The End Times and Beyond L. Doug Harberson,2022-11-03 I was asked recently why I decided to write this book when there are numerous famous authors on the subject The question took me by surprise but as I pondered my reasons my response was two fold I wanted to write a book that the general public lay persons could read with a high degree of comprehension using word structure that is common in everyday language I wanted the book to lend itself to being used as

the material for a detailed Bible study on the end times I am currently working on a journal to complement the book As the reader works through the chapters of this book he she will discover how Daniel s prophecies predict the seven years of Tribulation These prophecies serve as the backbone of this book why Christ chose the seven churches in chapters 2 and 3 details about the rapture when it will occur who is involved Don t be left behind details of the Judgment Seat of Christ details of the Four Horsemen of the Apocalypse description of the Seven Seals Seven Trumpets and Seven Bowls when they occur their devastation and purpose the Antichrist discussed in detail details about the great revival during the first months of Tribulation who the two witnesses are and their purpose during the first half of Tribulation details regarding the Marriage Supper of the Lamb fascinating details of the Glorious Appearing and Armageddon surprising revelations about Satan details of the Judgment of the Sheep and Goats and the Great White Throne Judgment fascinating details about the Millennial Reign of Christ how many Books of Life exist Are there more than one a full discussion of the New Heaven and New Earth the author s time line of events that happened during the seven year Tribulation Period and beyond

Beyond the Quantum Antony Valentini, 2025-09-16 Based on decades of research this book offers a panoramic rethink of quantum physics with potentially revolutionary implications for cosmology quantum gravity and quantum technology Properly understood pilot wave theory provides a deeper foundation for quantum mechanics while also going beyond it First proposed in the 1920s by French

aristocrat and physicist Louis de Broglie and revived in the 1950s by American physicist David Bohm the theory posits hidden particle motions we cannot currently see or control The theory is usually regarded as merely an alternative account of the same physics we already know In fact pilot wave theory implies a wealth of new and radical physics beyond the reach of quantum mechanics Pilot wave theory tells us that quantum physics is a special case of something broader and deeper In more general nonequilibrium conditions Einstein s relativity and Heisenberg s uncertainty break down Superluminal signalling becomes possible and quantum particles can be clearly seen and controlled This new physics could have left traces in the early universe and it might be visible today in radiation from exploding primordial black holes Harnessing this new physics would have transformative technological implications in particular for communication cryptography and computing Drawing intriguing parallels between the present era of quantum physics and past episodes of scientific confusion this book tells the story of how pilot wave theory was discovered and abandoned revived and reconstructed and how today it can pave the way to a new and radical physics beyond the quantum

The Otherworld and Beyond J.R. Freeman,2018-05-15 The world has been taught a systematic self perpetuating form of thinking People have become slaves to their minds which control how they act and think within society This mind control is more a result of tyranny than self righteousness Sadly the educational system has forced this deceit upon everyone since birth Societys main goal is controlling thoughts by dividing and conquering the mind driving people more toward hate than love This tyranny has been the separation of our identity Love is within all DNA but this systematic thinking has been destroying love in our consciousness You can ask one simple question using the systematic self perpetuating form of thinking and the entire world will know the answer No matter the language barrier people are socially confined to their minds We are all taught to socially accept certain people and not others We tend to debate whether or not it is worthwhile to help someone but we act quickly without thinking to help defenseless animals It is possible to illuminate the idea within the program and destroy the evil lying within the recesses of the mind It is a dark paradox of bitterness jealousy envy lust hatred and loathing You likely have heard this before many times but never thought it was inside of you It is there and it has been

there forever controlling you It must be destroyed by our true identity This book provokes the innermost truth in all people as one collective thought Our current one sided thought will never evolve into a higher consciousness It is the destroyer rather than the maker of thoughts It opposes the law of righteousness within the abstract of color This opposition of color has risen within the walls of its own kind since 1681 It is the idea within the separation of the colors black and white It still exists whether anyone believes it or not It thrives among conversations gestures and facial expressions It is here **The Legacy of Absence** Pasquale De Marco,2025-08-13 In the face of mortality we are all seekers of meaning searching for answers to life s greatest mysteries This book is a profound exploration of death grief and the enduring power of love Through a tapestry of personal narratives philosophical reflections and expert insights we embark on a journey to confront the inevitable and discover the transformative potential of loss As we navigate the labyrinth of emotions that accompany the loss of a loved one we uncover the resilience of the human spirit We learn to embrace the waves of sorrow anger and despair and emerge from the depths of grief with a renewed sense of purpose and appreciation for life Along the way we delve into the cultural and societal rituals surrounding death and dying gaining insights into the ways in which different societies and individuals cope with the finality of existence The journey of confronting death also leads us to contemplate the nature of life itself We ponder the existential questions that have plagued humanity for centuries What is the meaning of life What happens after we die Is there a purpose beyond our earthly existence Through a blend of scientific inquiry spiritual exploration and personal anecdotes we explore the mysteries of consciousness the nature of reality and the possibility of an afterlife Furthermore we examine the impact of death on our relationships with others We explore the dynamics of grief within families the complexities of love and loss in romantic partnerships and the unique challenges faced by those who have lost a child Through these intimate stories we gain a deeper understanding of the human capacity for love resilience and the enduring power of connection Ultimately this book is an invitation to embrace death as an integral part of life It is a call to live more fully to cherish the moments we have with those we love and to find meaning and purpose in the face of the inevitable By confronting our mortality we discover the true essence of life and the beauty of the human experience This book is a must read for anyone who has experienced loss anyone who is contemplating the meaning of life and anyone who seeks solace and understanding in the face of mortality It is a powerful and transformative work that will change the way you think about death and life If you like this book write a review **Beyond Time & Space** Chuck Missler,2023-01-19 Are there more than four dimensions to physical reality Is it possible to traverse time as well as space Is there a reality beyond our traditional concepts of time and space The startling discovery of modern science is that our physical universe is actually finite Scientists now acknowledge that the universe had a beginning They call the singularity from which it all began the Big Bang While the detail among the many variants of these theories remain quite controversial the fact that there was a definite beginning has gained widespread agreement This is of course what the Bible has maintained throughout its 66 books **Born to Never**

Die Andrew Oghena PhD,2024-06-10 The objective of this book is to provide details based on the Bible truth of how born to never die is a reality This is why Jesus came into the world to redeem human being those that believe in Him for eternal life As Jesus told Pilate during His passion recorded in John 18 37 For this I was born and for this I came into the world so that I may offer testimony to the truth Everyone who is of the truth hears my voice The truth of once born never die must be seen with a mind of faith just like how the Blessed Virgin Mary pondered the message she heard and saw the truth that her only son Jesus Christ would save humanity from their sins so that those saved would have everlasting life You see God created humans so that we could live eternally and share His love forever Eternal life with God is a free gift from God to all humans and each human must decide to either accept or reject the free gift Accepting the free gift of eternal life from God is to believe in Jesus Christ obey His commands and follow Him This book contains details of what to do in order to never die such as repent from sins sin no more follow the way of God etc so that you can die with Christ at the end of your present life and rise with Him to next life because Christ rose from the dead and He lives forever Everyone is born to live forever so don t miss the opportunity

The Universal Mysteries Ahmed Hulusi,2001

Illuminati Bible of Divine Light: Part two Sorin Cerin,2021-07-10 With the appearance of my first philosophical studies but also of aphorisms I initially published the book entitled Bible of the Light and then a more complete form of the book Bible of the Light was the book entitled The Illuminati Bible so that in present to publish the full form of the Bible which I felt that it will be perfected with the help of God and which I decided to call the Illuminati Bible of Divine Light Some will wonder why I chose this name of The Illuminati Bible starting with that book published in 2014 the content of which is also in this book called the Illuminati Bible of Divine Light which in turn contains many other parts Simple Firstly because I wanted to help in Good the Karma of this World because

Illuminati and Enlightenment are spoken of in negative terms and secondly because Illuminati comes from Enlightenment and true Enlightenment cannot bring the Evil nor can it be the Evil vile True Enlightenment must be based only on Good and never on bringing the Evil as the supreme Wickedness Therefore in order to improve the Karma of Mankind I show that Enlightenment does not consist in Wickedness but in combating Wickedness The enlightened ones cannot be a hidden group of people who lead humanity out of the shadows committing all sorts of evils and abuses to maintain power These people are by no means Enlightened but Dark If there really are some in such a situation then they use the term Illuminati or Enlightened falsely How just as Dark are those who dirtyly attack on the true Illuminati or Enlightened only out of obscure interests of a religious nature for fear that the Enlightened ones might open the souls of the People and show them the Way to the Truth from which some high prelates that are at the head of certain churches flee who are afraid that if the Truth would be found they will lose both their financial and their decision making power I believe that the future will belong to those truly Enlightened the true Illuminati A thing is to use Evil to bring through it Good and another is to use Evil to bring through it the Wickedness The true Enlightened and not Dark are those who understand that the Evil can only be used for Good when he can do it and the Good only for the Evil less Evil when the Good itself can lead to destruction disaster or pain The real Bad People the Dark Ones are the ones who use both Good and Evil to do as much as possible Evil and not Good Mankind must understand that the Evil and Good the God and the Devil are an Entity with two distinct characteristics an Entity that defines our True God that is our Creator Factor and Unique Incidentally Therefore in order to improve the Karma of this World we will have to pray to the Universal Consciousness formed by the Universal Pure Language That is to pray to the Divine Light of all the Worlds the Supreme God of Intelligence which to inspire our thoughts so that to use in moderation both Good and Evil for the ultimate purpose of doing and bringing through us as much as possible Good Why didn't I let in continuation the name of the Illuminati Bible and to this new much deeper work of the Bible and call it the Illuminati Bible of Divine Light Because compared to the other book called the Illuminati Bible the Illuminati Bible of Divine Light contains in addition to the content of that book many other new chapters that appeared with the new Wisdom Collections or with the final form of the Coaxialism Sorin Cerin
