documents how the queer community has been and continues to be one of the most significant shapers of American popular culture Currently no other book covers queer topics in American popular culture as broadly as this text **Twisted**

Poetics Jeanne Heuving, 2016-05-19 *The Transmutation of Love and Avant Garde Poetics* is a probing examination of how the writing of sexual love undergoes a radical revision by avant garde poets in the twentieth and twenty first centuries Today the exploration of love by poets long a fixture of Western poetic tradition is thought to be in decline with love itself understood to be a mere ideological overlay for the more real entities of physical sex and desire In *The Transmutation of Love and Avant Garde Poetics* Jeanne Heuving claims that a key achievement of poetry by Ezra Pound H D Robert Duncan Kathleen Fraser

Nathaniel Mackey and others lies significantly in their engagement with the synergistic relations between being in love and writing love These poets she argues have traded the clichéd lover of yore for impersonal or posthuman poetic speakers that sustain the gloire and mystery of love poetry of prior centuries As Robert Duncan writes There is a love in which we are outcast and vagabond from what we are that we call falling in love Heuving claims that this writing of love is defining for avant garde poetics identifying how such important discoveries as Pound's and H.D.'s Imagism Pound's Cantos and Duncan's open field poetics are derived through their changed writing of love She draws attention to how the prevailing concept of language as material is inadequate to the ways these poets also engage language as a medium as a conduit enabling them to address love afresh in a time defined through preoccupations with sexuality They engage love as immanent and change it through a writing that acts on itself The Transmutation of Love and Avant Garde Poetics ascribes the waning of love poetry to its problematic form a genre in which empowered poetic speakers constitute their speech through the objectification of comparatively disempowered subjects or beloveds Refusing this pervasive practice the poets she highlights reject the delimiting one-sided tradition of masculine lovers and passive feminine beloveds instead they create a more nuanced dynamic poetics of ecstatic exploration what Heuving calls projective love and libidinalized field poetics a formally innovative poetry in which one perception leads directly to the next and all aspects of a poem are generative of meaning

Langford,2013-01-11 This book looks at how heterosexual relationships really work Author argues that the process of falling in love is just a brief holiday from the gender roles which quickly reassert themselves in their old forms Topics covered include romantic love the problem of desire and the trouble with love Same Sex Intimacies Catherine Donovan,Brian Heaphy,Jeffrey Weeks,2003-09-02 Our families are increasingly a matter of choice and the choices are widening all the time This is particularly true of the non heterosexual world where the last ten years have seen a popular acceptance of same sex partnerships and to a lesser extent of same sex parenting Based on extensive interviews with people in a variety of non traditional relationships this fascinating new book argues that these developments in the non heterosexual world are closely linked to wider changes in the meaning of family in society at large and that each can cast light on the other Same Sex Intimacies gives vivid accounts of the different ways non heterosexual people have been able to create meaningful intimate relationships for themselves and highlights the role of individual agency and collective endeavour in forging these roles as friends partners parents and as members of communities This topical book will provide compelling reading for students of the family sexuality and lesbian and gay studies **Territories of the Psyche: The Fiction of Jean Rhys** A.

Simpson,2005-01-14 Jean Rhys is widely credited for exposing issues of gender nationality race and class in technically sophisticated arresting narratives Her lifelong exploration of the dynamics of the human psyche has however gone unrecognized This examination places Rhys fiction for the first time within the context of theories that reflect the interrelated perspectives of modern psychoanalysis In clarifying accounts of many approaches that are new to literary scholars as well as those that display the rich legacy of Freudian thought Simpson shows that the paradigms of psychoanalysis illuminate the interpretation of Rhys art With insightful references to the short stories and close readings of her five novels this study testifies to a remarkable achievement as Rhys recorded with unflinching candor the powerful drama of emotional life **A**

Sibley,2016-03-02 This volume explores more than two centuries of literature on the First Ladies from Martha Washington to Michelle Obama providing the first historiographical overview of these important women in U S history Underlines the growing scholarly appreciation of the First Ladies and the evolution of the position since the 18th century Explores the impact of these women not only on White House responsibilities but on elections presidential policies social causes and in shaping their husbands legacies Brings the First Ladies into crisp historiographical focus assessing how these women and their contributions have been perceived both in popular literature and scholarly debate Provides concise biographical treatments for each First Lady *Imagining Sex* Sarah Toulalan,2007-09-06 Imagining Sex is a study of pornographic writing in seventeenth century England It explores a wide variety of written material from the period to argue that unlike today pornography was not a discrete genre nor was it one that was usually subject at this time to

suppression Pornographic writing was a widespread feature of a range of texts including both popular literature ballads news sheets court reports small books and pamphlets as well as poetry drama and more specialised medical books The book analyses representations of sex sexuality and eroticism in historical context to explore contemporary thinking about these issues but also about broader cultural concerns and shifts in attitudes It questions both modern feminist and psychoanalytical interpretations of pornography arguing that these approaches are neither appropriate nor helpful to an understanding of seventeenth century material Through discussions of sex and reproduction homosexuality flagellation voyeurism and humour the book explores the nature of early modern sexual desire and arousal and explores their relationship to contemporary understandings about how the body worked *Imagining Sex* presents a radically new interpretation of pornography in this period arguing that concerns about fertility were at the heart of representations of bodies and sex so that images of pleasure were entwined with ideas about conception and reproduction It also shows that these texts legitimized the sexual pleasure of the reader by highlighting the pleasure of looking and the incitement to sexual action that it provided **Love** Anna G. Jónasdóttir, Ann Ferguson, 2013-11-12 This unique timely book of original essays sets the stage for a new materialist feminist debate on the analysis ethics and politics of love The contributors raise questions about social power and domination situating their research in a materialist feminist perspective that investigates love historically in order to understand changing ideologies representations and practices The essays range from studies of particular representations and examples of love feminist translation mass media images and internet love blogs to feminist theories of love and marriage to ethical and political theories describing critiquing or advocating the use of love in groups as a radical force They break new ground in bringing together questions of gendered interests in love temporal dimensions of loving practices and the politics of love in radical transformations of society **Real Sex Films** John Tulloch, Belinda Middleweek, 2017-10-03 *Real Sex Films* explores one of the most controversial movements in international cinema through theories of globalization and embodiment
