God Is At Work Transforming People And Nations Through Business:

God is at Work Kenneth A. Eldred, 2005-01-01 It is not by chance that democratic capitalism flourished first and foremost in countries with a strong Judeo Christian worldview Scriptural principles include the equality of each person before the law the sanctity of property rights the ethical demand to be fair and compassionate employers the injunction to work diligently and honestly the grace to undertake new endeavors and a hope for the future A business environment characterized by heartfelt biblical morality will be far more successful than one that is characterized by dishonesty disloyalty distrust and disorder On the flip side where these biblical values are not present capitalism will fail to live up to its potential Thus economic transformation requires a spiritual transformation in which minds are renewed and new values are adopted

The Kingdom of God in Working Clothes R. Paul Stevens, 2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God's new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news

Equipping Laypeople for Transformational Workplace Ministry Caroloretta Tucker,2010-11 Equipping Laypeople Many Christians fail to see their places of work as their most logical mission field missing opportunities for both workplace ministry and evangelism Those who do see their places of work as a mission field are making a tremendous difference where they work Given the amount of hours typically spent working the personal trials and dysfunctions many carry with them to work as well as the poor working conditions of many American workers there is a tremendous need for Christians to transform their places of work Even though many pastors tell their church members to go out and reach people they are not providing them with the necessary training to reach those in the workplace There is a great need for laypeople to be built up to be creative and to live out their faith at work Pastors have been given the ultimate privilege of equipping God s people for service Churches must be intentional about providing laypersons with the theological tools and practical information necessary to understand and effectively exercise workplace ministry We must begin by accepting that all God s people are placed in workplace ministry and seek to know God s original plan for work as well as how to integrate work and faith In **EQUIPPING LAYPEOPLE FOR TRANSFORMATIONAL WORKPLACE MINISTRY** Caroloretta Tucker offers her Doctorate s thesis research results to pastors and churches as a firm foundation for this effort Discovering the Mission of God Mike Barnett,Robin Martin,2012-07-03 Written by a team of 21st century scholar practitioners Discovering the Mission of God explores the mission of God as presented in the Bible expressed throughout church history and in cutting edge best practices being used around the world today **Management by the Book** Robert Case,2022-06-06 In **Management by the Book** Robert Case masterfully weaves Old and New Testament management examples and principles commentary from scholars insight from theologians practices from contemporary business owners and observations from Case himself to present a picture of management utterly unique in business literature **Making Your Money Count** Kenneth C. Halfway Up the Mountain Mark Wagner, William Wagner, 2020-12-29 Recently a top Christian leader wrote an article entitled America is in Crisis What do we do This theme was very interesting to me thus I read it with great expectations but was sorry to hear once again that the apparent answer to the question was to return to the old methods that we have been using in the past The world is changing and there are myriads of new possible methods and tools that can be used in the proclamation of the Gospel We need to seek new answers to the question of What do we do The title of this book shows both the success of the past but also give us new challenges for the future Our goal is to complete the great Commission of Jesus Christ and that is to Make disciples of all nations We have had much success in that at the present time we can say that approximately one third of the world claims some adherence to the Christian Faith But the job is not yet completed We are only half way there In climbing a mountain the start is easy and exciting We look at the beautiful peaks and can imagine what it will be like when we reach the top of the mountain Once we have reached the peak we have an unspeakable joy as to our accomplishments It is only when we are halfway up the mountain that real discouragement sets in When we are half way towards our ultimate goal we need to get ready for the more difficult part of the task We have accomplished much but still much needs to be done There are twelve authors who have contributed to this book All are experts in one of the ten mountains of culture The writers of this book are suggesting how we can look at the ten mountains of culture and discover new and creative ways of making the Gospel known to all peoples This book is intended to both inform the reader of the present situation and to challenge them to think on what we can accomplish when we apply mega thinking to our present satiation Authors Jenny Clark Alan Cross Timothy Goropevek Thomas K Johnson John Langlois David McAlvany Mary Catherine McAlvany Timo Plutschinski Charles Reynolds Hans Gu nter Schmidts Walker Tzeng Mark Wagner William Wagner
