*Reading the World's Stories* Annette Y. Goldsmith, Theo Heras, Susan Corapi, 2016-08-11 *Reading the World's Stories* is volume 5 in the Bridges to Understanding series of annotated international youth literature bibliographies sponsored by the United States Board on Books for Young People USBY is the United States chapter of the International Board on Books for Young People IBBY a Switzerland-based nonprofit whose mission is bring books and children together The series promotes sharing international children's books as a way to facilitate intercultural understanding and meet new literary voices This volume follows *Children's Books from Other Countries* 1998 *The World through Children's Books* 2002 *Crossing Boundaries with Children's Books* 2006 and *Bridges to Understanding Envisioning the World through Children's Books* 2011 and acts as a companion book to the earlier titles Centered around the theme of the importance of stories the guide is a resource for discovering more recent global books that fit many reading tastes and educational needs for readers aged 0-18 years Essays by storyteller Anne Pellowski author Beverley Naidoo and academic Marianne Martens offer a variety of perspectives on international youth literature This latest installment in the series covers books published from 2010-2014

and includes English language imports as well as translations of children's and young adult literature first published outside of the United States. These books are supplemented by a smaller number of culturally appropriate books from the US to help fill in gaps from underrepresented countries. The organization of the guide is geographic by region and country. All of the more than 800 entries are recommended and many of the books have won awards or achieved other recognition in their home countries. Forty children's book experts wrote the annotations. The entries are indexed by author, translator, illustrator, title, and subject. Back matter also includes international book awards, important organizations, and research collections, and a selected directory of publishers known for publishing books from other countries.

*Children's Literature Aligned with SDGs to Promote Global Competencies* Angela K. Salmon, Aixa Pérez-Prado, Karin Morrison, Flavia Iuspa, 2024-05-23. This book presents children's literature as a platform for learning and helping young readers develop the knowledge, skills, and attitudes needed to thrive in an interconnected and diverse global society. It draws from various theoretical frameworks and research findings to implement critical literacy and culturally responsive teaching in the meaning-making process. The book focuses on global competencies and Sustainable Development Goals (SDGs) as intertwined concepts that work together to foster a more sustainable, inclusive, and equitable world. Developing global competencies empowers children and communities to actively participate in achieving the SDGs and addressing the pressing challenges of our time. The authors set high expectations on children as actors in transforming society. To facilitate this, the book offers an overview of child development theories as a foundation for designing developmentally appropriate practices to extend children's books toward deep thinking and understanding. The book includes sample lessons that use cutting-edge research-based pedagogies and tools such as visible thinking routines and other approaches. Those lessons also help readers identify the Habits of Mind (HOM) children can develop by listening to and discussing stories. The HOM are attributes of good problem finders and problem solvers needed when confronting complex issues. The book provides resources and sample lessons that implement different thinking strategies to engage children in questioning and analyzing what they read, making them more critical. This is how children deeply understand the world and their role in creating positive change. The book aims to cultivate change makers and global citizens through stories. It offers innovative approaches, including online learning options in accessible and engaging ways to help children think globally and act locally. Through the power of children's literature, this book serves a larger agenda: To build a more thoughtful world for future generations. By caring for and learning from one another through suggested activities in this book, they will share the riches and resources from across the world. As children learn about the promise of actions toward the UN Sustainable Goals, they can imagine living in an interdependent learning community where all people continually searching for ways to trust each other, learn together, and grow toward greater intelligence.

Arthur Costa and Bena Kallick, Co-Founders and Directors of The Institute for Habits of Mind. **The First Amerasians** Yuri W. Doolan, 2024. During the 1950s, thousands of mixed-race children were born to US servicemen and local Korean women in US-occupied

South Korea Assumed to be the progeny of camptown women or military prostitutes their presence created a major problem for the image of US democracy in the world at a time when the nation was vying for Cold War allegiances abroad As mixed race children became a discernible population around US military encampments in South Korea communists seized upon the image of those left behind by their GI fathers as evidence of US imperialism irresponsibility and immorality in the Third World Aware of this and keen to redeem the image of America s intervention in Asia US citizens spearheading the postwar recovery of recently war torn South Korea embarked upon a campaign in US Congress to bring as many of these children home By the early 1960s American philanthropists missionaries and voluntary agencies had succeeded in constructing the figure of the abandoned and mistreated Amerasian orphan to lobby US Congress for the quick passage of intercountry adoption laws They also gained the sympathies of American families eager to welcome these racially different children into the intimate confines of their homes Although the adoptions of Korean Amerasian children helped to promote an image of humanitarian rescue and Cold War racial liberalism in 1950s and 1960s America there was one other problem many of these children were not actually orphans but had been living with their Korean mothers in the camptown communities surrounding US military bases prior to adoption Their placements into American families relied upon dehumanizing constructions of these women as hardened prostitutes who did not even love their own children South Korea as a backwards racist society bent up on Confucian tradition and pure bloodlines and the United States as a welcoming home in an era of intense racial segregation The First Amerasians tells the powerful oftentimes heartbreaking story of how Americans created and used the concept of the Amerasian to remove thousands of mixed race children from their Korean mothers to adoptive US homes during the 1950s and 1960s In doing so Yuri W Doolan reveals how the Amerasian is not simply a mixed race person fathered by a US serviceman in Asia nor a racial term used to describe individuals with one American and one Asian parent like its popular definition suggests Rather the Amerasian is a Cold War construct whose rescue has been utilized to repudiate accusations of US imperialism and achieve sentimental victories in the aftermath of wars not quite won by the military From such constructions Americans lobbied Congress twice first in the 1950s to establish international adoption laws that would lead to the placement of hundreds of thousands of Korean children in the United States then later in the 1980s when the plight of mixed race Koreans would be invoked again to argue for Amerasian immigration laws culminating in the migrations of tens of thousands of mixed race Vietnamese and their relatives Beyond Cold War historiography this book also shows how in using the figure of the mistreated and abandoned Amerasian in need of rescue Americans caused harm to actual people mixed race Koreans and their mothers specifically as children were placed into adoptive homes during an era where few regulations or safeguards existed to protect them from abuse negligence or racial hostilities in the US and many Korean mothers were coerced both physically and monetarily to relinquish their children to American authorities

Providing comprehensive coverage of a variety of Asian American cultural forms including folk tradition literature religion education politics sports and popular culture this two volume work is an ideal resource for students and general readers that reveals the historical regional and ethnic diversity within specific traditions An invaluable reference for school and public libraries as well as academic libraries at colleges and universities this two volume encyclopedia provides comprehensive coverage of a variety of Asian American cultural forms that enables readers to understand the history complexity and contemporary practices in Asian American culture The contributed entries address the diversity of a group comprising people with geographically discrete origins in the Far East Southeast Asia and the Indian subcontinent identifying the rich variations across the category of Asian American culture that are key to understanding specific cultural expressions while also pointing out some commonalities Entries are organized alphabetically and cover topics in the arts education and politics family and community gender and sexuality history and immigration holidays festivals and folk tradition literature and culture media sports and popular culture and religion belief and spirituality Entries also broadly cover Asian American origins and history regional practices and traditions contemporary culture and art and other forms of shared expression Accompanying sidebars throughout serve to highlight key individuals major events and significant artifacts and allow readers to better appreciate the Asian American experience      *Suffer the Little Children* Anita Casavantes Bradford,2022-03-28 In this affecting and innovative global history starting with the European children who fled the perils of World War II and ending with the Central American children who arrive every day at the U S southern border Anita Casavantes Bradford traces the evolution of American policy toward unaccompanied children At first a series of ad hoc Cold War era initiatives such policy grew into a more broadly conceived set of programs that claim universal humanitarian goals But the cold reality is that decisions about which endangered minors are allowed entry to the United States have always been and continue to be driven primarily by a geopolitics of compassion that imagines these children essentially as tools of political statecraft Even after the creation of the Unaccompanied Refugee Minors program in 1980 the federal government has failed to see migrant children as individual rights bearing subjects The claims of these children especially those who are poor nonwhite and non Christian continue to be evaluated not in terms of their unique circumstances but rather in terms of broader implications for migratory flows from their homelands This book urgently demonstrates that U S policy must evolve in order to ameliorate the desperate needs of unaccompanied children      **The Vietnam War** Chris McNab,Andrew Wiest,2012-07-18 The Vietnam War is an account of the 6 000 day conflict in Southeast Asia The lucid authoritative text includes eye witness accounts of the battles and incidents of America s undeclared war and provides a graphic and compelling account of one of the most brutal conflicts of modern history      **New Statesman** ,1984      *From Intercountry Adoption to Global Surrogacy* Karen Smith Rotabi,Nicole F. Bromfield,2016-12-12 Intercountry adoption has undergone a radical decline since 2004 when it reached a peak of

approximately 45 000 children adopted globally Its practice had been linked to conflict poverty gender inequality and claims of human trafficking ultimately leading to the establishment of the Hague Convention on Intercountry Adoption HCIA This international private law along with the Convention on the Rights of the Child affirm the best interests of the child as paramount in making decisions on behalf of children and families with obligations specifically oriented to safeguards in adoption practices In 2004 as intercountry adoption peaked and then began a dramatic decline commercial global surrogacy contracts began to take off in India Global surrogacy gained in popularity owing in part to improved assisted reproductive technology methods the ease with which people can make global surrogacy arrangements and same sex couples seeking the option to have their own genetically related children Yet regulation remains an issue so much so that the Hague Conference on Private International Law has undertaken research and assessed the many dilemmas as an expert group considers drafting a new law with some similarities to the HCIA and a strong emphasis on parentage This ground breaking book presents a detailed history and applies policy and human rights issues with an emphasis on the best interests of the child within intercountry adoption and the new conceptions of protection necessary in global surrogacy To meet this end voices of surrogate mothers in the US and India ground discourse as authors consider the human rights concerns and policy implications For both intercountry adoption and global surrogacy the complexity of the social context anchors the discourse inclusive of the intersections of poverty and privilege This examination of the inevitable problems is presented at a time in which the pathways to global surrogacy appear to be shifting as the Supreme Court of India weighs in on the future of the industry there while Thailand Cambodia and other countries have banned the practice all together There is speculation that countries in Africa and possibly Central America appear poised to pick up the multi million dollar industry as the demand for healthy infants continues on

*Childhood Traumas* Kamayani Kumar, Angelie Multani, 2019-09-11 This volume contributes to understanding childhoods in the twentieth and twenty first century by offering an in depth overview of children and their engagement with the violent world around them The chapters deal with different historical spatial and cultural contexts yet converge on the question of how children relate to physiological and psychological violence The twentieth century has been hailed as the century of the child but it has also witnessed an unprecedented escalation of cultural trauma experienced by children during the two World Wars Holocaust Partition of the Indian subcontinent and Vietnam War The essays in this volume focus on victimized childhood during instances of war ethnic violence migration under compulsion rape and provide insights into how a child negotiates with abstract notions of nation ethnicity belonging identity and religion They use an array of literary and cinematic representations fiction paintings films and popular culture to explore the long term effect of violence and neglect on children As such they lend voice to children whose experiences of abuse have been multifaceted ranging from genocide conflict and xenophobia to sexual abuse and also consider ways of healing With contributions from across the world this comprehensive book will be useful to scholars and researchers of cultural studies literature education

*Entangling Alliances* Susan Zeiger, 2010-03-22 Throughout the twentieth century American male soldiers returned home from wars with foreign born wives in tow often from allied but at times from enemy nations resulting in a new official category of immigrant the allied war bride These brides began to appear en masse after World War I peaked after World War II and persisted through the Korean and Vietnam Wars GIs also met and married former enemy women under conditions of postwar occupation although at times the US government banned such unions In this comprehensive complex history of war brides in 20th century American history Susan Zeiger uses relationships between American male soldiers and foreign women as a lens to view larger issues of sexuality race and gender in United States foreign relations *Entangling Alliances* draws on a rich array of sources to trace how war and postwar anxieties about power and national identity have long been projected onto war brides and how these anxieties translate into public policies particularly immigration

**Time** ,1975-04 **Operation Babylift** Ian W. Shaw, 2019-05-28 In late March 1975 as the Vietnam War raged an Australian voluntary aid worker named Rosemary Taylor approached the Australian Embassy seeking assistance to fly 600 orphans out of Saigon to safety Rosemary and Margaret Moses two former nuns from Adelaide had spent eight years in Vietnam during the war building up a complex of nurseries to house war orphans and street waifs as the organisation that built up around them facilitated international adoptions for the children As the North Vietnamese forces closed in on their nurseries they needed a plan to evacuate the children or all their work might count for little Based on extensive archival and historical research and interviews of some of those directly involved in the events described *Operation Babylift* details the last month of the Vietnam War from the perspective of the most vulnerable victims of that war the orphans it created Through the story of the attempt to save 600 children we see how a small group of determined women refused to play political games as they tried to remake the lives of a forgotten generation one child at a time

**From the Skies** Karyn Markwell, 2025-08-26 *From the Skies* explores the role of Australian air power in humanitarian aid and disaster relief HADR since the Second World War how Australia uses aircraft to aid those in need following disasters both overseas and within its own borders This book demonstrates that all three Australian Defence Force ADF services the Royal Australian Navy the Australian Army and the Royal Australian Air Force provide Australia's military aviation HADR capability while Australia's flagship airline Qantas has historically been the predominant HADR provider among Australia's commercial airlines *From the Skies* features firsthand stories by members of the ADF accounts by Australian men and women who help to save lives search for survivors repatriate the bodies of their fellow Australians and prevent disasters from becoming even greater All stories are told in their own words with professional insight great sensitivity and an awareness that they were privileged to help others on behalf of Australia and the ADF This book further explores why Australia is likely to continue to engage in HADR in the future and why air power will be a key enabler of Australia's future HADR efforts As part of this it addresses new and

emerging aviation technologies including advanced intelligence surveillance and reconnaissance capabilities ABOUT THE SERIES The Australian Air Campaign Series AACS produced by Air Force s History and Heritage Branch consists of well researched books on RAAF history that are not only underpinned by rigorous scholarship and solid evidence but also are readable well illustrated educational and enduring The intent of the AACS is to promote an understanding of Air Force history by examining the Air Force s development performance heritage and contribution to the Nation in war and peace By using examples of air operations and exploring the use of the Air Force these publications contribute to the professional military education of Air Force members and the education of those with an interest in Air Force history The AACS is comprised of four sub series of titles as shown below Through the Collection of works in each of these sub series the reader gains an appreciation of the depth and breadth of the facets that have formed the history and heritage of the RAAF over the past 100 years
