Last Act The Final Years And Emerging Legacy Of Ronald Reagan:

Last Act Craig Shirley, 2015-10-13 His name in American politics is more cited than any other president Both the Republican and Democratic parties are radically different today mainly as a result of Ronald Reagan and the force of his ideas No twentieth century president shaped the American political landscape so profoundly Craig Shirley's **Last Act** is the important final chapter in the life of Reagan that no one has thus far covered It's the kind of book that widens our understanding of American history and of the presidency and the men who occupied it To tell Reagan's story Craig has secured the complete exclusive and enthusiastic support of the Reagan Foundation and Library and spent considerable time there reviewing sealed files and confidential information Cast in a grand and compelling narrative style **Last Act** contains interesting and heretofore untold anecdotes about Reagan Mrs Reagan their pleasure at retirement the onslaught of the awful Alzheimer's and how he and Mrs Reagan dealt with the diagnosis the slow demise the extensive plans for a state funeral the outpouring from the nation which stunned the political establishment the Reagan legacy and how his shadow looms more and more over the Republican Party Washington the culture of America and the world **Reagan** Larry

Schweikart, 2019-05-07 New York Times 1 bestselling author Larry Schweikart armed with previously unseen sources from Ronald Reagan's Presidential Library uncovers the most important president of the 20th century and details the life and policies of a man who still remains dear to the hearts of Americans From his time as a lifeguard in Illinois to a sports announcer to a rising actor to a labor union leader then finally governor of California in the tumultuous 1960s and ultimately President Reagan's life is told as it has never been before **Historical Dictionary of the Reagan-Bush Era** Richard S.

Conley, 2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett's classic play *Waiting for Godot* many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of **Historical Dictionary of the Reagan Bush Era** contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era **The Search for Reagan** Craig Shirley, 2024-02-13 Never before has anyone

explored the mind soul and heart of Ronald Reagan **The Search for Reagan** explores the challenges and controversies in Reagan's life and how he successfully dealt with each depicting a man who was never as conservative as some conservatives wanted him to be but rather as conservative as he was comfortable being a man who wanted to win on his own terms and integrity Ronald Reagan was a singularly unique man and conservative who championed a wildly successful revolution

leading to more freedom and less government for the American people and to the fall of communism while boosting American morale which had been his three big goals He was the first president in many years who believed optimism from the Oval Office had a direct bearing on the affairs of the nation As a consequence he left office more popular than when he entered with a whopping 73 percent approval He is beloved even today as his presidential library is visited far more than any other presidential library by more than five million people each year He understood that American conservatism was based upon the individual and not the group He is still regarded as one of the most admired men in America The range of Reagan scholarship by virtue of books sold about him continues to grow In his presidency he solved the mystery of high inflation that had bedeviled his predecessor high interest rates and high gas prices He created over twenty million new jobs and the number of American millionaires grew from 4 414 to 34 944 He quite literally changed our world for the better and is considered by most historians to be one of our four greatest presidents along with George Washington Abraham Lincoln and Franklin Roosevelt

to set the story straight He explains how Reagan was an ideologue but also a supreme pragmatist who signed pro abortion and gun control bills as governor cut deals with Democrats in both Sacramento and Washington and befriended Mikhail Gorbachev to end the Cold War A master communicator Reagan revived America s spirits after the traumas of Vietnam and Watergate But Boot also shows how Reagan was armored in obliviousness He traces Reagan s opposition to civil rights over forty years reveals how he neglected the exploding AIDS epidemic and details how America experienced a level of income inequality not seen since the Gilded Age With its revelatory insights Reagan His Life and Legend is no apologia depicting a man with a good versus evil worldview derived from his moralistic upbringing and Hollywood westerns Providing fresh examinations of trickle down economics the Cold War s end the Iran Contra affair as well as a nuanced portrait of Reagan s family this definitive biography is as compelling a presidential biography as any in recent decades **A Pope and a**

President Paul Kengor,2017-04-18 A Singular Bond That Changed History Even as historians credit Ronald Reagan and Pope John Paul II with hastening the end of the Cold War they have failed to recognize the depth or significance of the bond that developed between the two leaders Acclaimed scholar and bestselling author Paul Kengor changes that In this fascinating book he reveals a singular bond which included a spiritual connection between the Catholic pope and the Protestant president that drove the two men to confront what they knew to be the great evil of the twentieth century Soviet communism Reagan and John Paul II almost didn t have the opportunity to forge this relationship just six weeks apart in the spring of 1981 they took bullets from would be assassins But their strikingly similar near death experiences brought them close together to Moscow s dismay A Pope and a President is the product of years of research Based on Kengor s tireless archival digging and his unique access to Reagan insiders the book reveals The inside story on the 1982 meeting where the president and the pope confided their conviction that God had spared their lives for the purpose of defeating communism Captivating new information on the attempt on John Paul II s life including a previously unreported secret CIA investigation was Moscow behind the plot The many similarities and the spiritual bond between the pope and the president and how Reagan privately spoke of the DP the Divine Plan to take down communism New details about how the Protestant Reagan became intensely interested in the secrets of F tima which date to the reported apparitions of the Virgin Mary at F tima Portugal starting on May 13 1917 sixty four years to the day before John Paul II was shot A startling insider account of how the USSR may have been set to invade the pope s native Poland in March 1981 only to pull back when news broke that Reagan had been shot Nancy Reagan called John Paul II her husband s closest friend Reagan himself told Polish visitors that the pope was his best friend When you read this book you will understand why As kindred spirits Ronald Reagan and John Paul II united in pursuit of a supreme objective and in doing so they changed history Getting Right with Reagan Marcus M. Witcher,2019-11-29 Republicans today often ask What would Reagan do The short answer probably not what they think Hero of modern day conservatives Ronald Reagan was not even conservative enough for some of his most ardent supporters

in his own time and today his practical often bipartisan approach to politics and policy would likely be deemed apostasy To try to get a clearer picture of what the real Reagan legacy is in this book Marcus M Witcher details conservatives frequently tense relationship with Ronald Reagan in the 1980s and explores how they created the latter day Reagan myth Witcher reminds us that during Reagan s time in office conservative critics complained that he had failed to bring about the promised Reagan Revolution and in 1988 many Republican hopefuls ran well to the right of his policies Notable among the dissonant acts of his administration Reagan raised taxes when necessary passed comprehensive immigration reform signed a bill that saved Social Security and worked with adversaries at home and abroad to govern effectively Even his signature accomplishment invoked by Mr Gorbachev tear down this wall was highly unpopular with the Conservative Caucus as evidenced in their newspaper ads comparing the president to Neville Chamberlain Appeasement is as Unwise in 1988 as in 1938 Reagan s presidential library and museum positioned him above partisan politics emphasizing his administration s role in bringing about economic recovery and negotiating an end to the Cold War How this legacy as Reagan himself envisioned it became the more grandiose version fashioned by Republicans after the 1980s tells us much about the late twentieth century transformation of the GOP and as Witcher s work so deftly shows the conservative movement as we know it now

Margaret Thatcher: Herself Alone Charles Moore,2019-11-12 The masterful and definitive biography of Britain s first female prime minister reaches its climax with the story of her zenith and her fall and reveals a complex figure who had a lasting and lastingly controversial impact on her country and on history The New York Times Book Review How did Margaret Thatcher change and divide Britain How did her model of combative female leadership help shape the way we live now How did the woman who won the Cold War and three general elections in succession find herself pushed out by her own MPs Charles Moore s full account based on unique access to Margaret Thatcher herself her papers and her closest associates tells the story of her last period in office her combative retirement and the controversy that surrounded her even in death It includes the fall of the Berlin Wall which she had fought for and the rise of the modern EU that she feared It lays bare her growing quarrels with colleagues and reveals the truth about her political assassination Moore s three part biography of Britain s most important peacetime prime minister paints an intimate political and personal portrait of the victories and defeats the iron will but surprising vulnerability of the woman who dominated in an age of male power This is the full enthralling story
