**Law Reform in Plural Societies** Teleia Lalotoa Mulitalo Ropinione Silipa Seumanutafa, 2017-11-04 This book asserts that the Pacific Islands continue to struggle with the colonial legacy of plural legal systems comprising laws and legal institutions from both the common law and the customary legal system It also investigates the extent to which customary principles and values are accommodated in legislation Focusing on Samoa the author argues that South Pacific countries continue to adopt a Western approach to law reform without considering legal pluralism which often results in laws which are unsuitable and irrelevant to Samoa In the context of this system of law making effective law reform in Samoa can only be achieved where the law reform process recognises the legitimacy of the two primary legal systems The book goes on to present a law reform process that is more relevant and suitable for law making in the Pacific Islands or any post colonial societies

**Was Earth Created Good?** Arthur John Wulf, 2025-06-24 Was Earth Created Good offers a reappraisal of Earth as presented in Genesis 1 1 2 4a from a Samoan gafataulima accomplish fulfill capable hermeneutical perspective The inspiration for the study arose out of a personal dilemma concerning author Arthur John Wulf's religious beliefs and the reality he is experiencing in the world today specifically the tensions between Earth's perfect portrait in Genesis 1 1 2 4a and the recurring natural disasters he suffers from in his Samoan local context Attention to his ecological situation gave rise to questions that challenge the repeated divine evaluation of Earth as good in Genesis 1 1 2 4a These questions identify the need for context specific hermeneutical frameworks that take into account local ecological situations in the interpretive process In this light Wulf proposes the Samoan cultural concept of gafataulima as an ecological hermeneutic to reevaluate the quality of Earth as presented in the

Genesis 1 1 2 4a creation narrative using the Samoan version of narrative grammatical criticism which he refers to as a tala mamamu reading Discussions throughout seek to carefully balance the exploration of the text's historical significance within the wider framework of Wulf's Christian faith Drawing on a rich array of biblical scholarship this study explores the significance of God's declaration that the created Earth was good in light of the ongoing challenges of natural disasters faced by the people of Samoa I believe Arthur J Wulf's book will be an important piece of scholarship from which biblical scholars will benefit greatly Dr Caroline Blyth The author's meticulous attention to cultural context and ecological relevance makes this work a pioneering contribution to theological scholarship and practical environmentalism Rev Dr Samasoni Moleli In this great work Arthur Wulf shows another example of a biblical interpretation that considers the reader's world now bringing a new dimension into reading the creation story in the Bible It is not the opportunity to impose his meaning on the text but to recognise that meaning making is shaped by the questions and issues he brings from his contemporary situation and takes back to that situation I recommend this excellent book to Bible readers who practise using their life experiences from their worlds as hermeneutics to explore the Bible Rev Prof Vaitusi Nofoaiga **Annual Report** American Samoa.
