-04 Thousands of Protestant churches are perplexed by plateaued or declining attendance while other congregations nearby thrive Is there a way for them to combine forces drawing on both their strengths in ways that also increase their missional impact In *Better Together Expanded and Updated Making Church Mergers Work* church merger consultant Jim Tomberlin and award winning writer Warren Bird make the case that mergers today work best not with two struggling churches but with a vital momentum filled lead church partnering with a joining church This much needed resource describes the range of mergers for strong stable stuck and struggling churches No matter what type of merger a church may be considering the authors address key questions about the process How can a merger help a church go forward How will a merger process unfold Where can a declining church find another congregation to join What are the pitfalls that both pastor and congregation should avoid How can better together lead to more rather than fewer life giving high impact reproducing churches They provide a complete practical hands on guide for church leaders of both struggling and vibrant churches so they can understand the issues develop strategies and execute mergers for church expansion and renewal ultimately so they can reinvigorate declining churches and give them a second life No matter what your motivation for merging your church with another to begin a new church life cycle cross racial lines reach more people for Christ multiply your church's impact or better serve your local community *Better Together* will give you the tools you need to create a thriving new entity

Church Revitalization Russell N. Small, 2023-04-11 There are more churches needing revitalization than there are leaders skilled for the work *Church Revitalization* guides current and future leaders through the often complex process of bringing a church to a place of

vibrancy This book demonstrates how the overarching goal of seeing people come to faith in Christ and develop into Christlikeness can and must inform the most foundational to the most fleeting aspects of revitalizing a struggling church

Church Revitalization Strategist Rusty Small systematically walks readers through the many considerations of leading a church out of a decline He helps identify the best approach for addressing what a particular church s revitalization need may be Refresh often most fitting after a difficult season in the church s life Renovate needed when a decline has lasted five to ten years Restore appropriate for churches with generational patterns focused on survival Replant best for a church facing imminent closure Few joys compare to seeing God s life and power realized for the local church when believers begin to think and serve as Jesus did Small will encourage pastors and church leaders engaged in this critical task If God is calling you to church revitalization take and read *How to Break Growth Barriers* Carl F. George, Warren Bird, 2017-04-04

Some churches grow rapidly only to hit a ceiling Other churches have experienced declining or static attendance many of them for decades Frustrated pastors and church leaders want growth methods that work but without adding to pastoral fatigue How to Break Growth Barriers argues that growth comes when effective leadership and lay empowerment skills work hand in hand This requires a shift of focus from the shepherd as the primary caregiver to shepherd as developer and coach of many caregivers The authors show pastors how to communicate a vision for the future and then how to lead the congregation into the paradigms necessary for potentially limitless growth The strategies found in this book are not only tried and true and taken from a biblical perspective of a harvest vision They re also newly updated to reflect our changing culture including helpful charts and checklists for self evaluation [What Comes Next?](#) Nicholas Skytland, Alicia Llewellyn, 2021-01-05

What if instead of keeping up with change you could get ahead of it Our mission as Christians was the same yesterday as it is today and will be tomorrow The world however is changing faster than ever before and keeping up feels impossible The realities of human life from how we develop relationships to how we use technology to have impact therefore change rapidly too It s critical that Christian leaders take this into consideration as they plan for their organizations future In What Comes Next strategists and innovation experts Nick Skytland and Ali Llewellyn use the eight elements of their Futures Framework to teach us how to help shape the future be visionary and grow our businesses and ministries This futures thinking process is a proven solution for executives entrepreneurs pastors and anyone in between who struggles to respond to an ever changing world

Replicate Robby Gallaty, Chris Swain, 2020-06-02 A Practical Guide to Creating and Sustaining a Culture of Disciple Making in Any Church Over the last few decades American churches have produced plenty of converts but not as many mature believers Studies show the majority of Christians don t even understand the basics of faith But how do you tackle such a big problem Replicate shows church leaders how to make disciples who make disciples and get the rest of your church on board as well This one on one relational ministry is how Jesus laid the foundation for His church that is still growing today and it s how we continue the work in our own local congregations Learn the five marks of a healthy disciple

making church how to influence culture uproot misconceptions of the church and the gospel and change your church and community No more focusing on mere numbers it s time to grow in maturity and through multiplication [Rooted Leadership](#) John Johnson,2022-06-14 Behind many of the challenges facing us today is a failure of leadership This is not a new problem Yearning for wise guidance and effective authority is a perennial human longing We need leaders who are credible competent and committed But many leaders seem to be caught up even consumed with their own power and agendas Some see the leadership crisis as an intellectual problem believing we lack a clear theory of leadership Others view the breakdown of leadership as a result of increasing deficiency in moral character Most leadership books today revolve around the concepts of motivation inspiration empowerment and teamwork Helpful as these themes might be they miss something more fundamental Leadership needs a theological foundation that will be useful for shaping the undergirding principles and evaluating current leadership theories and practices We need to view leadership from the vantage point of God In [Rooted Leadership](#) John E Johnson explores how Christian theology provides an overarching leadership framework and applies that theory to leadership practices Spiritual reflection guided by scripture points us to the very center of leadership God and the purpose of leadership that we might display his glory All the best forms of leading take their cues from who God is his purposes and his ways of working with people that he has progressively revealed Building on three decades of research study and experience as a global leader Johnson surveys the landscape of contemporary leadership theory unpacks the assumptions and beliefs that underly current trends and responds by offering a robust approach to leadership founded on the character work and words of God [No Silver Bullets](#) Daniel Im,2017-09-01 What if I told you that you were only one step away from unlocking new levels of maturity and growth in your church The myth of the silver bullet still exists because we desperately want it to We all prefer quick fixes and bandage solutions to the long hard slow work that produces real change So the moment we learn about a new ministry or strategy and see its effect in another church we run to implement it in our own Unfortunately this impulse is usually met by opposition skepticism and ultimately rejection What if the solution isn t a new model or a complicated strategy but a shift in perspective What if you could keep your church s current vision values and model and simply make a few micro shifts leading to macro changes This book explores five micro shifts that have the potential to produce macro changes in your church As you read you will discover how to integrate these micro shifts into the life of your church starting with the way you disciple You will finish by developing a plan to structure communicate and evaluate these changes to ensure that they take root and pave the way for lasting change and kingdom impact [The Right Questions for Church Leaders](#) Lovett H. Weems JR.,2025-04-15 Creativity and innovation in your ministry begin with asking the right questions Unlock the power of wise questioning with this essential guide for church leaders Esteemed advisor Lovett H Weems Jr compiled lists of leadership questions over many years testing and analyzing them in local churches and other ministry settings This book is the culmination of that careful work It provides

Future Church Will Mancini, Cory Hartman, 2020-12-01 Church growth models have often been long on promises and short on disciple making We continue to watch consistent church attendance shrink and our desire to reach the lost is infected with a need for self validation by growing our numbers at any cost If we believe that God wants his church to grow where do we go from here What is the future of the church Drawing from his 20 years and 15 000 hours of consulting author Will Mancini shares with pastors and ministry leaders the single most important insight he has learned about church growth With plenty of salient stories and based solidly on the disciple making methods found in Scripture *Future Church* exposes the church's greatest challenge today and offers 7 transforming laws of real church growth so that we can faithfully and joyfully fulfill Jesus's Great Commission
