John Foxe, George Townsend, Stephen Reed Cattley, 1839 **Bible Secrets Revealed** Barry G. Wood, 2008-04 Wood illuminates the Scriptures in order to open the door to the realm of the Spirit to give understanding that leads people out of the bondage of religious tradition into the glorious liberty of the sons of God. Christian **Jerusalem and Athens** E. A. Judge, 2010. E. A. Judge's third collection of essays moves on from Rome and the New Testament to the interaction of the classical and biblical traditions to the cultural transformation of late antiquity and to the contested heritage of Athens and Jerusalem in the modern West. A lifelong interest in Rome bridges this range. Christianity emerges as essentially a movement of ideas opposed at first to the cultic practice of ancient religion which had been meant to secure the existing order of things. The new message with its demanding morality laid the foundations for our radically different sense of religion as the quest for the ideal life. The Judge method tackles such momentous questions by starting with textual detail translated from Latin and Greek. Inspired by the project of the Dolger Institut in Bonn, the interaction of antiquity and Christianity he brings to it a particular focus on those documents of the times retrieved from stone or papyrus. The collection reflects the more holistic approach to history starting with the ancient world that has been developed at Macquarie University in Sydney where diverse interests are now drawn together from as far back as ancient Egypt or China in an attractive approach to the modern world.
