

Laugh Out Loud! Pregnancy

Sharon Irish

We find out we're pregnant and all we can think about is the beautiful baby we're going to have. But pregnancy is full of obstacles we need to overcome before we reach the finish line and get our prize.

Baby brain can leave us confused and make us drop things, temporarily erase some of our memories and have us putting everything in the fridge. Our hormones change and we can be laughing one minute and crying the next, having no idea why, which can leave fathers to be and family members baffled.

The baby bump we couldn't wait to develop can mess with our balance and cause us to get stuck in some sticky situations. Even though they don't understand our strange antics, our partners do their best to support us.
