## Las Vegas Esoteric Tantea:

**Tantric Temples** Peter Levenda, 2011-11-01 Tantra is one of the most misunderstood of the esoteric disciplines. In order to get a clear idea as to the nature of Tantric ritual and belief it is necessary to go where Tantra is still practiced and from where important Tantric teachings originated a thousand years ago the island of Java in present day Indonesia. This book illustrates the history of Tantrism in Java with more than a hundred photographs of temples, statues and iconography dedicated to the system, some rarely seen before including the recently excavated white temple of Yogyakarta and accounts of contemporary practices in the shrines, cemeteries and secret schools of Java. It is this Tantra, the Tantra of Java that has influenced secret societies, mystics, alchemists, Kabbalists and magicians for hundreds if not thousands of years. This book tells the story of how human sexuality became a metaphor and a template for both spiritual transformation and the manipulation of reality, of how various sexual acts and psycho-biological states became the basis for a comprehensive cosmology that incorporates every aspect of human experience. Sometimes the secrets are buried where you least expect to find them. Sometimes they are hidden in plain sight. Sometimes they are both. In the largest Muslim country in the world we will discover a path of Tantra so unique yet so vibrant and alive that we will be astonished that no one had heard of it until now.

**Magic and Witchery in the Modern West** Shai Feraro, Ethan Doyle White, 2019-06-26 This book marks twenty years since the publication of Professor Ronald Hutton's *The Triumph of the Moon*, a major contribution to the historical study of Wicca. Building on and celebrating Hutton's pioneering work, the chapters in this volume explore a range of modern magical, occult and Pagan groups active in Western nations. Each contributor is a specialist in the study of modern Paganism and occultism, although they differ in their embrace of historical, anthropological and psychological perspectives. Chapters examine not only the history of Wicca, the largest and best known form of modern Paganism, but also modern Pagan environmentalism and anti-nuclear activism, the Pagan interpretation of fairy folklore and the contemporary Traditional Witchcraft phenomenon. *Soul Magic* Arizona Bell, Morgan Garza, 2025-09-23 Centuries of spiritual practice and self-care at your fingertips. Hackett, 2017-10-23 The image of the meditating yogi has become a near universal symbol for transcendent perfection used to market everything from perfume and jewelry to luxury resorts and sports cars and popular culture has readily absorbed it along similar lines Yet the religious traditions grounding such images are often readily abandoned or caricatured beyond recognition or so it would seem The essays contained in *The Assimilation of Yogic Religions through Pop Culture* explore the references to yogis and their native cultures of India Tibet and China as they are found in the stories of many famous icons of popular culture from Batman Spider Man and Doctor Strange to Star Trek Doctor Who Twin Peaks and others In doing so the authors challenge the reader to look deeper into the seemingly superficial appropriation of the image of the yogi and Asian religious themes found in all manner of comic books novels television movies and theater and to carefully examine how they are being represented and what exactly is being said
