Landscapes Of The Passing Strange Reflections From Shakespeare:

Landscapes of the Passing Strange Rosamond Wolff Purcell, Michael Witmore, 2011 A photographic journey into the imaginative world of Shakespeare's plays **Serious Daring** Susan Letzler Cole, 2016-11-01 Serious Daring is the story of the complementary journeys of two American women artists celebrated fiction writer Eudora Welty and internationally acclaimed photographer Rosamond Purcell each of whom initially practiced but then turned from the art form ultimately pursued by the other For both Welty and Purcell the art realized is full of the art seemingly abandoned Welty's short stories and novels use images of photographs photographers and photography Purcell photographed books texts and writing Both women make compelling art out of the seeming tension between literary and visual cultures Purcell wrote a memoir in which photographs became endnotes Welty re emerged as a photographer through the publication of four volumes of what she called her snapshots magnificent black and white photographs of small town Mississippi and New York City life Serious Daring is a fascinating look at how the road not taken can stubbornly accompany the chosen path how what is seemingly left behind can become a haunting and vital presence in life and art The Oxford Handbook of Shakespearean Tragedy Michael Neill, David Schalkwyk, 2016-08-18 The Oxford Handbook of Shakespearean Tragedy presents fifty four essays by a range of scholars from all parts of the world Together these essays offer readers a fresh and comprehensive understanding of Shakespeare tragedies as both works of literature and as performance texts written by a playwright who was himself an experienced actor The opening section explores ways in which later generations of critics have shaped our idea of Shakespearean tragedy and addresses questions of genre by examining the playwright's inheritance from the classical and medieval past The second section is devoted to current textual issues while the third offers new critical readings of each of the tragedies This is set beside a group of essays that deal with performance history with screen productions and with versions devised for the operatic stage as well as with twentieth and twenty first century re workings of Shakespearean tragedy The book s final section expands readers awareness of Shakespeare s global reach tracing histories of criticism and performance across Europe the Americas Australasia the Middle East Africa India and East Asia Shakespeare and Early Modern Religion David Loewenstein, Michael Witmore, 2015-01-22 Written by an international team of literary scholars and historians this collaborative volume illuminates the diversity of early modern religious beliefs and practices in Shakespeare s England and considers how religious culture is imaginatively reanimated in Shakespeare's plays Fourteen new essays explore the creative ways Shakespeare engaged with the multifaceted dimensions of Protestantism Catholicism non Christian religions including Judaism and Islam and secular perspectives considering plays such as Hamlet Julius Caesar King John King Lear Macbeth Measure for Measure A Midsummer Night's Dream and The Winter's Tale The collection is of great interest to readers of Shakespeare studies early modern literature religious studies and early modern history Community-Making in Early Stuart Theatres Anthony W. Johnson, Roger D. Sell, Helen Wilcox, 2016-10-14 Twenty two

leading experts on early modern drama collaborate in this volume to explore three closely interconnected research questions To what extent did playwrights represent dramatis personae in their entertainments as forming or failing to form communal groupings How far were theatrical productions likely to weld or separate different communal groupings within their target audiences And how might such bondings or oppositions among spectators have tallied with the community making or breaking on stage Chapters in Part One respond to one or more of these questions by reassessing general period trends in censorship theatre attendance forms of patronage playwrights professional and linguistic networks their use of music and their handling of ethical controversies In Part Two responses arise from detailed re examinations of particular plays by Shakespeare Chapman Jonson Beaumont and Fletcher Cary Webster Middleton Massinger Ford and Shirley Both Parts cover a full range of early Stuart theatre settings from the public and popular to the more private circumstances of hall playhouses court masques women s drama country house theatricals and school plays And one overall finding is that although playwrights frequently staged or alluded to communal conflict they seldom exacerbated such divisiveness within their audience Rather they tended toward more tactful modes of address sometimes even acknowledging their own ideological uncertainties so that at least for the duration of a play their audiences could be a community within which internal rifts were openly brought into dialogue Visual Alchemy: The Fine Art of Digital Montage Catherine McIntyre, 2014-01-23 Catherine McIntyre like many fine artists created traditional art for decades before encountering the versatility of digital imaging technology Free of her Rotring pens and scalpel she now uses Photoshop to create her montages Visual Alchemy explores McIntyre's sources of inspiration as well as her methods offering an aesthetic guide to composition color texture and all of the other means of communication that artists have at their disposal While these concepts and techniques make use of Photoshop they will apply to any digital imaging program and indeed to any medium whether traditional or digital Featuring McIntyre's own art as well as that of artists around the globe Visual Alchemy is an invitation to discover the artistic possibilities of picture making through digital montage **Macbeth: The State of Play**, 2014-02-27 A freeze frame volume showcasing the range of current debate and ideas surrounding one of the most familiar of Shakespeare s tragedies Each chapter has been carefully selected for its originality and relevance to the needs of students teachers and researchers Key themes and topics covered include The Text and its Status History and Topicality Critical Approaches and Close Reading Adaptation and Afterlife All the essays offer new perspectives and combine to give readers an up to date understanding of what s exciting and challenging about Macbeth The approach based on an individual play unlike that of topic based series reflects how Shakespeare is most commonly studied and taught Thinking on Thresholds Subha Mukherji, 2011 Through a combination of case studies and theoretical investigations the essays in this book address the imaginative power of the threshold as a productive space in literature and art The Atlantic Monthly ,1879 50 Masterpieces you have to read before you die Thomas Hardy, Emily Bronte, Lyman Frank Baum, Rudyard Kipling, Daniel Defoe, Leo Tolstoy, Robert
