Last Man Standing The Tragedy And Triumph Of Geronimo Pratt:

Last Man Standing Jack Olsen, 2001-11-06 Jack Olsen's *Last Man Standing* is the gripping story of Geronimo Pratt war hero and community leader who was framed by the FBI in one of the greatest travesties of justice in American history. Geronimo Pratt did not commit the murder for which he served twenty seven nightmarish years. As a UCLA student though he had led the Los Angeles Chapter of the Black Panther Party and became a target of the FBI. Here is the spellbinding saga of Pratt his heroic lawyers Johnnie Cochran and Stuart Hanlon and the Reverend James McCloskey who overcame all the odds to bring the truth to light and free Geronimo. *Uncorrected Proof* Jack Olsen, 2000 *The Dangers of Dissent* Ivan Greenberg, 2010-10-14 While most studies of the FBI focus on the long tenure of Director J Edgar Hoover 1924-1972 *The Dangers of Dissent* shifts the ground to the recent past. The book examines FBI practices in the domestic security field through the prism of political policing. The monitoring of dissent is exposed as are the Bureau's controversial counterintelligence operations designed to disrupt political activity. This book reveals that attacks on civil liberties focus on a wide range of domestic critics on both the Left and the Right. This book traces the evolution of FBI spying from 1965 to the present through the eyes of those under investigation as well as through numerous FBI documents never used before in scholarly writing that were recently declassified using the Freedom of Information Act or released during litigation. *Greenberg v FBI* Ivan Greenberg considers the diverse ways that government spying has crossed the line between legal intelligence gathering to criminal action. While a number of studies focus on government policies under George W Bush's War on Terror Greenberg is one of the few to situate the primary role of the FBI as it shaped and was reshaped by the historical context of the new American Surveillance Society. *Hip Hop Intellectual Resistance* A. Shahid Stover, 2009-07-22 As an engaging philosophical work of social critique and cultural commentary A. Shahid Stover ignites a series of explosive critical interrogations which explore a tense unity of Hip Hop aesthetics and radical social theory. Written with the compelling audacity of a young iconoclast Stover challenges the reader with an elevated critical discourse which remains diligently grounded and ever relevant to the streets of a world in structural transition spiritual alienation socio political upheaval and intellectual revolt. *Hip Hop Intellectual Resistance* is a book of genuine existential liberationist commitment as lived and experienced by a new voice of independent radical thought who revels in confronting the academy with social relevance and inciting the streets with intellectual rigor. *Fighting for US* Scot Brown, 2003 Founded in 1965 by Maulana Karenga US established an extensive network of alliances with a diverse body of activists artists and organizations throughout the United States for the purpose of bringing about an African American cultural revolution. *Fighting for US* presents the first historical examination of US's philosophy internal dynamics political activism and influence on African American art making an elaborate use of oral history interviews organizational archives Federal Bureau of Investigation files newspaper accounts and other primary sources of the period. This book also sheds light on factors contributing to the organization's decline in the

early 1970s government repression authoritarianism sexism and elitist vanguard politics **BOOK JACKET** *Revolutionary Suicide and Other Desperate Measures* Adrienne Carey Hurley, 2011-09-14 This volume examines how child abuse and youth violence are understood manufactured represented but still disavowed in contemporary everyday life and culture in Japan and the United States

Maulana Karenga Molefi Kete Asante, 2013-04-24 In this book the most prolific contemporary African American scholar and cultural theorist Molefi Kete Asante leads the reader on an informative journey through the mind of Maulana Karenga one of the key cultural thinkers of our time Not only is Karenga the creator of Kwanzaa an extensive and widespread celebratory holiday based on his philosophy of Kawaidea he is an activist scholar committed to a dignity affirming life for all human beings Asante examines the sources of Karenga's intellectual preoccupations and demonstrates that Karenga's concerns with the liberation narratives and mythic realities of African people are rooted in the best interests of a collective humanity The book shows Karenga to be an intellectual giant willing to practice his theories in order to manifest his intense emotional attachment to culture truth and justice Asante's enlightening presentation and riveting critique of Karenga's works reveal a compelling account of a thinker whose contributions extend far beyond the Academy Although Karenga began his career as a student activist a civil rights leader a Pan Africanist and a culturalist he ultimately succeeds in turning his fierce commitment to truth toward dissecting political social and ethical issues Asante carefully analyzes Karenga's important works on Black Studies but also his earlier works on culture and his later works on ethics such as *The Husia and Odu Ifa The Ethical Teachings*

Selma to Saigon Daniel S. Lucks, 2014-05-13 The civil rights and anti Vietnam War movements were the two greatest protests of twentieth century America The dramatic escalation of U S involvement in Vietnam in 1965 took precedence over civil rights legislation which had dominated White House and congressional attention during the first half of the decade The two issues became intertwined on January 6 1966 when the Student Nonviolent Coordinating Committee SNCC became the first civil rights organization to formally oppose the war protesting the injustice of drafting African Americans to fight for the freedom of the South Vietnamese people when they were still denied basic freedoms at home *Selma to Saigon* explores the impact of the Vietnam War on the national civil rights movement Before the war gained widespread attention the New Left the SNCC and the Congress of Racial Equality CORE worked together to create a biracial alliance with the potential to make significant political and social gains in Washington Contention over the war however exacerbated preexisting generational and ideological tensions that undermined the coalition and Lucks analyzes the causes and consequences of this disintegration This powerful narrative illuminates the effects of the Vietnam War on the lives of leaders such as Whitney Young Jr Stokely Carmichael Roy Wilkins Bayard Rustin and Martin Luther King Jr as well as other activists who faced the threat of the military draft along with race related discrimination and violence Providing new insights into the evolution of the civil rights movement this book fills a significant gap in the literature about one of the most tumultuous periods in American history

A Motorcycle on Hell Run Seth M.

Markle,2017-08-01 Between 1964 and 1974 Tanzania came to be regarded as a model nation and a leading frontline state in the struggle for African liberation on the continent and beyond During this time a number of African American and Caribbean nationalists leftists and pan Africanists traveled to and settled in Tanzania to join the country that many believed to be leading Africa s liberation struggle This historical study examines the political landscape of that crucial moment when African American Caribbean and Tanzanian histories overlapped shedding light on the challenges of creating a new nation and the nature of African American and Caribbean participation in Tanzania s nationalist project In examining the pragmatic partnerships and exchanges between socialist Tanzania and activists and organizations associated with the Black Power movements in the United States and the Caribbean this study argues that the Tanzanian one party government actively engaged with the diaspora and sought to utilize its political cultural labor and intellectual capital to further its national building agenda but on its own terms creating tension within the pan Africanism movement An excellent resource for academics and nonacademics alike this work is the first of its kind revealing the significance of the radical political and social movements of Tanzania and what it means for us today

The Portland Black Panthers Lucas N. N. Burke,Judson L. Jeffries,2016-01-01

Portland Oregon though widely regarded as a liberal bastion also has struggled historically with ethnic diversity indeed the 2010 census found it to be America s whitest major city In early recognition of such disparate realities a group of African American activists in the 1960s formed a local branch of the Black Panther Party in the city s Albina District to rally their community and be heard by city leaders And as Lucas Burke and Judson Jeffries reveal the Portland branch was quite different from the more famous and infamous Oakland headquarters Instead of parading through the streets wearing black berets and ammunition belts Portland s Panthers were more concerned with opening a health clinic and starting free breakfast programs for neighborhood kids Though the group had been squeezed out of local politics by the early 1980s its legacy lives on through the various activist groups in Portland that are still fighting many of the same battles Combining histories of the city and its African American community with interviews with former Portland Panthers and other key players this long overdue account adds complexity to our understanding of the protracted civil rights movement throughout the Pacific Northwest A V Ethel Willis White Book

Against the Carceral Archive Damien Sojoyner,2023-04-25 Against the Carceral Archive is a meditation upon what author Damien M Sojoyner calls the carceral archival project offering a distillation of critical theoretical and activist work of prison abolitionists over the past three decades Working from collections at the Southern California Library Black Panthers LA Chapter the Coalition Against Police Abuse Urban Policy Research Institute Mothers Reclaiming Our Children and the collection of geographer Clyde Woods it builds upon theories of the archive to examine carcerality as the dominant mode of

state governance over Black populations in the United States since the 1960s Each chapter takes up an element of the carceral archive and its destabilization destruction and containment of Black life its notion of the human and the production of pejorative blackness the intimate connection between police and military in the protection of racial capitalism and its fossil fuel based economy the role of technology in counterintelligence and counterinsurgency logics Importantly each chapter also emphasizes the carceral archive s fundamental failure to destroy Black communal logics and radical Black forms of knowledge production both of which contest the carceral archive and create other forms of life in its midst Concluding with a statement on the reckoning with the radical traditions of thought and being which liberation requires Sojoyner offers a compelling argument for how the centering of Blackness enables a structuring of the mind that refuses the violent exploitative tendencies of Western epistemological traditions as viable life affirming practices
