The Wild Wisdom of Weeds Katrina Blair, 2014-10-07 The Wild Wisdom of Weeds is the only book on foraging and edible weeds to focus on the thirteen weeds found all over the world each of which represents a complete food source and extensive medical pharmacy and first aid kit More than just a field guide to wild edibles it is a global plan for human survival When Katrina Blair was eleven she had a life changing experience where wild plants spoke to her beckoning her to become a champion of their cause Since then she has spent months on end taking walkabouts in the wild eating nothing but what she forages and has become a wild foods advocate community activist gardener and chef teaching and presenting internationally about foraging and the healthful lifestyle it promotes Katrina Blair's philosophy in The Wild Wisdom of Weeds is sobering realistic and ultimately optimistic If we can open our eyes to see the wisdom found in these weeds right under our noses instead of trying to eradicate an invasive we will achieve true food security The Wild Wisdom of Weeds is about healing ourselves both in body and in spirit in an age where technology commodity agriculture and processed foods dictate the terms of our intelligence But if we can become familiar with these thirteen edible survival weeds found all over the world we will never go hungry and we will become closer to our own wild human instincts all the while enjoying the freshest wildest and most nutritious food there is For free The thirteen plants found growing in every region across the world are dandelion mallow purslane plantain thistle amaranth dock mustard grass chickweed clover lambsquarter and knotweed These special plants contribute to the regeneration of the earth while supporting the survival of our human species they grow everywhere where human civilization exists from the hottest deserts to the Arctic Circle following the path of human disturbance Indeed the more humans disturb the earth and put our food supply at risk the more these thirteen plants proliferate It's a survival plan for the ages Including over one hundred unique recipes Katrina Blair's book teaches us how to prepare these wild plants from root to seed in soups salads slaws crackers pestos seed breads and seed butters cereals green powders sauerkrauts smoothies and milks first aid concoctions such as tinctures teas salves and soothers self care beauty products including shampoo mouthwash toothpaste and brush face masks and a lot more Whether readers are based at home or traveling this book aims to empower individuals to maintain a state of optimal health with minimal cost and effort Katrina Blair's charming and intelligent The Wild Wisdom of Weeds delivers just about the best argument I've read for the futility of figuring out what exactly qualifies as a native plant and why invasive can be a flawed concept New York Times The Wild Wisdom of Weeds is one of those rare and important books that has the capacity to radically alter your view of a world you thought you knew well You'll never look at weeds the same again Ben Hewitt author of The Nourishing Homestead

Universal versus Disney: The Unofficial Guide to American Theme Parks' Greatest Rivalry Sam Gennawey, 2014-10-20 Universal Studios never really wanted to get into the theme park business They wanted to be the anti Disney But when forced to do so they did it in a

big way Despite the fits and starts of multiple owners the parks have finally gained the momentum to mount a serious challenge to the Walt Disney Company How did this happen Who made it happen What does this mean for the theme park industry In Universal Versus Disney his newest work to investigate the histories of America s favorite theme parks seasoned Disney author Sam Gennawey has thoroughly researched how Universal Studios shook up the multi billion dollar theme park industry one so long dominated by Walt Disney and his legacy Handbook of Research on Digital Crime, Cyberspace Security, and Information Assurance Cruz-Cunha, Maria Manuela,Portela, Irene Maria,2014-07-31 In our hyper connected digital world cybercrime prevails as a major threat to online security and safety New developments in digital forensics tools and an understanding of current criminal activities can greatly assist in minimizing attacks on individuals organizations and society as a whole The Handbook of Research on Digital Crime Cyberspace Security and Information Assurance combines the most recent developments in data protection and information communication technology ICT law with research surrounding current criminal behaviors in the digital sphere Bridging research and practical application this comprehensive reference source is ideally designed for use by investigators computer forensics practitioners and experts in ICT law as well as academicians in the fields of information security and criminal science **Political Campaigns in the United States** Richard K. Scher,2016-02-19 A Choice Highly Recommended Title January 2017 This book is an interpretive analysis of political campaigns in America instead of focusing on how campaigns are designed and run it investigates the role campaigns play in our American politics and the close symbiosis between campaigns and those politics The text examines how campaigns are an important manifestation of how we do politics in this country Hallmarks of this text include showing how campaigns can undermine our democracy and asking how democratic they and by extension our politics really are demonstrating that the ability of the media to accurately fairly and deeply report on campaigns has been severely compromised both because of the growing distance between campaigns and media outlets and because of the structure of Big Media corporate ownership and its tight relationship to Big Money It asks important questions about the media including How do the media reporters in particular cover campaigns What pressures and forces shape what and how they present campaigns What is the impact of the ever increasing chasm separating campaigns and the media How does the close tie between corporate mainstream media and Super PAC money affect campaign coverage How does the ability of campaigns and media to segment voters into ever smaller slices influence how campaigns are covered tracking the continuing growth of unregulated private unaccountable dark money in campaigns as a threat to our democratic elections and politics Democracy rests fundamentally on transparency and accountability sunlight and our campaign laws and norms now allow and encourage exactly the opposite largely because of decisions by the United States Supreme Court **Focus On: 100 Most Popular American Game Show Hosts** Wikipedia contributors, Focus On: 100 Most Popular American Autobiographers Wikipedia contributors,
