Language Beyond Postmodernism Eugene Gendlin, 1997-08-20 Eugene Gendlin's contribution to the theory of language is the focus of this collection of essays edited by David Michael Levin. This compilation of critical studies each followed by a comment from Gendlin himself investigates how concepts grow out of experience and explores relations between Gendlin's philosophy of language and experience and the philosophies of Wittgenstein, Dilthey and Heidegger.

Flaskas, 2003-09-02 Postmodernist ideas are widely used in family therapy. However, it is argued that these ideas have their limits in meeting the richness and complexity of human experience and therapy practice. *Family Therapy Beyond Postmodernism* examines postmodernism and its expressions in family therapy, raising questions about reality and realness, the subjective process of truth, the experience of self. Alongside identifying the difficulties in any sole reliance on narrative and constructionist ideas, this book advocates the value of selected psychoanalytic ideas for family therapy practice in particular attachment and the unconscious transference, projective identification and understandings of time, psychoanalytic ideas about thinking and containment in the therapeutic relationship. *Family Therapy Beyond Postmodernism* offers a sustained critical discussion of the possibilities and limits of contemporary family therapy knowledge and develops a place for psychoanalytic ideas in systemic thinking and practice. It will be of great interest to family therapists, psychotherapists and other mental health professionals. *Beyond Postmodernism* Klaus Stierstorfer, 2012-05-02 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began, what it means and which texts it comprises were apt to trigger heated discussions, the excitement has notably cooled down at the turn of the century. Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts, theoretical premises and authorial practices. Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist.

Beyond Postmodernism Christopher K. Brooks, 2014-07-03 *Beyond Postmodernism* Onto the Postcontemporary is a collection designed to provide the reader with an alternative to viewing the world through the lens of Postmodernism. Contributors to this collection utilize and define such critical tools as transhumanism, post post theory, posthumanism and

postcontemporary theory Other essays focus on interpreting texts or genres yielding impressive conclusions that were beyond the scope of postmodern discourse Eclectic in nature while examining works as diverse as Julia Ward Howe s The Hermaphrodite and Salman Rushdie s Satanic Verses yet unified in a commonsensical statement that postmodernism has perhaps ruled too long in critical discussions this collection is also designed to attract those seeking or awaiting something new in critical methodology to consider joining in the postcontemporary dialogue

The Psychology and Philosophy of Eugene Gendlin Eric R. Severson, Kevin C. Krycka, 2023-04-28 This book brings together a collection of essays written by scholars inspired by Eugene Gendlin s work particularly those interested in thinking with and beyond Gendlin for the sake of a global community facing significant crises The contributors take inspiration from Gendlin s philosophy of the implicit and his theoretical approach to psychology The essays engage with Gendlin s ideas for our era including critiques and corrections as well as extrapolations of his work Gendlin himself worried that knowing about a problem is too often conflated with actions that might lead to change the essays in this book point to a form of understanding that is activated an embodied and immediate way of thinking about today s problems Throughout the volume the contributors creatively engage with Gendlin s work and its applicability to the complex pressing crises of our time the Covid 19 pandemic environmental climate issues racism sexism economic inequality and other factors threatening human persons and communities Gendlin s theoretical approach to psychology is naturally interdisciplinary making this book an essential read for anyone interested in moving to the boundaries where psychology meets philosophy theology art environmental studies science technology and much more

Beyond Postmodernism Roger Frie, Donna Orange, 2013-12-16 Beyond Postmodernism identifies ways in which psychoanalysis has moved beyond the postmodern debate and discusses how this can be applied to contemporary practice Roger Frie and Donna Orange bring together many of the leading authorities on psychoanalytic theory and practice to provide a broad scope of psychoanalytic viewpoints and perspectives on the growing interdisciplinary discourse between psychoanalysis continental philosophy social theory and philosophy of mind Divided into two parts Psychoanalytic Encounters with Postmodernism and Psychoanalysis Beyond Postmodernism this book elaborates and clarifies aspects of the postmodern turn in psychoanalysis furthers an interdisciplinary perspective on clinical theory and practice contributes to new understandings of theory and practice beyond postmodernism Beyond Postmodernism New Dimensions in Clinical Theory and Practice provides a fresh perspective on the relationship between psychoanalysis and postmodernism and raises new issues for the future It will be of interest to practicing psychoanalysts and psychologists as well as students interested in psychoanalysis postmodernism and philosophy

A Marriage of Philosophy and Music Erich Welling, 2014-04 How to use philosophy and music to open your horizons and enjoy being yourself put theory to work and help you experience personal growth is discussed in A Marriage of Philosophy and Music It is all about after After having a liberal education you are comfortable in modern culture and after further education and becoming a specialist in some field you enjoy using your skills

We learn the ideas and methods of many social cultures and our own chosen specialty but we often neglect the liberal art of disciplining and enjoying the ideas and methods of our own individuality This book offers a path toward the education of privacy with the key words being selection design and beauty The book relates five areas of general human interest spirituality philosophy science art and body awareness The interrelation is accomplished by using personal patterns of experience that are available from philosophy and music Because of the plurality of subject matters and methods used in philosophy and music their patterns of discipline are comparable to self discipline A Marriage of Philosophy and Music attempts to create a path in this direction because besides the enjoyment of social culture and personal skills there is enjoyment in being yourself which is a neglected liberal art *Radical Ecopsychology, Second Edition* Andy Fisher, 2013-01-01 Expanded new edition of a classic examination of the psychological roots of our ecological crisis

Radical Ecopsychology Andy Fisher, 2012-02-01 Personal in its style yet radical in its vision *Radical Ecopsychology* offers an original introduction to ecopsychology an emerging field that ties the human mind to the natural world In order for ecopsychology to be a force for social change Andy Fisher insists it must become a more comprehensive and critical undertaking Drawing masterfully from humanistic psychology hermeneutics phenomenology radical ecology nature writing and critical theory he develops a compelling account of how the human psyche still belongs to nature This daring and innovative book proposes a psychology that will serve all life providing a solid base not only for ecopsychological practice but also for a critical theory of modern society *The Meaning of the Body* Mark Johnson, 2024-05-31 Demonstrates that the aesthetic and emotional aspects of meaning are fundamental and that the arts show meaning making in its fullest realization George Lakoff author of *Moral Politics* In *The Meaning of the Body* Mark Johnson continues his pioneering work on the exciting connections between cognitive science language and meaning first begun in the classic *Metaphors We Live By* Johnson uses recent research into infant psychology to show how the body generates meaning even before self consciousness has fully developed From there he turns to cognitive neuroscience to further explore the bodily origins of meaning thought and language and examines the many dimensions of meaning including images qualities emotions and metaphors that are all rooted in the body's physical encounters with the world Drawing on the psychology of art and pragmatist philosophy Johnson argues that all of these aspects of meaning making are fundamentally aesthetic He concludes that the arts are the culmination of human attempts to find meaning and that studying the aesthetic dimensions of our experience is crucial to unlocking meaning's bodily sources Throughout Johnson puts forth a bold new conception of the mind rooted in the understanding that philosophy will matter to non philosophers only if it is built on a visceral connection to the world A courageous and ultimately successful book Lucas Keefer *Metapsychology* A cutting edge treatise reflecting the newest developments on the mind body and mind world problems and properly places aesthetics center stage in the study of meaning and understanding Raymond W Gibbs Jr author of *Embodiment and Cognitive Science* Energetically argued clearly

written well structured admirably wide ranging and impressively well informed Richard Marc Shusterman author of *Body Consciousness A Philosophy of Mindfulness and Somaesthetics* *Advancing Phenomenology* Thomas Nenon, Philip Blosser, 2010-09-08 Philip Blosser and Thomas Nenon The essays in the volume were assembled in honor of Lester Embree who celebrated his 70th birthday on January 9 2008 A preview of this volume was presented to Professor Embree at a reception sponsored by the Center for Advanced Research in Phenomenology that was held in his honor at the 2008 meeting of the Husserl Circle at Marquette University in Milwaukee Wisconsin The title *Advancing Phenomenology* is purposely ambiguous On the one hand these essays document the progress that phenomenology as an ongoing and vibrant movement has made in the period of over a century since its inception They illustrate the advance of phenomenology both in terms of the range of topics represented in this volume and in terms of the disciplinary and geographical diversity of the scholars who have contributed to it The topics range from scholarly appropriations of past achievements in phenomenology to concrete phenomenological investigations into ethics gender and environmental philosophy as well as phenomenological reflections on the foundations of disciplines outside philosophy such as psychology history the social sciences and archeology The contributors come both from philosophy departments and from a number of disciplines outside of philosophy such as sociology psychology and archeology and they come from all around the world from North America from Western and Eastern Europe from Latin America and from several different countries in Asia **Researching Emotions in International Relations**

Maéva Clément, Eric Sangar, 2017-12-05 This edited volume is the first to discuss the methodological implications of the emotional turn in International Relations While emotions have become of increasing interest to IR theory methodological challenges have yet to receive proper attention Acknowledging the plurality of ontological positions concepts and theories about the role of emotions in world politics this volume presents and discusses various ways to research emotions empirically Based on concrete research projects the chapters demonstrate how social scientific and humanities oriented methodological approaches can be successfully adapted to the study of emotions in IR The volume covers a diverse set of both well established and innovative methods including discourse analysis ethnography narrative and visual analysis Through a hands on approach each chapter sheds light on practical challenges and opportunities as well as lessons learnt for future research The volume is an invaluable resource for advanced graduate and postgraduate students as well as scholars interested in developing their own empirical research on the role of emotions **Person-Centred Therapy** Campbell Purton, 2017-03-14

Since its beginnings in the 1950s the person centred approach to therapy has developed in many ways In this important new text Campbell Purton introduces the focusing approach of Eugene Gendlin The book discusses Gendlin's theoretical innovations and their implications for clinical practice It throws light on the relationship between the various schools of therapy and on the relationship between therapy and such areas as ethics and spirituality It will be essential reading for students and practitioners of person centred therapy **Literary Research and British Postmodernism** Bridgit

McCafferty, Arianne Hartsell-Gundy, 2015-09-02 *Literary Research and British Postmodernism* is a guide for scholars that aims to connect the complex relationships between print and multimedia technological advancements and the influence of critical theory that converge in postwar British literature. This era is unique in that strict boundaries between fiction, nonfiction, multimedia, and print are not useful. Postmodern literature is defined by the breaking down of boundaries as a reaction to modernism and requires an innovative, multifaceted approach to research. In this guide, the authors explore these complex relationships and offer strategies for researching this new period of literature. This book takes a holistic approach to postmodern literature that recognizes the way in which digital media, film, critical theory, popular music, and more traditional print sources are inextricably linked. Through this approach, the authors present a broad view of postmodernism that includes a wide variety of British authors writing in the last half of the twentieth century. The book's definition of postmodern includes any British literature following World War II that engages issues central to postmodern theory, including the social construction of gender, sexuality, and power; the subjectivity of truth; technology as a social force; intertextuality; metafiction; post-colonial narrative; and fantasy. This guide aims to aid researchers of postwar British literature by defining best practices for scholars conducting research in a period so broadly varied in the way it defines literature. **After Postmodernism** Jose

Lopez, Garry Potter, 2005-03-01 What comes after postmodernism? A buzzword which began as an energising radical critique became by the 20th Century's end a byword for fracture, eclecticism, political apathy, and intellectual exhaustion. The last few years have seen a growing interest in critical realism as a possible alternative way of moving forward. The virtues of critical realism lie in its successful provision of a philosophical grounding for the social sciences and humanities and of a methodology applicable to many different fields of analysis. *After Postmodernism* brings together some of the best known names in the field to present the first truly interdisciplinary introduction to critical realism. The book presents the reader with a compendium of accessible essays illustrating the connection between meta-theory, theory, and substantive research across Sociology, Philosophy, Literary Studies, Politics, Media Studies, Psychology, and Science Studies. The flexibility of critical realism is illustrated in the range of topics discussed, ranging from quantum mechanics to cyberspace to literary theory, nature, smoking, the future, Foucault, the unconscious, and of course postmodernism and the future of theory itself. Contributors: Allison Assiter, Ted Benton, Francis Barker, Roy Bhaskar, Jean Bricmont, Sue Clegg, Andrew Collier, Justin Cruickshank, Robert Fine, David Ford, Tim Forsyth, Rom Harré, Pam Higham, Philip Hodgkiss, Jose Lopez, Christopher Norris, Bertell Ollman, Jenneth Parker, Frank Pearce, Douglas V. Re-Visioning Person-Centred Therapy Manu Bazzano, 2018-06-27 By exploring various ways to assimilate recent progressive developments and to renew its vital links with its radical roots, *Re-Visioning Person-Centred Therapy: Theory and Practice of a Radical Paradigm* takes a fresh look at this revolutionary therapeutic approach. Bringing together leading figures in PCT and new writers from around the world, the essays in this book create fertile links with phenomenology.

meditation and spirituality critical theory contemporary thought and culture and philosophy of science In doing so they create an outline that renews and re visions person centred therapy s radical paradigm providing fertile material in both theory and practice Shot through with clinical studies vignettes and in depth discussions on aspects of theory Re Visioning Person Centred Therapy will be stimulating reading for therapists in training and practice as well as those interested in the development of PCT

Analog Fictions for the Digital Age Julia Breitbach,2012 Shows how current photographic discourse can illuminate the analysis of recent literary realism and proposes a truly original photographic hermeneutics for literary study Both realist post postmodernist aesthetics in the twenty first century and the legacy of analog photography in its recent digital incarnation depend on an aesthetics of trust and a sense of contingent referentiality Julia Breitbach s innovative study demonstrates how current photographic discourse may be used as an illuminating critical idiom for the analysis of recent forms of literary realism thus proposing a photographic hermeneutics for the study of literature Along with a thorough critical investigation of both fields Breitbach offers a pioneering theoretical exploration of analog and digital photography based on recent thing theory which she then applies to in depth analyses of realist aesthetics in selected post millennial novels by Don DeLillo Michael Ondaatje and Ali Smith yielding fresh perspectives on the remediation between photography and literature in the twenty first century An original contribution to the study of contemporary Anglophone literatures with an interdisciplinary appeal this study will be of interest especially to scholars and students in Anglophone literary studies comparative literature cultural studies and media studies Julia Breitbach is Assistant Professor in the Department of American Studies at the University of Konstanz Germany

Deictic Imaginings: Semiosis at Work and at Play Donna E West,2013-08-05 This work represents the first integrated account of how deixis operates to facilitate points of view providing the raw material for reconciling index and object The book offers a fresh applied philosophical approach using original empirical evidence to show that deictic demonstratives hasten the recognition of core representational constructs It presents a case where the comprehension of shifting points of view by means of deixis is paramount to a theory of mind and to a worldview that incorporates human components of discovering and extending spatial knowledge The book supports Peirce s triadic sign theory as a more adequate explanatory account compared with those of Bühler and Piaget Peirce s unitary approach underscores the artificiality of constructing a worldview driven by logical reasoning alone it highlights the importance of self regulation and the appreciation of otherness within a sociocultural milieu Integral to this semiotic perspective is imagination as a primary tool for situating the self in constructed realities thus infusing reality with new possibilities Imagination is likewise necessary to establish postures of mind for the self and others Within these imaginative scenarios consisting of overt and then covert self dialogue children construct their own worldviews through linguistic role taking as they legitimize conflicting viewpoints within imagined spatial frameworks
