The Diversity Style Guide Rachele Kanigel,2019-01-14 New diversity style guide helps journalists write with authority and accuracy about a complex multicultural world A companion to the online resource of the same name The Diversity Style Guide raises the consciousness of journalists who strive to be accurate Based on studies news

reports and style guides as well as interviews with more than 50 journalists and experts it offers the best most up to date advice on writing about underrepresented and often misrepresented groups Addressing such thorny questions as whether the words Black and White should be capitalized when referring to race and which pronouns to use for people who don't identify as male or female the book helps readers navigate the minefield of names terms labels and colloquialisms that come with living in a diverse society The Diversity Style Guide comes in two parts Part One offers enlightening chapters on Why is Diversity So Important Implicit Bias Black Americans Native People Hispanics and Latinos Asian Americans and Pacific Islanders Arab Americans and Muslim Americans Immigrants and Immigration Gender Identity and Sexual Orientation People with Disabilities Gender Equality in the News Media Mental Illness Substance Abuse and Suicide and Diversity and Inclusion in a Changing Industry Part Two includes Diversity and Inclusion Activities and an A Z Guide with more than 500 terms This guide Helps journalists journalism students and other media writers better understand the context behind hot button words so they can report with confidence and sensitivity Explores the subtle and not so subtle ways that certain words can alienate a source or infuriate a reader Provides writers with an understanding that diversity in journalism is about accuracy and truth not political correctness Brings together guidance from more than 20 organizations and style guides into a single handy reference book The Diversity Style Guide is first and foremost a guide for journalists but it is also an important resource for journalism and writing instructors as well as other media professionals In addition it will appeal to those in other fields looking to make informed choices in their word usage and their personal interactions

Realizing Beloved Community Allen K. Shin, Larry R. Benfield, 2022-06-14 A major study on the theology of Beloved Community This long awaited work by the church's top clergy scholars and thought leaders examines the theological foundation of Beloved Community and its threats It addresses such important topics as the legacy and sin of white supremacy economic disparity racial healing and the call for reparations The committee's work sheds light on the societal and cultural implications of the largest obstacle to the core mission of Presiding Bishop Michael Curry and outlines what is necessary for the future of racial justice I am so grateful for the work of the theologians and bishops who have spent the last five years working on this study This is hard and holy work not to hurt or harm but to help and heal Michael B Curry the presiding bishop of the Episcopal Church

Library Partnerships with Writers and Poets Carol Smallwood, Vera Gubnitskaia, 2017-02-19 Libraries and writers have always had a close working relationship Rapid advances in technology have not changed the nontechnical basis of that cooperation author talks book signings and readings are as popular as ever as are workshops and festivals This collection of 29 new essays from nearly 50 contributors from across the United States presents a variety of projects programs and services to help librarians establish relationships with the literary world promote literature to the public and foster creativity in their communities

Understanding Latin America: A Decoding Guide Alfredo Toro Hardy, 2017-10-06 From afar Latin America looks like a blurry tableau devoid of defining lines particularities and nuances Little is understood about the

idiosyncrasies of Latin Americans their cultural identity and social values Differences between Brazilians and Spanish Americans or amid the diverse Spanish American countries are not sufficiently understood Even less is known about the amplitude of the Iberian heritage of such countries or about the miscegenation and acculturation processes that took place among their different constitutive races There is no clarity regarding the Western nature of Latin America or about its cultural affinities with Latin Europe Nor is there sufficient understanding of the links between the Latin population of the United States and the inhabitants of Latin America This book aims to fill the gap by focusing on Latin America s history culture identity and idiosyncrasies It serves as a guide to understand regional attitudes meanings and behavioural differences of the region It also analyses the present economic situation of the region while trying to predict the future of the region Written in a simple and accessible manner this book will be of interest to readers keen on exploring the region for potential opportunities in trade investment or any other kind of business and cultural endeavor **100 Questions and**

Answers About Hispanics and Latinos Michigan State University School of Journalism,2014-05-01 One Hundred Questions and Answers About Hispanics and Latinos is part of the Michigan State University School of Journalism series in cultural competence It focuses on the diversity of the largest ethnic group in the United States This guide has sections on Hispanic and Latino identity geography language religion social norms politics immigration and deportation education work money families culture health and food It explains terms such as Chicano Tejano and Texano Boricua and deals with deportation and immigration The guide is intended for people in business schools places of worship government medicine law enforcement human resources and journalism anywhere it is important to know more about communities We hope this guide works for individuals who just have questions about the people around them We began by asking Hispanics and Latinos about myths misconceptions and biases that they run into and wish others knew more about Questions include What are the definitions of Hispanic and Latino How did Hispanic and Latino become official terms Are there U S regional or state preferences for Hispanic or Latino So people can be one and not the other What does Latina mean What do Chicano and Chicana mean What is the definition of Chican What does Tejano mean What does Boricua mean What race are Latinos and Hispanics How many Hispanic people live in the United States What are their places of origin Which states have the largest Hispanic populations Is Puerto Rico a country colony or commonwealth Why is Puerto Rico a territory and not a state or a country Do people living in Puerto Rico vote in U S elections Do Puerto Ricans in Puerto Rico pay U S taxes What is Hispaniola How prevalent is bilingualism What is Spanglish What is the English only movement Are Hispanics more religious than other Americans Are U S Hispanics mostly Catholic Is Pope Francis the first Latin American pope Are Latinos generally more emotional or expressive than other Americans Are Latinos traditionally modest about their accomplishments How do Hispanics align politically What are top political concerns for Hispanics today How much weight does the Hispanic vote carry in U S elections What is turnout like among Hispanics voters Are Hispanics represented proportionately in government Who

are some nationally prominent Hispanic politicians What draws Latinos to the United States What are the waves of Latino immigration to the United States Are most Latinos in the United States today immigrants Do most Latino immigrants come to the United States legally What is the DREAM Act What is DACA What is the Drop the I Word campaign What is a green card What are the difference between permanent residency and citizenship What are remittances Are Latinos profiled What is the average educational level of Hispanics Do Hispanics come to the United States for schooling Which colleges or universities are more welcoming to Hispanics Do Latinos go into business for themselves Do Latinos compete with Americans for jobs How many Latinos are in the United States without documentation How large is the Latino market How are Hispanic families structured How are elders regarded in Hispanic families Is it acceptable to date outside of one's culture What are top health concerns for Latinos To what extent do Latinos have health insurance What is the Hispanic paradox How do entertainment media portray Hispanics What is a telenovela What is the Day of Three Kings What is Cinco de Mayo What is the Day of the Dead What is a quincea era What is Tex Mex food This guide is published with John Hile of David Crumm Media which publishes the Read the Spirit website

Experiencing Latin American Music Carol A. Hess, 2018-08-21 Experiencing Latin American Music draws on human experience as a point of departure for musical understanding Students explore broad topics identity the body religion and more and relate these to Latin American musics while refining their understanding of musical concepts and cultural historical contexts With its brisk and engaging writing this volume covers nearly fifty genres and provides both students and instructors with online access to audio tracks and listening guides A detailed instructor's packet contains sample quizzes clicker questions and creative classroom tested assignments designed to encourage critical thinking and spark the imagination Remarkably flexible this innovative textbook empowers students from a variety of disciplines to study a subject that is increasingly relevant in today's diverse society In addition to the instructor's packet online resources for students include customized Spotify playlist online listening guides audio sound links to reinforce musical concepts stimulating activities for individual and group work

The Sound of Exclusion Christopher Chávez, 2021-12-21 In The Sound of Exclusion Christopher Chávez critically examines National Public Radio's professional norms and practices that situate white listeners at the center while relegating Latinx listeners to the periphery By interrogating industry practices we might begin to reimagine NPR as a public good that serves the broad and diverse spectrum of the American public

"We Want Better Education!" James B. Barrera, 2023-12-14 In We Want Better Education James B Barrera offers a detailed and comprehensive analysis of the educational cultural and political issues of the Chicano Movement in Texas which remains one of the lesser known social and political efforts of the Civil Rights Movement of the 1960s This movement became the political training ground for greater Chicano empowerment for students By the 1970s it was these students who helped to organize La Raza Unida Party in Texas This book explores the conditions faced by students of Mexican origin in public schools throughout the South Texas region including Westside San Antonio Edcouch Elsa

Kingsville and Crystal City Barrera focuses on the relationship of Chicano students and their parents with the school systems and reveals the types of educational deficiencies faced by such students that led to greater political activism He also shows how school related issues became an important element of the students political and cultural struggle to gain a quality education and equal treatment Protests enabled students and their supporters to gain considerable political leverage in the decision making process of their schools Barrera incorporates information collected from archives throughout the state of Texas including statistical data government documents census information oral history accounts and legal records Of particular note are the in depth interviews he conducted with numerous former students and community activists who participated or witnessed the various walkouts or student protests We Want Better Education is a major contribution to the historiography of social movements Mexican American studies and twentieth century Texas and American history

American Identity B. Kumaravadivelu, 2024-06-25 Recent events such as the storming of the U S Capitol on January 6 2021 have led many Americans to lament that the nation they grew up with is unrecognizable now They see threats to national and individual identity and are fiercely engaged in protecting them In doing so some of them deliberately blend the distinction between myth and reality In this timely and relevant book the author seeks to provide a critical perspective on who we really are Taking into consideration the prevailing political social and cultural conflicts the author re examines the changing nature of American identity primarily its creedal identity religious identity cultural identity and linguistic identity and does so within a broader perspective informed by national and global network of connections Based on his lived experience as a naturalized citizen and his learned knowledge as a scholar he synthesizes the professional the political and the personal He draws insights from multiple disciplines in Humanities and Social Sciences from surveys conducted by agencies like the Pew Research Center and from the practice of everyday American life *Faith and Culture* JIM SYMONS, 2013-12-23 How does faith impact culture What influence does culture have on faith These questions might seem academic limited to university religion or philosophy classes until we look at the morning headlines or listen to the evening newscasts Our lives are invaded daily by stories of extremists with yet another suicide bombing or protests for or against reproductive rights or scientific discoveries raising questions about the creation of the universe all based on conflicting faith commitments Like it or not these faith culture questions are part of all of our lives In this book six writers explore the juncture of faith and different dimensions of 21st century cultures The words faith and culture are dynamic not static Over time they take on new meanings In the Christian tradition for centuries faith meant the total life of a follower of Jesus But in the last three centuries of the Enlightenment many have come to see faith as a rational set of beliefs that are often separated from the way a person lives In the chapters of this book there is an effort to describe faith as a way of life that sometimes supports current dimensions of culture and sometimes opposes them Since faith is a personal response to God there are as many different expressions of faith as there are people Instead of seeing this as a problem each of our writers presents the

juncture of faith and culture from their own personal experience and we are all enriched by the differences In this book we see the process of current cultures changing being shaped in new ways at least in part by faith communities Being aware of these changes makes it possible for each of us to join our writers to be a part of the change we seek in our world instead of being victims of forces beyond our control **Chicano-Chicana Americana** Anthony Macías,2023-02-07 Chicano Chicana Americana is a cultural history of Mexican Americans in film television and theater Through biographical sketches of performers such as Anthony Quinn Katy Jurado Robert Beltran and Lupe Ontiveros this work asserts Mexican Americans proper place in the national narratives of our collective imaginary Conveying a multicentered polycultural America this book shows us intriguing performers in bit parts who steal the scene and redefine what it means to be American Each biographical chapter analyzes an underappreciated actor revealing their artistic contributions to U S common culture Their long shot careers tell a tale of players taking action with agency and fighting for screen time and equal opportunity despite disadvantages and differential treatment in Hollywood These dynamic and complex individuals altered cinematic representations and audience expectations by surpassing stereotypes The book explores American national character by showing how ethnic Mexicans attained social and cultural status through fair open competition without a radical realignment of political or economic structures Their creative achievements demanded dignity and earned respect Anthony Mac as argues that these performances demonstrated a pop culture pluralism that subtly changed mainstream America transforming it from the mythological past of the Wild West to the speculative future of science fiction Latin America at 200 Phillip Berryman,2016-04-26 Between 2010 and 2025 most of the countries of Latin America will commemorate two centuries of independence and Latin Americans have much to celebrate at this milestone Most countries have enjoyed periods of sustained growth while inequality is showing modest declines and the middle class is expanding Dictatorships have been left behind and all major political actors seem to have accepted the democratic process and the rule of law Latin Americans have entered the digital world routinely using the Internet and social media These new realities in Latin America call for a new introduction to its history and culture which Latin America at 200 amply provides Taking a reader friendly approach that focuses on the big picture and uses concrete examples Phillip Berryman highlights what Latin Americans are doing to overcome extreme poverty and underdevelopment He starts with issues facing cities then considers agriculture and farming business the environment inequality and class race and ethnicity gender and religion His survey of Latin American history leads into current issues in economics politics and governance and globalization Berryman also acknowledges the ongoing challenges facing Latin Americans especially crime and corruption and the efforts being made to combat them Based on decades of experience research and travel as well as recent studies from the World Bank and other agencies Latin America at 200 will be essential both as a classroom text and as an introduction for general readers El Norte Carrie Gibson,2022-03-30 A sweeping saga of the Spanish history and influence in North America over five centuries from the

acclaimed author of *Empire's Crossroads* Because of our shared English language as well as the celebrated origin tales of the Mayflower and the rebellion of the British colonies the United States has prized its Anglo heritage above all others However as Carrie Gibson explains with great depth and clarity in *El Norte* the nation has much older Spanish roots ones that have long been unacknowledged or marginalized The Hispanic past of the United States predates the arrival of the Pilgrims by a century and has been every bit as important in shaping the nation as it exists today *El Norte* chronicles the dramatic history of Hispanic North America from the arrival of the Spanish in the early 16th century to the present from Ponce de Leon's initial landing in Florida in 1513 to Spanish control of the vast Louisiana territory in 1762 to the Mexican American War in 1846 and up to the more recent tragedy of post hurricane Puerto Rico and the ongoing border acrimony with Mexico Interwoven in this narrative of events and people are cultural issues that have been there from the start but which are unresolved to this day language belonging community race and nationality Seeing them play out over centuries provides vital perspective at a time when it is urgently needed In 1883 Walt Whitman meditated on his country's Spanish past We Americans have yet to really learn our own antecedents and sort them to unify them predicting that to that composite American identity of the future Spanish character will supply some of the most needed parts That future is here and *El Norte* a stirring and eventful history in its own right will make a powerful impact on our national understanding This history debunks the myth of American exceptionalism by revisiting a past that is not British and Protestant but Hispanic and Catholic Gibson begins with the arrival of Spaniards in La Florida in 1513 discusses Mexico's ceding of territory to the U S in 1848 and concludes with Trump's nativist fixations Along the way she explains how California came to be named after a fictional island in a book by a Castilian Renaissance writer and asks why we ignore a chapter of our history that began long before the Pilgrims arrived At a time when the building of walls occupies so much attention Gibson makes a case for the blurring of boundaries *New Yorker* A sweeping and accessible survey of the Hispanic history of the U S that illuminates the integral impact of the Spanish and their descendants on the U S's social and cultural development This unusual and insightful work provides a welcome and thought provoking angle on the country's history and should be widely appreciated Publishers Weekly starred review PW Pick

Isms in Language Education Damian J. Rivers, Karin Zotzmann, 2017-10-23 This volume develops a comprehensive understanding of the manner in which dominant emergent ideologies discourses and social structures impact language education The 17 chapters analyze the complex social dynamics of isms within language education and detail how such dynamics influence language education pedagogies and practices institutional policies intergroup subjectivities in addition to language proficiency achievements

Dreams from Many Rivers Margarita Engle, 2019-10-08 From award winning poet Margarita Engle comes *Dreams from Many Rivers* an middle grade verse history of Latinos in the United States told through many voices and featuring illustrations by Beatriz Gutierrez Hernandez From Juana Briones and Juan Ponce de Le n to eighteenth century slaves and modern day sixth graders the many and varied people

depicted in this moving narrative speak to the experiences and contributions of Latinos throughout the history of the United States from the earliest known stories up to present day It s a portrait of a great enormously varied and enduring heritage A compelling treatment of an important topic
