Late Capitalism Verso Classics:

Late Capitalism Ernest Mandel, 2024-07-30 Late Capitalism is the first major synthesis to have been produced by the contemporary revival of Marxist economics. It represents in fact the only systematic attempt so far ever made to combine the general theory of the laws of motion of the capitalist mode of production developed by Marx with the concrete history of capitalism in the twentieth century. A landmark in Marxist economic literature, Late Capitalism is specifically designed to explain the international recession of the 1970s and is an invaluable guide to understanding the nature of the world economy today. This edition includes a new introduction by Cédric Durand assessing the book's continued relevance. **Multi-Polar**

Capitalism Robert Guttman, 2021-12-04 History teaches us important lessons provided we can discern its patterns. Multi-Polar Capitalism applies this insight to the crucial yet often underappreciated issue of international monetary relations. When international monetary systems get first put into place successfully such as the classic gold standard in 1879, Bretton Woods in 1945 or the dollar standard in 1982, they structure relations between the system's centre and the rest of the world so that others can catch up to the leader. But this growth-promoting constellation, a vector for accelerating globalization, runs its course eventually amidst mounting overproduction conditions in key sectors and spreading financial instability. Such periods of global crisis, from the Great Depression of the 1930s to stagflation in the 1970s and creeping deflation during much of the 2010s, force restructuring and policy reforms until conditions are ripe for a renewed phase of sustained expansion. We are facing such a turning point now. As we are moving from a US-dominated world economy towards a multi-polar configuration, we will also see the longstanding dollar standard give way to a multi-currency system. Three currency blocs rooted in the dollar, euro and yuan will be dominated respectively by the United States, the European Union and China, each a power centre representing a distinct variant of capitalism. Their complex mix of competition and cooperation necessitates new rules of the game promoting the shared pursuit of global public goods, in particular the impending zero-carbon transition, lest we allow fragmentation and conflict to shape this next chapter of our history. Multi-Polar Capitalism adds to a century of research and debate on long waves, those roughly half-century cycles first identified by the great Soviet economist Nikolai Kondratiev in the early 1920s, by highlighting the role of the international monetary system in this distinct boom and bust pattern. **The**

Legacy of Ernest Mandel Gilbert Achcar, 1999 Ernest Mandel (1923-1995) was a member of what is now a very rare breed: he was a theorist of an activist Marxism, leader of the international Trotskyist movement, lifelong revolutionary and scholar of world renown. Mandel was one of those few individuals who combined the untiring activism of a political leader with intellectual work that commands the respect of the academy. **Classics in Media Theory** Stina Bengtsson, Staffan

Ericson, Fredrik Stiernstedt, 2024-06-21 This comprehensive collection introduces and contextualizes media studies' most influential texts and thinkers from early 20th-century mass communication to the first stages of digital culture in the 21st century. The volume brings together influential theories about media mediation and communication as well as the

relationships between media culture and society Each chapter presents a close reading of a classic text written by a contemporary media studies scholar Each contributor presents a summary of this text relates it to the traditions of ideas in media studies and highlights its contemporary relevance The text explores the core theoretical traditions of media studies in particular cultural studies mass communication research medium theory and critical theory helping students gain a better understanding of how media studies has developed under shifting historical conditions and giving them the tools to analyse their contemporary situation This is essential reading for students of media and communication and adjacent fields such as journalism studies sociology and cultural studies

Rosewood Annah Lake Zhu, 2022-06-07 China's nouveau riche are purchasing billions of dollars of furniture built from endangered African rosewood Responding to Western powers attempts to stop the trade Annah Zhu uncovers Chinese initiatives to plant rosewood responsibly and shows how these efforts offer a new path forward for environmentalism in a world no longer ruled by the West

Corporations and Cultural Industries Scott W. Fitzgerald, 2012-01-01 Corporations and Cultural Industries Time Warner Bertelsmann and News Corporation by Scott Warren Fitzgerald fills an important neglected area in communication and media studies through its sustained theoretically grounded and empirically rich analysis of three of the most important global media conglomerates of our time Time Warner Bertelsmann and News Corp The book examines how financialization processes regeared the internal operations of media corporations in a manner that pits one sector against another

Dialectical Imaginaries Marcial Gonzalez, Carlos Gallego, 2018-11-01 Dialectical Imaginaries brings together essays that analyze the effects of class conflict and capitalist ideology on contemporary works of U S Latino literature The editors argue that recent global events have compelled contemporary scholars to reexamine traditional interpretive models that center on identity politics and an ethics of multiculturalism The volume seeks to demonstrate that materialist methodologies have a greater critical reach than other methods and that Latino literary criticism should be more attuned to interpretive approaches that draw on Marxism and other globalizing social theories The contributors analyze a wide range of literary works in fiction poetry drama and memoir by writers including Rudolfo Anaya Gloria Anzaldúa Daniel Borzutzky Angie Cruz Sergio de la Pava Mónica de la Torre Sergio Elizondo Juan Felipe Herrera Rolando Hinojosa Quiara Alegria Hudes Lin Manuel Miranda scar Martinez Cherré Moraga Urayoán Noel Emma Pérez Pedro Pietri Miguel Piñero Ernesto Quiñez Ronald Ruiz Hector Tobar Rodrigo Toscano Alfredo Valdez Helena María Viramontes and others

The Contemporaneity of Modernism Michael D'Arcy, Mathias Nilges, 2015-10-23 At a juncture in which art and culture are saturated with the forces of commodification this book argues that problems forms and positions that defined modernism are crucially relevant to the condition of contemporary art and culture The volume is attuned to the central concerns of recent scholarship on modernism and contemporary culture the problems of aesthetic autonomy and the specific role of art in preserving a critical standpoint for cultural production the relationship between politics and the category of the aesthetic the problems of temporality and contemporaneity literary transnationalism and the

questions of medium and medium specificity Ranging across art forms mediums disciplines and geographical locations essays address the foundational questions that fuse modernism and the contemporary moment What is art What is the relation between art and the economy How do art and technology interpenetrate and transform each other What is modernism s logic of time and contemporaneity and how might it speak to the problem of thinking genuine novelty or the possibility of an alternative to the current stage of neo liberal capitalism What is modernism and what is its history The book is thus committed to revising our understanding of what modernism was in its earlier instantiations and in accounting for the current moment addressing the problems raised by modernism s afterlives and reverberations in the 20th and 21st centuries The volume includes essays that consider literature sociology philosophy visual art music architecture digital culture television and other artistic media It synthesizes the most recent thinking on modernism and contemporary culture and presents a compelling case for what happens to literature art and culture in the wake of the exhaustion of postmodernism This book will be of interest to those studying literature visual art media studies architecture literary theory modernism and twentieth century and contemporary culture more generally

Marxism, Cultural Studies and Sport Ben Carrington,Ian McDonald,2008-12-05 Marxism Cultural Studies and Sport assesses the contemporary relevance of Marxist approaches and offers a unique and diverse examination of modern sports culture and power relations within sport It is an invaluable resource for students of sport sociology Marxism and cultural studies at all levels

Whiteness at the End of the World David Venditto,2022-07-01 The use of Christian apocalyptic myths has changed significantly over the centuries Initially used by genuinely disenfranchised groups they are used today as a response to more egalitarian treatment of minorities in American society The apocalyptic framework allows the patriarchy to frame itself as the victim who must restore America to a past where white male power went uncontested This kind of white anxiety over increasing minority rights frequently manifests itself in contemporary apocalyptic media which often depicts a white male hero facing a wide array of threatening Others Taking a unique look at the parallels between apocalypticism and American frontier mythology as well as conspiracy theories and the post apocalyptic obsession with repurposed objects Whiteness at the End of the World analyzes many well known films from the past fifty years from Planet of the Apes to I Am Mother It offers unique clearly presented insights into recurring patterns that appear in an extraordinarily ubiquitous genre that has only increased in popularity and whose themes of racial anxiety are increasingly pertinent in our increasingly contentious political climate

Making Sport Great Again David L. Andrews,2019-04-05 Blending critical theory conjunctural cultural studies and assemblage theory Making Sport Great Again introduces and develops the concept of uber sport the sporting expression of late capitalism s conjoined corporatizing commercializing spectacularizing and celebritizing forces On different scales and in varying spaces the uber sport assemblage is revealed both to surreptitiously reinscribe the neoliberal preoccupation with consumption and to nurture the individualized consumer subject Andrews further probes how uber sport normalizes the ideological orientations and

associate affective investments of the Trump assemblage's authoritarian populism. Even as it articulates the regressive politicization of sport, Making Sport Great Again serves also as a call to action: how might progressives rearticulate uber sport in emancipatory and actualizing political formations?

The Cultural Politics of Post-9/11 American Sport Michael Silk, 2013-06-17 Much of the writing on the post 9/11 period in the United States has focused on the role of official Government rhetoric about 9/11. Those who have focused on the news media have suggested that they played a key role in redefining the nation, allowing the citizenry to come to terms with 9/11 in providing official understandings and interpretations of the event and setting the terms for a geopolitical military response: the war on terror. However, strikingly absent from post 9/11 writing has been discussion on the role of sport in this moment. This text provides the first book-length account of the ways in which the sport media, in conjunction with a number of interested parties (sporting state, corporate, philanthropic, and military), operated with a seeming collective affinity to conjure up a nation to define nation and its citizenry and to demonize others. Through analysis of a variety of cultural products (film, children's baseball, the Super Bowl, the Olympics, reality television), the book reveals how in the post 9/11 moment the sporting popular operated as a powerful and highly visible pedagogic weapon in the armory of the Bush Administration, operating to define ways of being American and thus occlude other ways of being.

Routledge Handbook of Sport and Politics Alan Bairner, John Kelly, Jung Woo Lee, 2016-10-04 Sport is frequently considered to be an aspect of popular culture that is or should be untainted by the political. However, there is a broad consensus among academics that sport is often at the heart of the political and the political is often central to sport. From the 1936 Olympic Games in Nazi Germany to the civil unrest that preceded the 2014 World Cup in Brazil, sport and politics have remained symbiotic bedfellows. The Routledge Handbook of Sport and Politics goes further than any other book in surveying the complex embedded relationships between sport and politics. With sections addressing ideologies, nation and statehood, corporate politics, political activism, social justice, and the politics of sports events, it introduces the conceptual foundations that underpin our understanding of the sport-politics nexus and examines emergent issues in this field of study. Including in-depth case studies from North America, South America, Europe, the Middle East, Africa, and Asia, this is an essential reference for anybody with an interest in the social scientific study of sport.

Critical theory and dystopia Patricia McManus, 2022-06-21 Critical theory and dystopia offers a uniquely rich study of dystopian fiction, drawing on the insights of critical theory. Asking what ideological work these dark imaginings perform, the book reconstructs the historical emergence, consolidation, and transformation of the genre across the twentieth century and into our own, ranging from Yevgeny Zamiatin's *We* (1924) and Aldous Huxley's *Brave New World* (1932) to Anthony Burgess's *A Clockwork Orange* (1963) and Suzanne Collins's *Hunger Games* series (2000s and 2010s). In doing so, it reveals the political logics opened up or neutered by the successive moments of this dystopian history.

Alterity and Capitalism in Speculative Fiction Tomás Vergara, 2023-10-04 Speculative fiction has been traditionally studied in Marxist literary criticism following Darko Suvin's

paradigmatic model of science fiction according to a hierarchical division of its multiple subgenres in terms of their assumed inherent political value By drawing on an alternative genealogy of Marxist criticism this book presents a non hierarchical understanding of the estrangement connecting all varieties of speculative fiction outlining the political potential shared across the spectrum of speculative fiction along with the specific narrative strategies by which it critically engages with its historical context of production This study s main point of contention is that speculative fiction performs an estrangement effect on historical reality that can potentially render visible the role of fantasies in the organisation of capitalist social practice This narrative effect enables an estranged perspective by which the novel interprets and conceptualises historical reality in a totalising manner

Gertrude Stein Francesca Wade,2025-10-07 Drawing on never before seen interviews a richly researched sweeping examination of one of the most influential and mythologized literary figures of the 20th century and her partner s emergence from the shadows after her death in the decades long fight to ensure her legacy Gertrude Stein s salon at 27 rue de Fleurus in the 6th arrondissement of Paris is the stuff of literary legend Many have tried to capture the spirit and glamour of the place that once entertained and fostered the likes of Ernest Hemingway F Scott and Zelda Fitzgerald Pablo Picasso and Henri Matisse but perhaps none as determinedly and self consciously as Stein herself In this new biography of the polarizing trailblazing author collector salonni re and tastemaker Francesca Wade rescues Stein from the tangle of contradictions that has characterized her legacy expertly presenting us with this towering literary figure as we ve never seen her before A genius to her admirers a charlatan to her detractors Stein achieved international celebrity in 1933 with her bestselling memoir *The Autobiography of Alice B Toklas* written in the voice of her devoted partner a triumph which ironically only drew attention away from the avant garde poetry she called her real writing After Stein s death in 1946 Alice B Toklas made it her mission to shepherd all of Stein s unpublished writing into print all the while negotiating her own fraught role in the complex mythology they had built together The biographers who flocked to Stein s newly opened archive found a surprising trove of secrets which would change Stein s image forever a forgotten novel a cache of love letters and a series of notebooks which shed entirely new light on her early years in Paris Pushing beyond the conventions of literary biography Gertrude Stein *An Afterlife* is a bold innovative examination of the nature of legacy and memory itself in which Wade uncovers the origins of Stein s radical writing and reveals new depths to the storied relationship that made it possible A captivating brilliant work of biography Gertrude Stein *An Afterlife* is a groundbreaking examination of a true literary giant

Invisible Seasides Tony Blackshaw,2025-08-01 *Invisible Seasides* positions the seaside as a lens for understanding lived utopia pinned in a certain place an immovable feature in a landscape where our hopes and fears continue to unfold Wide ranging in theme it brings a double perspective past and present to bear on how we understand contemporary seaside experience Presenting a magical paradox of the modern seaside this book traces the development of a cultural phenomenon from the mid 1800s to the present day In the process it modifies the accepted narrative about its rise and fall reappraising

our understanding of the end of a Mass Utopia and shining new light on the diversity of post utopias that have emerged in its afterlife Fusing social theory social history and leisure studies its thesis adroitly envisions the diverse density of the seaside through a critical lens making the unfamiliar familiar and vice versa providing us with an exemplar for a different way of thinking sociologically which will be used by scholars from a range of different subject fields to encourage fresh reflection on social continuity and change

Theory Across Disciplines Jeffrey R. Di Leo, 2025-08-07 Surveying the extraordinary scope of contemporary theory Jeffrey R Di Leo brings together contributors from around the world to speak to the ways in which theoretical concerns from a variety of disciplines operate within their respective fields of concern Contemporary theory is a multi and inter disciplinary endeavour that operates within and among the humanities the social sciences and many of the professions In addition to its now somewhat more standard fare work in these areas it has also made substantial inroads into the natural sciences and the formal sciences To be sure more disciplines from across the academy have integrated theory into their practice than at any other time in history Di Leo and his fellow contributors survey the workings of contemporary theory within and among the humanities sciences and professions including contributions on literary studies film studies gender studies visual art law biology and geology They bring together distinguished theorists whose work spans the academy to speak to the ways in which theoretical concerns from a variety of disciplines work within their respective fields of concern

This Thing Called Theory Teresa Stoppani, Giorgio Ponzio, George Themistokleous, 2016-11-10 22 White wide and scattered picturing her housing career 23 Toward a theory of Interior 24 Repositioning Theory now Don't excavate change reality Part VII Forms of engagement 25 Unpolitical 26 Prince complex narcissism and reproduction of the architectural mirror 27 Less than enough a critique of Aureli's project 28 Repositioning Having ideas 29 Post scriptum But that is not enough Index

The 'Postmodern Turn' in the Social Sciences Simon Susen, 2015-07-23 Simon Susen examines the impact of the postmodern turn on the contemporary social sciences On the basis of an innovative five dimensional approach this study provides a systematic comprehensive and critical account of the legacy of the postmodern turn notably in terms of its continuing relevance in the twenty first century
