The Art of Love Roy Gibson,Steven Green,Alison Sharrock,2007-01-04 The Art of Love celebrates the bi millennium of Ovid s cycle of sophisticated and subversive didactic poems on love traditionally assumed to have been brought to completion around AD 2 Ars Amatoria The Art of Love and Remedia Amoris Cures for Love which purport to teach young Roman men and women how to be good lovers were partly responsible for the poet s exile from Rome under the emperor Augustus None the less they exerted great influence over ancient and later love poetry This is the first collection in English devoted to the poems and brings together many of the leading figures in the field of Latin literature and Ovidian studies from the British Isles Germany Italy and the United States It offers a range of perspectives on the poetics politics and erotics of the poems beginning with a critical survey of recent research and concluding with papers on the ancient medieval and modern reception of the poems *Relational Spaces* Virginia A. Picchiotti,2002 Undertaken from the 1960s to the present Martini s

textual investigation of the relationship between her heroines and these discourses has lead to the analysis of the primary site of women s development the family BOOK JACKET *Beyond the Bible, Beyond the West* Hanz Gutierrez Salazar,2023-12-01T00:00:00+01:00 Reading can become the grave of meaning or the place of its resurrection It becomes a tomb when meanings follow one another uninterruptedly but in an automatic mechanical predictable and tautological way It becomes a tomb when reading becomes calculation when the result excludes and erases surprise and mystery Instead it s the place of resurrection when meanings are not automatic but intermittent unpredictable fragile and fragmentary when reading becomes like childbirth an experience marked by fatigue and suffering but in the expectation of something new and unique Our reflection is an essay of ontological hermeneutics it is critical of textual positivism which makes the univocity and clarity

of a text the main goal of its task and also of cultural positivism a cultural matrix that elevates univocity and clarity as the ultimate goal of contemporary systems This essay indirectly sketches a cultural critique and not only a theological one Means medium and guarantor of this ontological indelible reserve are ambivalence and paradox We will try to follow the trace of these throughout the hermeneutic arc and not only at its beginning **Reasonable Doubt** Hanz Gutierrez

Salazar,2024-10-29 The Bible itself generates in the reader legitimate doubts Those doubts do not concern wrong readings but rather the correct ones because every correct reading is always partial and unilateral No reading ever catches and reflects the whole biblical horizon That would be idolatrous and dangerous A healthy interpretation of the Bible acknowledges both the structural unavailability of the text and the inevitable unilateralism of every reading Therefore a biblical hermeneutics of paradox does not aim and stop at the answer but rather aims at the extension and enrichment of the question Biblical hermeneutics is not and cannot be a synthetic and resolving instance of meaning It is not a hermeneutic of clarity but of complexity Indeed of dynamic complexity that is of paradox The meaning sought thus always remains elusive both in the text from which one starts Bible account taken of its structural ambivalence and in the interpretation to which the reader arrives because that legitimate and necessary interpretation derived with effort and enthusiasm nevertheless remains partial and transitory capable of touching the meaning only tangentially and provisionally For this reason the reasonable doubt is the best way to stand and marvel in front of the text *Contemporary Perspectives on Relational Wellness* Floriana

Irtelli,2018-07-13 This book proposes new perspectives on relational wellness and the contemporary family combining a psychoanalytic overview with scientific research about the burgeoning popularity of divorce the increase in stepfamilies and the use of social networks as well as other technologies In this day and age psychoanalysis has become increasingly interested in hyper modern scenarios for example social networks and apps provide matching algorithms which allow users to connect with people of similar interests These networks have become one of the places where dissatisfied partners seek more satisfactory situations In the United Kingdom cohabitation lasts for up to two years on average and 40% of marriages end in divorce In the United States the percentage rises it has now reached 50% Today the value of temporariness in which everything is fragmented is exalted On the other hand is it wrong to deny the natural ebb and flow of human feeling

A New Method of learning the Italian Tongue. Translated from the French of Messieurs de Port-Royal ... By an Italian Master, 1750

Classical Enrichment Antony Augoustakis, Stavros Frangoulidis, Thea S. Thorsen, 2024-11-04. This collection brings together twenty-eight chapters written by Stephen Harrison's colleagues and former students from around the globe to celebrate both his distinguished teaching and research career as a classicist and his outstanding and admirable service to the international classical community. The wide variety of original contributions on topics ranging from Greek to Latin and ancient literature's reception in opera and contemporary writing is divided into five parts. Each corresponds to the staggering publication record of the honoree and encompassing as it does a broad literary spectrum starting from the literature of the end of the Roman Republic and coming down to Neo-Latin and the reception of Classics in Irish, in English poetry, and in European literature and culture in general. This corpus of compelling chapters is hoped to match Stephen Harrison's rich research output in an illuminating dialogue with it.

Ovid; the Art of Love Ovid, 1929

Philosophy in Ovid, Ovid as Philosopher Katharina Volk, Gareth D. Williams, 2022. Ovid is celebrated for his intimate engagement with the Greco-Roman literary tradition, but what of his engagement with the philosophical tradition? This volume addresses in new ways many aspects of Ovid's recourse to philosophy across his corpus and thereby seeks to redress what remains a significant lacuna in Ovidian studies.

The Light From Within Monica Minati Andrea Comari, 2012-06-06. Endri Kosturi was born in Tirana, Albania, in 1980. When he was only 7 years old, one of his first large-scale paintings, *Spring*, was shown at the National Art Gallery in Tirana. In 1990, his family moved to Italy, where he later studied fine arts. Kosturi is earlier influenced by the masters of figurative painting but ultimately developed his own evocative and conceptual abstract style. Endri is moved by the universal idea of Love, manifesting an extraordinary sensitivity to colour. As the ubiquitous windows motif remains his signature theme in his work, Kosturi lives and works in London. He has exhibited in solo and collective shows in London, Paris, Rome, Milan, and Trieste. The book has text both in English and Italian language.

Verdi and Puccini Heroines Geoffrey Edwards, Ryan Edwards, 2000-01-01. New in paperback. This book comes at a time when opera lovers, singers, directors, and critics alike are taking a new look at the dramatic soprano heroines created by Giuseppe Verdi and Giacomo Puccini, endeavoring to delve beyond inherited scholarly interpretation and gain a richer understanding of these compelling female characters. Artistically limited by the *bel canto* musical tradition popular at the time, Verdi launched a new style *dramma per musica*, which also demanded a new soprano archetype. This book illustrates the musical evolution of the Verdi and Puccini soprano while illuminating the dramatic scope and power of these great heroines. Avoiding critical reductionism, Verdi and

Puccini Heroines provides an unprecedented and probing discussion of how these great soprano roles were conceived and executed Accordingly the authors take a three dimensional look at these heroines examining seven operas Il Trovatore La Forza del Destino Aida La Bohème Tosca Madame Butterfly and Turandot The chapters which are fully self contained analyses contain translations illustrative musical examples supplementary notes and references to each opera s literary sources The musical analysis while thorough is descriptive and accessible to all levels of readers *Art amatoria* Ovidi,1977
