Within these pages readers will encounter stories of resistance from the rugged mountains of the Balkans to the urban landscapes of occupied Europe. This comic collection reminds us that the fight against fascism is far from over and that the courage and sacrifices of those who came before us continue to light the way. Partisans is a must read for anyone interested in history, social justice, and the transformative power of history and art.

The Routledge Companion to Comics Frank Bramlett, Roy Cook, Aaron Meskin, 2016-08-05 This cutting edge handbook brings together an international roster of scholars to examine many facets of comics and graphic novels. Contributor essays provide authoritative up to date overviews of the major topics and questions within comic studies offering readers a truly global approach to understanding the field. Essays examine the history of the temporal, geographical, and formal development of comics including topics like art comics, manga, comic and the comic code issues such as authorship, ethics, adaptation, and translating comic connections between comics and other artistic media, drawing, caricature, film, as well as the linkages between comics and other academic fields like linguistics and philosophy. New perspectives on comic genres from funny animal comics to war comics to romance comics and beyond. The Routledge Companion to Comics expertly organizes representative work from a range of disciplines including media and cultural studies, literature, philosophy, and linguistics. More than an introduction to the study of comics, this book will serve as a crucial reference for anyone interested in pursuing research in the area, guiding students, scholars, and comic fans alike.

Auroras of the Zapatistas Midnight Notes Collective (U.S.), 2001 The Midnight Notes Collective looks here not only at Mexico's Zapatista revolution directly but also at its enlightening and heating effects on the new social struggles elsewhere in Canada, India, Yugoslavia, the United States against the latest forms of capitalism, neo-liberalism, and globalization. This book aims to provide a special slant of light illuminating the slow and often unconscious formation of an anti-globalization movement, a movement confronting a collective body of social capital rapidly and self-consciously operating on a global level in the last decades and creating what the Zapatistas call the Fourth World War.
