The Unusual Billionaires Saurabh Mukherjea, 2016-08-17

What makes a company truly outstanding? What is the secret sauce of delivering successful results over multiple decades? What is common to Asian Paints, HDFC Bank, Axis Bank, Marico, Berger Paints, Page Industries, and Astral Poly? They are Unusual Companies built by Unusual Billionaires. This book tells the story of these seven companies handpicked out of 5000 listed on the stock exchange. Built by visionary business leaders, they have delivered outstanding results for a decade and more. How did these companies do it? Why couldn't this be replicated by other companies? What are they doing differently? Saurabh Mukherjea, bestselling author of *Gurus of Chaos*, delivers an exceptional book with lessons to learn from these seven businesses. Mukherjea tells you why focusing on the core business is central to corporate success and how a promoter giving up control to the top management could be a boon. He also explains how investors can generate market-beating investment returns from identifying companies such as these using a simple set of metrics. Packed with these learnings are riveting corporate stories of how Hindustan Unilever made an aggressive bid to buy Harsh Mariwala's business but had to sell a business to him in a few years, or how Page Industries found an innovative way to stop unionization at their manufacturing units. Other stories include the turnaround of Axis Bank and the boardroom coup that led to its chairman's exit and how Vijay Mallya sold Berger Paints to the Dhingra brothers. This book is mandatory reading for anyone who wants to understand how business is done successfully in India.

Leadership Matters Thomas E. Cronin, Michael A. Genovese, 2015-11-17

Some leaders fundamentally alter the status quo, whilst others guide quietly. Most leadership books emphasise specific rules, but Tom Cronin and Michael Genovese see leadership as filled with paradox. *Leadership Matters* offers a different view of leadership, one that builds community and responds creatively to new situations. Cronin and Genovese argue that leadership is about more than just charisma and set leaders on to a different path to unleash the power of paradox.
