Lapps And Norsemen In Olden Times

Jonathan Clements

Lapps And Norsemen In Olden Times:

Lapps and Norsemen in Olden Times Instituttet for sammenlignende kulturforskning,1967 **Decolonising Medieval Fennoscandia** Solveig Marie Wang,2023-03-20 The interdisciplinary study investigates the relationship between Norse and Saami peoples in the medieval period and focuses on the multifaceted portrayal of Saami peoples in medieval texts The investigative analysis is anchored in postcolonial methodologies and argues for the inherent need to decolonise the medieval source material as well as recent historiography This is achieved by presenting the historiographic and political background of research into Norse Saami relations before introducing an overview of textual sources discussing Saami peoples from the classical period to the late 1400s an analysis of the textual motifs associated with the Saami in medieval literature their relevance and prevalence geo political affairs trading relations personal relations and Saami presence in the south By using decolonising tools to read Norse Saami relations in medieval texts influenced by archaeological material and postcolonial frameworks the study challenges lingering colonial assumptions about the role of the Saami in Norse society The current research episteme is re adjusted to offer alternative readings of Saami characters and emphasis is put on agency fluidity and the dynamic realities of the Saami medieval pasts **A Brief History of the Vikings** Jonathan Clements,2013-02-07 From the Fury of the Northmen deliver us O Lord Between the eighth and eleventh centuries the Vikings surged from their Scandinavian homeland to trade raid and invade along the coasts of Europe Their influence and expeditions extended from Newfoundland to Baghdad their battles were as far flung as Africa and the Arctic But were they great seafarers or desperate outcasts noble heathens or oafish pirates the last pagans or the first of the modern Europeans This concise study puts medieval chronicles Norse sagas and Muslim accounts alongside more recent research into ritual magic genetic profiling and climatology It includes biographical sketches of some of the most famous Vikings from Erik Bloodaxe to Saint Olaf and King Canute to Leif the Lucky It explains why the Danish king Harald Bluetooth lent his name to a twenty first century wireless technology which future saint laughed as she buried foreign ambassadors alive why so many Icelandic settlers had Irish names and how the last Viking colony was destroyed by English raiders Extending beyond the traditional Viking age of most books A Brief History of the Vikings places sudden Scandinavian population movement in a wider historical context It presents a balanced appraisal of these infamous sea kings explaining both their swift expansion and its supposed halt Supposed because ultimately the Vikings didn t disappear they turned into us **Lapps and Norsemen in Olden Times** Instituttet for sammenlignende kulturforskning,1967 **Lapps and Norsemen in Olden Times** Instituttet for Sammenlignende Kulturforskning. Conference,1967 *Circumpolar Problems* Gösta Berg,2013-10-22 Circumpolar Problems Habitat Economy and Social Relations in the Arctic contains papers presented at the Symposium on Circumpolar Problems organized by the Nordic Council for Anthropological Research and held on September 14 21 1969 in Lulea Sweden and Tromso Norway Organized into 22 chapters this book begins with some comparisons between

Greenlanders and Lapps regarding their relationship to the inclusive society Subsequent chapters discuss the urbanization industrialization and changes in the family in Greenland during the reform period since 1950 conservation and destruction of traditional culture and socio economical transformation and modern ethnical development of the inhabitants of the Siberian polar zones of the north eastern regions Other chapters explain the migrations from nomad to urban districts in Northern Sweden division of the Lapps into tradition areas variations of settlement pattern and hunting conditions in three districts of Greenland cultural concept in the Arctic Stone Age and transition from hunting to nomadic economy in Finnmark *The Division of the Lapps Into Cultural Areas* Juha Pentikäinen,1972 **Lapps and Norsemen in Olden Times** Instituttet for Sammenlignende Kulturforskning (Oslo),1967 **Saami Linguistics** Ida Toivonen,Diane Nelson,2007-10-04 The papers in this volume describe and analyze an array of intriguing linguistic phenomena as they occur in the Saami languages ranging from etymological nativization of loanwords to the formation of deadjectival and denominal verbs Saami displays a number of characteristics that are unusual from a cross linguistic perspective including partial agreement on verbs a three way quantity distinction in consonants and spectacular consonant gradation The eight papers presented here approach these and other issues from diverse theoretical perspectives in morphology phonology and syntax The volume includes an extensive research bibliography which will be helpful for anyone interested in Saami linguistics Burial Customs of the Skolt Lapps Nils Storå,1971 **The Uralic Languages** Daniel Abondolo,2015-04-08 This book provides a unique up to date survey of individual Uralic languages and sub groupings from Finnish to Selkup Spoken by more than 25 million native speakers the Uralic languages have important cultural and social significance in Northern and Eastern Europe as well as in immigrant communities throughout Europe and North America The introductory chapter gives an overview of the Uralic language family and is followed by 18 chapter length descriptions of each language or sub grouping giving an analysis of their history and development as well as focusing on their linguistic structures Written by internationally recognised experts and based on the most recent scholarship available the volume covers major languages including the official national languages of Estonia Finland and Hungary and rarely covered languages such as Mordva Nganasan and Khanty The 18 language chapters are similarly structured designed for comparative study and cover phonology morphology syntax and lexicon Those on individual languages also have sample text where available Each chapter includes numerous tables to support and illustrate the text and bibliographies of the major references for each language to aid further study The volume is comprehensively indexed This book will be invaluable to language students experts requiring concise but thorough information on related languages and anyone working in historical typological and comparative linguistics **In Northern Mists** Fridtjof Nansen,1911 **Globalising Sociolinguistics** Dick Smakman,Patrick Heinrich,2015-05-15 This book challenges the predominance of mainstream sociolinguistic theories by focusing on lesser known sociolinguistic systems from regions of Africa Asia the Caribbean South America the European Mediterranean and Slavic regions as well as specific speech communities such as

those speaking Nivkh Jamaican Creole North Saami and Central Yupik In nineteen chapters the specialist authors look at key sociolinguistic aspects of each region or speech community such as gender politeness strategies speech patterns and the effects of social hierarchy on language concentrating on the differences from mainstream models The volume introduced by Miriam Meyerhoff has been written by the leading expert of each specific region or community and includes contributions by Rajend Mesthrie Marc Greenberg and Daming Xu This publication draws together connections across regions communities and considers how mainstream sociolinguistics is incomplete or lacking It reveals how lesser known cultures can play an important role in the building of theory in sociolinguistics Globalising Sociolinguistics is essential reading for any researcher in sociolinguistics and language variation and will be a key reference for advanced sociolinguistics courses

The Nordic Languages Oskar Bandle, Lennart Elmevik, Gun Widmark, 2002 Annotation This handbook is conceived as a comprehensive history of the North Germanic languages from the oldest times up to the present day Whereas most of the traditional presentations of Nordic language history are confined to individual languages and often concentrate on purely linguistic data the present work covers the history of all Nordic languages in its totality embedded in a broad culture historical context The Nordic languages are described both individually and in their mutual dependence as well as in relation to the neighboring non Nordic languages The handbook is not tied to a particular methodology but keeps in principle to a pronounced methodological pluralism encompassing all aspects of actual methodology Moreover it combines diachronic with synchronic systematic aspects longitudinal sections with cross sections periods such as Old Norse transition from Old Norse to Early Modern Nordic Early Modern Nordic 1550 1800 and so on The description of Nordic language history is built upon a comprehensive collection of linguistic data it consists of more than 200 articles written by a multitude of authors from Scandinavian and German and English speaking countries The organization of the handbook combines a central part on the detailed chronological developments and some chapters of a more general character chapters on theory and methodology in the beginning and on overlapping spatio temporal topics in the end

Investigation of the Origin of the Old Norse or Icelandic Language Rasmus Rask, 2013-04-15 This edition constitutes a reprint of Niels Ege's English translation of Rasmus Rask's prize essay of 1818 which appeared as volume XXVI in the Travaux du Cercle Linguistique de Copenhagen in 1993 The prize essay was published in Danish in 1818 In contrast to other works by Rask notably his introduction to the study of Icelandic it was never reissued until Louis Hjelmslev published a corrected version in Danish as part of his edition of Rask's selected works While Rask lived a substantial part of the book was translated into German The present work is however the only translation of the work into English and indeed into any other language It is to be hoped that the field of the history of linguistics will hereby receive a new impetus to scrutinize the early beginnings of Indo European scholarship But just as importantly the translation of this work of genius reveals that even if details in the substantial treatment of the various branches of language have now been superseded the theoretical parts of the book are still worth reading by all linguists for

their own sake **Lapps and Scandinavians** Inger Zachrisson,1976 Finds from period after birth of Christ included in material from lake regulations surveys Old Norse Religion in Long-Term Perspectives Anders Andrén,Kristina Jennbert,2006-01-12 Consisting of more than 70 papers written by scholars concerned with pre Christian Norse religion the articles discuss subjects such as archaeology art history historical archaeology history history of ideas theological history literature onomastics Scandinavian languages and Scandinavian studies The interdisciplinary aim of the book brings together text based and material based researchers to improve scholarly exchange and dialogue and provide a variety of contributions that elucidate topics such as worldview and cosmology ritual and religious practice myth and memory as well as reception and present day use of old Norse religion *Norsemen in the Viking Age* Eric Christiansen,2008-04-15 This history of the Nordic peoples in the period 750 1050 focuses on their homelands and colonies demonstrating the fluidity and incoherence of the world in which they lived Considers the Nordic peoples in Viking times without undue recourse to developmental theories Guides readers through some of the scholarly controversies surrounding these peoples Illustrated by reference to runic poetic and archaeological evidence **Johnson's Universal Cyclopaedia** ,1895 **Manual of Mythology: Greek and Roman, Norse, and Old German, Hindoo and Egyptian Mythology** Alexander Murray,2023-11-15 Reprint of the original first published in 1874
