Latin Literature of the Fourth Century (Routledge Revivals) J. Binns, 2014-06-17 This volume offering an insight into the literary world of Rome in the fourth century AD reflects an increased interest in the writers of the 150 years before the collapse of the Western Empire who have long been overshadowed by the pre eminence accorded since the eighteenth century to the Golden and Silver ages Among the writers examined are Ausonius Claudian Prudentius Paulinus of Nola Symmachus and St Augustine These essays consider how such writers responded to a world where vitality was ebbing from the old forms of political life religion and literature giving way to new institutions modes of life and horizons of reflection

aspect of European religious and intellectual history is postulated as a characteristic of the educated Roman and of Claudian's poetry     *Routledge Revivals: Medieval England (1998)* Paul E. Szarmach, M. Teresa Tavormina, Joel T.

**Century of Miracles** H. A. Drake, 2017-08-01 The fourth century of our common era began and ended with a miracle Traditionally in the year 312 the Roman emperor Constantine experienced a vision of the Cross that led him to convert to Christianity and to defeat his last rival to the imperial throne and in 394 a divine wind carried the emperor Theodosius to victory at the battle of the Frigidus River Other stories heralded the discovery of the True Cross by Constantine's mother Helena and the rise of a new kind of miracle maker in the deserts of Egypt and Syria These miracle stories helped Christians understand the dizzying changes they experienced in the fourth century Far more than the outdated narrative of a life and death struggle between Christians and pagans they help us understand the darker turn Christianity took in subsequent ages In *A Century of Miracles* historian H A Drake explores the role miracle stories played in helping Christians pagans and Jews think about themselves and each other These stories he concludes bolstered Christian belief that their god wanted the empire to be Christian Most importantly they help explain how after a century of trumpeting the power of their god Christians were able to deal with their failure to protect the city of Rome from a barbarian sack by the Gothic army of Alaric in 410 Augustine's magnificent *City of God* eventually established a new theoretical basis for success but in the meantime the popularity of miracle stories reassured the faithful even when the miracles came to an end Thoroughly researched within a wide range of faiths and belief systems *A Century of Miracles* provides an absorbing illumination of this complex polytheistic and decidedly mystical phenomenon     *A History of Europe (Routledge Revivals)* ,1927     **The Bible on Silent Film** David J. because they made the Roman Empire what it was They carried the Roman standards to the Euphrates and the Atlantic they  
lived abroad as traders farmers and soldiers to hold and Romanize the provinces or they stayed at home working as  
carpenters masons or bakers to supply the daily needs of the capital The other side of the subject which has engaged the

modern conditions and between the problems which the Roman faced and those which confront us     **Aratus and the
