## Languages Of Power In The Age Of Richard II:

*Languages of Power in the Age of Richard II*, 2005      Images of Kingship in Chaucer and His Ricardian Contemporaries  
Samantha J. Rayner, 2008 The other poets work comes consequently into sharper focus showing that despite a diversity in style and approach common concerns and attitudes towards the theme of kingship underpin all of the poets under consideration BOOK JACKET      **William Shakespeare and 21st-Century Culture, Politics, and Leadership** Kristin M.S. Bezio, Anthony P. Russell, 2021-04-30 William Shakespeare and 21st Century Culture Politics and Leadership examines problems challenges and crises in our contemporary world through the lens of William Shakespeare s plays one of the best known most admired and often controversial authors of the last half millennium      *Manmade Marvels in Medieval Culture and Literature* S. Lightsey, 2007-08-06 This book examines marvels as tangible objects in the literary courtly and artisanal cultures of medieval England but these clever devices neither wholly semiotic nor purely positivist objects are imbued with diverse cultural significance that illuminates in new ways the familiar literature of the Ricardian period      **Fictions of Witness in the Confessio Amantis** Joel Fredell, 2023-06-07 Fictions of Witness in the Confessio Amantis details the first years of the Confessio s material history and offers a major revision to a century s old narrative of political revision and conversion around the trauma of 1400 Joel Fredell argues for late stage revisions by Gower to his great poem in Middle English from the late 1390s up to Gower s death in 1408 This approach new to scholarship for Ricardian and Lancastrian literature demands profound re evaluation of Gower s poetic persona and its entanglement in the opening and closing books of the Confessio It offers a reassessment of the political and literary relationships between versions dedicated to Richard II and Henry IV It repositions Gower s laureate status in a London world of deluxe book production that created a canon of Ricardian poets linked to their fifteenth century inheritors Finally it identifies for the first time how late medieval authors designed their poetry as fictional artifacts that witness history from quasi chronicles like Maidstone s Concordia or Richard the Redeless quasi petitions like the Lollard Petition to the King and Parliament quasi epistles that begin so many texts quasi transcripts such as the Record and Process of the Deposition of Richard II and so on      *The Wheel of Language* David K. Coley, 2012-05-16 Analyzes the political theological and social dimensions of speech as depicted in late medieval English lyric poetry      Chaucer: The Basics Jacqueline Tasioulas, 2019-08-01 Chaucer The Basics is an accessible introduction to the works of Geoffrey Chaucer It provides a clear critical analysis of the texts while also providing some necessary background to key medieval ideas and the historical period in which he lived Jacqueline Tasioulas gives a brief account of Chaucer s life in its historical and cultural context and also introduces the reader to some of the key religious and philosophical ideas of the period The essentials of the language and pronunciation are introduced through close reading in a section dedicated to demystifying this often alien seeming aspect of studying Chaucer Including a whole chapter devoted to poetry the book also discusses key works such as The Book of the Duchess The House of Fame The Parliament of Fowls Troilus and Criseyde The

Fenster, Carolyn P. Collette, 2017 Recent research has emphasised the importance of insular French in medieval English culture alongside English and Latin for a period of some four hundred years French variously labelled the French of England Anglo Norman Anglo French and Insular French rivalled these two languages The essays here focus on linguistic adaptation and translation in this new multilingual England where John Gower wrote in Latin while his contemporary Chaucer could break new ground in English **Jerusalem in Medieval Narrative** Suzanne M. Dutton, John Hines, Robert F. Yeager, 2010 These essays demonstrate John Gower's mastery of the three languages of medieval England Latin French and English They examine the cultural redefinitions which his translations of literary traditions and languages achieved Arthurian Literature Elizabeth Archibald, David F. Smith, 1995-12-13 *Social Shakespeare* is a thoughtful and frequently incisive book about an important and complex topic Terence Hawkes *Cahiers Elisabethains* Shakespeare studies have become increasingly politicised and clashes of opinion amongst scholars are not uncommon *Social Shakespeare* in its enthusiasm for the plays themselves attempts to bridge the gap between rival approaches aiming as a distinct refocusing of political criticism upon the Shakespearean text as realised in performance Modern Shakespeare productions have the potential to make far more political impact than academic studies and yet until now critics have been reluctant to recognise this potential With reference to particular productions backed up by illustrations Peter J Smith integrates critical understanding of the plays with evidence of their political impact on stage
