Gods Light Psychiatric Physicians Experience:

God's Light DR RICK. SCARNATI,2017-12-12 A Forensic Psychiatric Physician s Experience of Creation from God s Light When Dr Rick Scarnati was born he was aware of having had an awe inspiring experience Seventy three years later he discovered what that experience was when he was Hypnotically Time Regressed He was successfully sent back in time to his creation from God s Light Dr Rick Scarnati brings the world three inspirational messages from God s Light We were all created from God s Light We all have a grave responsibility to reflect God s Light in everything we do Because we were created from God s Light nothing is impossible *Imagine the God of Heaven* John Burke,2023 Millions of people around the world have reported a near death experience Do they prove the existence of a loving God Never in history until now have we been able to hear from so many people around the world who have been brought back from clinical death Modern medical resuscitation and digital communication have revealed a goldmine of intriguing near death experiences NDEs that show us the character of God John Burke has spent the last three decades studying the commonalities of more than 1000 NDEs His investigative journey started as a skeptical agnostic when his own father was dying from cancer When he first read these eyewitness accounts he couldn t help asking himself Could this be real evidence even possible proof of God s existence John Burke unveils the love story and characteristics of this God of all nations revealed throughout history and in Scripture now illustrated by these thrilling encounters You will realize God s love power compassion friendship and guidance are closer than you could ever imagine And for such a time as this people need to know a loving God is within their reach It's a GOD Thing! Ann Cabb,2011-07-29 It s a GOD Thing is a culmination of the death experiences I have lived This book is to tell the world there really is more than this earthly life It is imperative for people to be aware of what their choices will bring to themselves beyond this life I looked back at the elderly lady to confirm what I knew to be true yes she was dying they were waiting for her I watched the angels watch the elderly lady s loved ones do what humans do to get prepared to lose someone they love Their presence radiated feelings of peacefulness and love feelings that had no words What did the angels look like Any adult you see on the street except they were in robes and were transparent They a male and a female stood at the end of the elderly lady s bed I could see the wall behind the entities who were silently standing at the end of the bed waiting The entities turned and looked at me without showing any emotions or speaking and I knew they knew I could see them Relatives of the elderly lady milled around the bed talking to each other in low voices Some of the relatives walked right by the angels with neither acknowledging the other The God Impulse Kevin Nelson,2011-03-03 Why do people have near death experiences Are there physical explanations for those out of body sensations and tunnels of light And what about moments of spiritual ecstasy If Buddha had been in an MRI machine and not under the Bodhi tree when he attained enlightenment what would we have seen on the monitor In THE GOD IMPULSE Kevin Nelson a neurologist with three decades experience examining the biology behind human spirituality deconstructs the spiritual self uncovering its origin in the most primitive

areas of our brain Through his revolutionary studies on near death experience Nelson has discovered that spiritual experience is an incidental product of several different neurological processes acting independently When we feel close to God or sense the presence of departed relatives we may believe that we are standing at the border of this world and the next as individual autonomous rational creatures touching God The reality is far different our brain function resembles a Cubist painting by Picasso or Braque and the experiences we regard as the height of our humanity are in fact produced by primal reflexes THE GOD IMPULSE takes us on a journey into what Nelson calls the borderlands of consciousness The book offers the first comprehensive empirically tested peer reviewed examination of the reasons we are capable of near death experience out of body experience and the mystical states produced by hallucinogenic drugs

The Superiority of the Word of God over Psychiatry Dr. Robert Phillips,2024-12-20 This book compares the Bible and psychiatry in depth exploring their origins methodologies and effectiveness The author contends that the Bible is a superior source of guidance and wisdom noting that it was written by men inspired by God s divine Word As such the Bible is considered a reliable and trustworthy source of information offering answers to life s most complex questions In contrast psychiatry is depicted as a pseudoscience that lacks credibility and evidence based practices The DSM 5 which is often regarded as psychiatry s Bible is criticized for its inconsistencies and revisions with the author suggesting that these factors undermine its legitimacy as a scientific tool The text highlights the longevity and endurance of the Bible noting that it has been proven over centuries and has stood the test of time In contrast psychiatry is a relatively new field only a few hundred years old and has yet to prove its effectiveness in treating mental health issues The author suggests that prayer and belief in God are the solutions to life s problems arguing that the Bible provides the moral and ethical framework for living a fulfilling life In contrast psychiatry is viewed as a flawed and ineffective approach to mental health with little evidence of success in curing people and even causing psychological and physical abuse The text emphasizes the importance of God s Word which embodies love healing and salvation as opposed to psychiatry s mistreatment and hatred The author argues that psychiatry s reliance on medication and talk therapy is insufficient and that a spiritual approach is necessary for true healing and fulfillment In summary the text advocates for the superiority of the Bible over psychiatry which is perceived as a flawed and ineffective approach to mental health The author contends that a spiritual approach to life s challenges is essential for achieving true happiness and fulfillment
