La Rebelión de Atlas de Ayn Rand:

La rebelión de Atlas Ayn Rand, 2019-05-14 LA ECONOMÍA DE ESTADOS UNIDOS SE ENCUENTRA EN ruinas Las empresas cierran en las tiendas es imposible encontrar los productos básicos y la población empieza a perder la esperanza en recuperar la prosperidad y la autonomía La respuesta del gobierno es aumentar cada vez más las regulaciones el control de cualquier actividad y el colectivismo La rebelión de Atlas es una novela de misterio pero como dijo Ayn Rand no sobre el asesinato del cuerpo de un hombre sino sobre el asesinato y el renacimiento del espíritu humano Es la historia de un hombre que dice que parará el motor del mundo y lo hace Es ese hombre un destructor malvado o el mayor de los libertadores Por qué tiene que luchar no contra sus enemigos sino contra aquellos que más le necesitan incluso contra la heroína a quien ama Obra cumbre de la gran defensora de la razón y de la libertad individual frente a los excesos del Estado y su mentalidad autoritaria en ella Rand expone cómo el declive de la competencia entre las grandes empresas la desmoralización entre quienes deberían liderar la actividad económica y creativa y la inercia del ciudadano común conducen a la pobreza moral y material Mezcla de thriller de acción en las altas esferas y de reflexión filosófica sobre el Estado y el individuo La rebelión de Atlas resume la filosofía de Ayn Rand en una historia que integra de forma magistral cuestiones relacionadas con la ética la metafísica la epistemología la política la economía y el sexo Si quieres leer un nuevo libro y entender la visión del mundo de Rand este es el libro Atlas Shrugged Ayn Rand, 1957 La rebelión de Atlas Ayn Rand, 1992 Esta es la cautivante historia de un hombre que promete detener el motor del mundo y lo hizo **Ideal** Ayn Rand, 2020-10-20 Kay Gonda es una actriz bella y atormentada que tras ser acusada de asesinato pide ayuda a seis admiradores que le habrán escrito cartas en las que todos le dicen que ella representaba su ideal Un respetable hombre de familia un activista de extrema izquierda un artista cínico un evangelista un playboy y un alma perdida cada uno responde de manera distinta ante la petición de auxilio de Kay que quiere saber hasta qué punto estos hombres están dispuestos a proteger a su ideal A diferencia de la opinión convencional en la filosofía de Ayn Rand es posible alcanzar el ideal pero lograrlo requiere integridad Kay Gonda obliga a sus devotos admiradores a enfrentarse a la irrealidad de sus ideales en lo que acaba siendo una guía filosófica para entender la hipocresía las ideas y las actitudes que hacen que los ideales se vuelvan impotentes y estériles Pero no todos los personajes renuncian a sus ideales Y esa es la intriga de esta obra singular y coherente dentro del pensamiento de Rand descubrir qué admiradores permanecerán fieles a sus ideales y qué forma adoptar su lealtad Ayn Rand escribió *Ideal* en 1934 como una novela pero pensó que la historia se desarrollaría mejor como obra de teatro y dejó a un lado la versión narrativa Con este volumen los millones de seguidores de Ayn Rand pueden leer por primera vez en castellano las dos versiones de *Ideal* lo que les permitirá explorar el proceso creativo de una de las pensadoras más relevantes del siglo XX **La rebelión de Atlas** Ayn Rand, 1961

Himno / Anthem Ayn Rand, Jon Rouco, 2013-11 In a future where there is no love no science and everyone is equal and of one entity one man defies the group to be his own person *Exploring Atlas Shrugged* Edward W. Younkins, 2021-07-13 This

book explores Ayn Rand's monumental work *Atlas Shrugged* which presents a revolutionary new philosophical system in the form of an inspiring novel. Edward W. Younkins explains how Rand's masterwork is one of the most influential books ever published, impacting a variety of disciplines including philosophy, literature, economics, business, and political science among others. *Exploring Atlas Shrugged* analyzes the novel's integrating elements of theme, plot, and characterization from many perspectives and on many levels of meaning. The chapters in this book are accessible and rewarding, offering fresh insights to both new readers and to scholars who have studied Rand's masterpiece over many years. It is also a valuable resource for teachers and students who use *Atlas Shrugged* in their classes. Such a rich and complex novel warrants and rewards additional study and critical analysis. The author explains how *Atlas Shrugged* expounds a radical philosophy presenting a view of man and man's relationship to existence and manifesting the essentials of an entire philosophical system of metaphysics, epistemology, politics, and economics.

La rebelión del Atlas Ayn Rand, 2004 *Atlas Shrugged* Ayn Rand, 2005-04-21

Peopled by larger than life heroes and villains charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's magnum opus, a philosophical revolution told in the form of an action thriller nominated as one of America's best loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy, why a great steel industrialist is working for his own destruction, why a composer gives up his career on the night of his triumph, why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged* a modern classic and Rand's most extensive statement of Objectivism, her groundbreaking philosophy offers the reader the spectacle of human greatness depicted with all the poetry and power of one of the twentieth century's leading artists.

Ayn Rand 1905-1982. Government help to business is just as disastrous as government persecution; the only way a government can be of service to national prosperity is by keeping its hands off. Ayn Rand. Ayn Rand was born in St. Petersburg, Russia, to Jewish parents on February 2, 1905, as Alisa Zinovyevna Rosenbaum, and she lived through the turbulence and transformation of early 20th century Russia. Her first exposure to reading came after she taught herself how to read at age six, and she decided at nine years old to become a writer after a chance encounter with the books of Victor Hugo, the writer she admired most. The seminal events in the young would-be writer's life came just a few years later when she witnessed firsthand the Bolshevik Revolution and the ultimate Communist victory as a teenager. Rand's experience with the maelstrom of this revolutionary zeal and cultural breakdown greatly contributed toward the formation of Rand's philosophy of objectivism, individualism, and anti-religious ideas. During her last year of high school, she was introduced to the

history of the United States and immediately decided to make America her model of what an ideal society should look like Rand came to the United States as a young woman for a visit in 1925 and as fate would have it she never returned to Russia In middle age Rand continued trying to write in some capacity as a profession but she had also formed her personal philosophy of integrating ethics metaphysics epistemology politics economics and sexuality into what came to be called Objectivism or as she called it a philosophy for living on earth Rand began writing Atlas Shrugged her enormous three part major novel each with ten chapters in 1946 Nearly 10 years after it was begun she finished what ultimately became her greatest achievement and she poignantly dramatized her unique philosophy Though Atlas Shrugged had been a popular title when Ayn Rand published it in 1957 it's quite possible that the only reference to it that many Americans heard before 2009 came from the hit series Mad Men However this staple of conservative and libertarian reader took on new life as the new Obama Administration sought to use government resources to fix financial problems In 2009 with the global economy hemorrhaging jobs and Western governments pouring hundreds of billions of dollars in taxpayer money to bail out troubled financial firms and large companies frustrated people and political analysts turned to a book written over 50 years earlier as a guide out of the abyss Conservative politicians like Ron Paul who named his son after Rand and commentators like Glenn Beck and Rush Limbaugh publicly praised Rand and her works and Supreme Court Justice Clarence Thomas labeled Atlas Shrugged one of his favorite novels By January 2009 one article in the Wall Street Journal was titled Atlas Shrugged From Fiction to Fact in 52 Years Over the last few years Rand has become a household name and her works have seen their sales spike Rand and her work are now some of the most influential and relevant works in America today Ayn Rand Atlas Shrugged chronicles the life ideology and writings of the most famous Libertarian writer examining her work and her enduring legacy Along with pictures of important people places and events you will learn about Ayn Rand and her magnum opus like you never have before in no time at all
