fled Europe via Spain in tormenting circumstances Leonora Carrington Living Legacies brings together a collection of chapters that constitute a range of artistic scholarly and creative responses to the realm of Carrington emphasizing how her work becomes a medium a milieu and a provocation for new thinking being and imagining in the world The diversity of contributions from scholars early career researchers and artists include unpublished papers interviews creative provocations and writing from practice led interventions Collectively they explore question and enable new ways of thinking with Carrington s legacy

Wishing to expand on recent important scholarly publications by established Carrington researchers which have brought historical and international significance to the artist s legacy this volume offers new perspectives on the artist s relevance in feminist thinking and artistic methodologies Conscious of Carrington s reluctance to engage in critical analysis of her artwork we have approached this scholarly task through a lens of give and return that the artist herself musingly articulates in her 1965 mock manifesto Jezzamathatics I was decubing the root of a Hyperbollick Symposium when the latent metamorphosis blurted the great unexpected shriek into something between a squeak and a smile IT GAVE so to speak in order to return Aberth 2010 149 In adopting her playful conjecture this publication seeks to bring Carrington and her work to further prominence
