Daoism

Explained Hans-Georg Moeller, 2011-04-15 Hans Georg Moeller has achieved the perfect blend with At the Center of the Circle it is both a fascinating introduction to Daoist thought as well as an original and insightful contribution to Eastern philosophy This book will take the place of The Tao of Pooh by Hoff Like that book At the Center of the Circle offers a comprehensive presentation of Daoist philosophy that is interesting and easy to follow Two ways the present book differs

from the earlier classic are 1 this one has a more rigorous philosophical grounding so teachers will not hesitate to use it in classes and 2 it takes into account the research and discoveries in the decades following the release of the Pooh book It is written for a general readership interested in Asian thought and religions as well as for specialists in the field of comparative and Chinese philosophy This work is unique in its focus because it offers a coherent interpretation of the general tenets of Daoist philosophy on the basis of the imagery employed in various Daoist texts and by explaining how those texts and images connect to each other and how they were actually understood by ancient Chinese philosophers The study sheds new light on many important Daoist allegories by showing how modern translations often concealed the original wit and humor of the Chinese original or imposed alien philosophical frameworks on them It attempts to take away the metaphysical and Christian disguises with which Daoist philosophy has been obscured by Western interpretations in the past one hundred years By explaining the differences between Daoism and traditional Western modes of thought it also shows how Daoism might contribute to the present day endeavor of overcoming of the latter The study begins with an introductory section providing basic information on the texts of classical Daoism Laozi Zhuangzi the history of Daoism its political and religious dimensions and the meaning of the term Dao The first chapter of the book analyzes often from a new perspective Daoist images such as water the root femininity and allegories such as the famous Dream of the Butterfly and the Fishnet Allegory and explains their philosophical significance The second chapter referring to those images and allegories outlines several philosophical concepts of Daoism including life and death nature art ethics and the body The third chapter offers a more abstract interpretation of specific structural features of Daoist philosophy by putting emphasis on one core structure the circle and its empty center this is obviously what the title of the book refers to and compares or rather contrasts it with Western especially Christian thought The fourth chapter discusses the relation between Daoism and Zen or Chan Buddhism and concludes with an outlook on the relevance of Daoism for contemporary philosophy Civilization's Quotations ,2002 These 8000 clever and insightful sayings organized by theme will enrich the prose of writers public speakers and anyone seeking to lead or persuade It also provides a wealth of inspirational affirmations to guide us in our lives Chinese proverbs Roman maxims and the wisdom of writers from William Penn to Kahlil Gibran cover themes from humility and patience to courage will and action The topics are arranged in a sequence that begins with birth and progresses through the seasons of the Ideal Life When possible each quotation flows into the next one so that the whole section reads almost like a speech given by one person In other sections one quotation plays off another creating a lively discussion amongst the authors **El arte de la guerra** Fouad Sabry,2024-05-26 Qu es el arte de la guerra El arte de la guerra es un antiguo tratado militar chino que data de finales del per odo de primavera y oto o La obra que se atribuye al antiguo estratega militar chino Sun Tzu est compuesta por 13 cap tulos Cada uno est dedicado a un conjunto diferente de habilidades o arte relacionado con la guerra y c mo se aplica a la estrategia y t ctica militar Durante casi 1 500 a os fue el texto principal de una antolog a que el emperador Shenzong de
