Around Binghamton Jim Maggiore, 2017

The Greater Binghamton area's undulating history mirrors that of its terrain. The area has evolved from a transportation center to a hub of manufacturing and technology, and with the expansion of Binghamton University and SUNY Broome Community College, a growing center of erudition. First, canal boats and trains dominated the landscape; then, cigars were produced in abundance, followed by shoes, simulators, and computers. Now, with Binghamton University expanding into downtown, student housing, breweries, and eateries fill Binghamton's streets. The area has earned the monikers Parlor City, Carousel Capital of the World, Sports Mecca, and the City of Festivals. Binghamton's cultural legacy is rich, besides being the home of professional baseball, bicycling, golf, hockey, running, and tennis. Binghamton's annual celebrations have included Mural Fest, July Fest, Spiedie Fest, and Luma Fest.

A Critical History of Television's The Twilight Zone, 1959-1964 Don Presnell, Marty McGee, 1998

Rod Serling's anthology series *The Twilight Zone* is recognized as one of the greatest shows of all time. Ostensibly science fiction, the show was that and much more: always intelligent and thought-provoking, it used conventions and techniques of several genres—science fiction, fantasy, Westerns, horror, and film noir, among others—to explore such universal human issues as violence, fear, prejudice, love, death, and individual identity. This comprehensive reference work first gives a complete history of the show from its beginning in 1959 to its final 1964 season. The authors then provide critical commentaries and incisive analyses of all 156 episodes, along with the most complete listing of casts and credits ever published. Biographical profiles of writers and contributors comprise the book's third main section. Detailed appendices on writers, directors, actors, genres, and a listing of all episodes in order of original airdate are also included. An extensive bibliography and an exhaustive index conclude the work.
