Question 1: Synthesis Essay

Directions: The following prompt is based on the accompanying sources.

This question requires you to synthesize a variety of sources into a coherent, well-written essay. Synthesis refers to combining the sources and your position to form a cohesive, supported argument and accurately citing sources. *Your argument should be central; the sources should support this argument. Avoid merely summarizing sources.*

Remember to attribute both direct and indirect citations.

Introduction

The concept of “home” is fundamental to our understanding of who we are, as individuals and as a society. Some argue that our physical location is what dictates “home,” and we should actively foster geographic continuity and a sense of “place.” Others argue that “home” is, rather, a state of mind, and that we are better served when we move and migrate to situations that are more advantageous to us and our families.

Assignment

Read the following sources (including the introductory information) carefully. **Then, write an essay in which you develop a position on whether it is more advantageous (for the individual and/or the community) to physically relocate frequently or to remain for long periods in one place.**

You may refer to the sources by their titles (Source A, Source B, etc.) or by the descriptions in parentheses.

Source A (Sanders)

Source B (Homeward)

Source C (The Great Migration Map)

Source D (Motley)

Source E (Rogers and Brooks)
