the developing nation And how are the re writings of Dante in the Argentine canon in dialogue with one another What Sottong found remarkably was that rewriting Dante was a way for Argentine authors to voice their views on the direction that should be taken to develop Argentine letters Dante became something of a literary guide as Argentine intellectuals navigated the complex labyrinth of their national identity The consistent rewriting of the Divine Comedy in the Argentine context testifies to the fact that great works of literature can be revived during different periods and even reappropriated by various peoples to foster mythologies of inclusion or exclusion related to national identity *Bibliografía española* ,2003-11
