The Oxford Handbook of Language and Prejudice Jane Setter, Sender Dovchin, Vijay A. Ramjattan, 2025-09-25 This volume explores and rearticulates the relationship between language and prejudice Language plays an important role in the conceptualization enactment and defence of prejudice at both the individual and institutional level Language and language users can also be the object of prejudice and language itself can with some conditions be thought of as a solution to prejudice The chapters in the volume examine how prejudice manifests itself how it is perceived and how it might be combatted Parts I III cover linguistic prejudices relating to gender and sexuality ableism and race and ethnicity while Parts IV VI explore social issues politics and religion and educational perspectives The final part looks at projects and initiatives to tackle linguistic prejudice in a range of contexts While recent work in the field has tended to inadvertently construct knowledge according to normative and Northern epistemologies this volume features contributions that also provide an understanding of linguistic prejudice from Global South perspectives

Language Planning in the Post-Communist Era Ernest Andrews, 2018-02-01 This volume provides an in depth analysis of the attempts of language experts and governments to control language use and development in Eastern Europe Eurasia and China through planned activities generally known as language planning or

language policy The ten case studies presented here examine language planning in China Russia Tatarstan Central Asia Ukraine Lithuania Latvia Poland Slovakia and the Czech Republic and focus in particular on developments and disputes that have occurred since the fall of communism and the emergence of a new order in the late 1980s Its authors highlight the dominant issues with which language planning is invariably intertwined These include power politics tensions between official language and minority languages and the effects of a country s particular political social cultural and psychological environment Offering a detailed account of the socio political and ideological developments that underlie language planning in these regions this book will provide a valuable resource for students and scholars of linguistics cultural studies political science sociology and history

The Invention of China Bill Hayton, 2020-10-02 A smart take on modern Chinese nationalism Foreign Policy this provocative account shows that China and its 5 000 years of unified history is a national myth created only a century ago with a political agenda that persists to this day China s current leadership lays claim to a 5 000 year old civilization but China as a unified country and people Bill Hayton argues was created far more recently by a small group of intellectuals In this compelling account Hayton shows how China s present day geopolitical problems the fates of Hong Kong Taiwan Tibet Xinjiang and the South China Sea were born in the struggle to create a modern nation state In the late nineteenth and early twentieth centuries reformers and revolutionaries adopted foreign ideas to invent a new vision of China By asserting a particular politicized version of the past the government bolstered its claim to a vast territory stretching from the Pacific to Central Asia Ranging across history nationhood language and territory Hayton shows how the Republic s reworking of its past not only helped it to justify its right to rule a century ago but continues to motivate and direct policy today

Brand China in the Media Qing Cao, Doreen Wu, Keyan G. Tomaselli, 2020-06-29 This book examines China s identity transformations with a focus on self perceptions and their representations and communication in the mass media By considering the internal dynamics of change it explores the emerging multifaceted China brand With its growing economic clout China has taken a proactive stance in shaping global economic and strategic order through ambitious programmes such as the Asian Infrastructure Investment Bank and the Belt and Road initiative However as a developing country China is at pains to manage its own transformations while trying to carve out an international identity Arguably China s unique sense of history and identities may lead to a contested modernity or multiple modernities radically different from the prevalent classical theories of modernisation and convergence of industrial societies To understand China s trajectory of future development has been a major issue in international affairs This book is concerned with how China s hybridised identities are articulated and intertwined with situational institutional and societal dynamics and how they are interwoven with China s international outlook which converges with or diverges from China s historical assumptions and beliefs This book will be of interest to those studying China s identity in the media situated at the juncture of past present and future and between China and the wider world The chapters in this book were originally published in Critical Arts

The Palgrave Handbook of

Chinese Language Studies Zhengdao Ye, 2022-07-30 This new major reference work provides a comprehensive overview of linguistic phenomena in a variety of Sinitic languages in a global context highlighting the dynamic interaction between these languages and English This living reference work offers a window into the linguistic sphere in China and beyond and showcases the latest research into diverse and evolving linguistic phenomena that have resulted from intensified interactions between the Sinophone world and other lingua spheres The Handbook is divided into five sections The chapters in Section I New Research Trends in Chinese Linguistic Research present fast growing research areas in Chinese linguistics particularly those undertaken by scholars based in China Section II Interactions of Sinitic Languages focuses on language contact situations inside and outside China The chapters in Section III Meaning Culture Translation explore the meanings of key cultural concepts and how ideas move between Chinese and English through translation across various genres Section IV New Trends in Teaching Chinese as a Foreign Language covers new ideas and practices relating to teaching the Chinese language and culture The final section Section V Transference from Chinese to English explores dynamic interactions between varieties of Chinese and varieties of English as they play out in multilingual sites and settings Ideas of 'Race' in

the History of the Humanities Amos Morris-Reich, Dirk Rupnow, 2017-04-24 This volume is concerned with the hitherto neglected role of the humanities in the histories of the idea of race Its aim is to begin to fill in this significant lacuna If in the decades following World War II and the Holocaust years that witnessed European decolonization and the African American civil rights movement the concept of race slowly but surely lost its legitimacy as a cultural political and scientific category for much of the nineteenth and the first half of the twentieth century concepts of race enjoyed widespread currency in numerous fields of knowledge such as the history of art history musicology or philosophy Bringing together some of the most distinguished scholars in their respective fields this is the first collective attempt to address the history of notions of race in the humanities as a whole

Silencing Shanghai Fang Xu, 2021-06-24 *Silencing Shanghai* investigates the paradoxical and counterintuitive contrast between Shanghai's emergence as a global city and the marginalization of its native population captured through the rapid decline of the distinctive Shanghai dialect From this unique vantage point Fang Xu tells a story of power relations in a cosmopolitan metropolis closely monitored and shaped by an authoritarian state through policies affecting urban redevelopment internal migration and language These state policies favor the rich the resourceful and the highly educated while alienate the poorer and less educated Shanghainese geographically and linguistically When the state vigorously promotes Mandarin Chinese through legal and administrative means Shanghainese made the conscious yet reluctant choice of shifting from the dialect to the national language At the same time millions of migrants have little incentive to adopt the vernacular given that their relation to the state has already firmly established their legal financial and social standing in the city The recent shift in the urban linguistic scene that silences the Shanghai dialect is ultimately part of the state led global city building process Through the association of the use of national language with realizing the China

Dream the state further eliminates the unique vernacular characters of Shanghai *Portuguese as an Additional Language*
Ana C. Neves, 2019-12-16 This book focuses on Portuguese as an additional language and its young learners in three case studies within the Portuguese speaking world Portuguese as a second language in Cape Verde Portuguese as a heritage language in Switzerland and Portuguese as a foreign language in Macao SAR The term additional language is used as an umbrella term for all three contexts An analysis of these three case studies is presented with a focus on the organization of explicit and implicit language policies with regards to population mobility and also motivational issues language attitudes and language use by the sample population
